

ARCHIE McCRAE, Sutherland High School principal, is new president of the Douglas County Secondary Principals Association, succeeding Don Brown of Riddle High School. The association meets monthly at a Roseburg restaurant where members can exchange ideas and hear outside speakers.

Materials Center Study Scheduled

Recommendations from a state study committee on what Douglas County schools should be doing in providing instructional materials will be unveiled Oct. 24 at a meeting of the Douglas County Intermediate Education Board.

A committee of western Oregon educators on Sept. 18 and 19 made a study of instructional materials now being used by schools in the county. County School Supt. Kenneth Barneburg said the committee will report on its findings at the Oct. 24 meeting and make recommendations to the board on the basis of these findings.

The meeting will start at 8 p.m. in the Joseph Lane Junior High School auditorium. Barneburg said school board members from the various districts, superintendents, elementary and secondary principals and district clerks will be invited to attend the session so they will have opportunity to question the authorities.

The instructional materials study was requested by the Intermediate Education District Board in connection with studies to determine the need for a curriculum materials center.

At the upcoming meeting, the study committee will be represented by Henry C. Ruark, Jr., Salem, consultant in the instructional materials for the state Department of Education; Dr. Walter Shold, assistant superintendent for the Marion County School System, and Norman Jensen, who is connected with the film library program of the state System of Higher Education.

Four Youths Held On Burglary Count

Three youths from Portland and one from Milwaukie have been booked at the Douglas County jail for investigation in connection with the burglary of a service station Monday near Myrtle Creek.

The sheriff's department said complaints will be prepared today charging Don Cameron Walker, 20; David Edward Johnson, 18, and Gary Lee Maddox, 18, of Portland and Lynn B. Scherf, 18, of Milwaukie, with burglary not in a dwelling.

The four were taken into custody Tuesday by Myrtle Creek Chief of Police Jim Pringle and Canyonville resident deputy Don Soper in connection with the burglary at Frank's Chevron Station at the Riddle Junction, in which the four reportedly have admitted participation.

According to Pringle, the four youths had come to the area to help with slash burning, but had been hanging around Myrtle Creek High School, where they were taken into custody on a charge of vagrancy. They had picked up a 15-year-old girl at the close of school. They reportedly had attempted to enroll at the school but had been turned down. The four had checked out of a motel in Myrtle Creek where they had been staying.

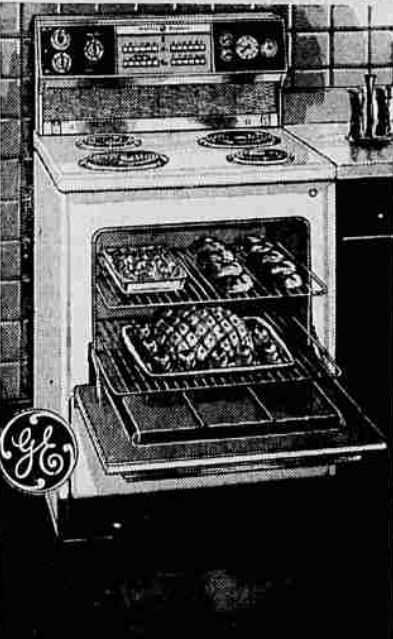

Walker was charged by Myrtle Creek police with having no driver's license and with failure to transfer title of his car.

A large quantity of candy, cigarettes and other items allegedly stolen from the service station were found in their possession. The youths also admitted committing other minor offenses in that city.

INDIAN SUMMER PRICE-SMASHING POWWOW

Carter Tire Co. has taken the scalping knife to prices on new General Electric appliances. You'll give out with a war whoop of delight when you see these low, low money saving specials! When you think of dependable appliances . . . think of General Electric. When you want to save money . . . think of Carter Tire Company!

General Electric DELUXE RANGE

- Deluxe, Ultra Speed Range
- 3-in-1 Sensi-Temp. Unit
- Tilt-Lock Cleaning
- 23" Master Oven
- Keyboard Switches

Model J-314
List Price \$299.95
\$226*

The Glamorous & Exciting G.E. AMERICANA RANGE

PROVIDES "STAND-UP" LOOKING TO SEE WHAT'S COOKING!

Watch your foods reach gourmet perfection right before your eyes. General Electric's unique, new Skylight window lets you conveniently glance into the lower oven without bending or stooping. The upper oven with its automatic rotisserie has a big picture window that puts your foods in full view . . . at eye level.

Discover the many other wonderful advantages of the range that will make your kitchen, whether it is brand new or just in the need for a new range, a center of beauty and superbly cooked food.
