Today We Honor the LEADERS of TOMORROW—

The News-Review NEWSPAPERBOYS

Your newspaperboy and 600,000 other youngsters make up the world's greatest junior sales and service organization.

His experience as a newspaperboy is unique—unlike any other part-time job.

As a Junior Independent Merchant, he buys his newspapers at wholesale and sells them at retail...for a profit. Assisted by men who are interested in and trained to work with boys...and an occasional "pat on the back" from his family...this young businessman

develops the self-discipline which prompt delivery requires...learns how to get along with people in all walks of life...how to make sales...how to collect his money. He assumes the responsibility for his growing business.

Boys who learned the principles of business as newspaperboys have become presidents, governors, mayors, industrialists, and key men in this community. And many of tomorrow's leaders who will decide the future of this nation are getting their basic training today as newspaperboys.

Only one boy in ten gets the opportunity to have a newspaper route. If you think your son might profit by such experience, why not have him come in and talk to us.
