DALLAS (UPI) — Adlai Stevenson said today he regretted the "violent behavior" of a militant mob that booed, beat and spat upon him Thursday night. The U. S. ambassador to the United Nations had just made a speech on world peace.

Stevenson said the standing ovation he received for his United Nations Day celebration speech was "one of the most enthusiastic I have received anywhere in the world."

"I regret the violent behavior of a few and I realize it was only a few," he said. "Such behavior after a speech on peace gives the Soviets and the rest of the world an unfortunate impression."

Stevenson was struck by a placard that stated: "Get the U. N. out of the U. S." Mrs. Cora Fredrickson was removed from the crowd, but not arrested. Mrs. Fredrickson, 47, said she did not deliberately strike Stevenson, but was pushed in by the crowd.

Police Arrest Student
Robert Edward Hatfield, 22, rushed out of the jeering crowd outside Dallas Memorial Auditorium and spat on Stevenson. He also spat on a police officer who attempted to arrest him.

Foresters Attend Demonstration On Tree Planting

A demonstration in the use of power tools for tree planting was of special interest to three Umpqua National Forest personnel attending a timber management session in the state of Washington this week.

The Umpqua participants in the session at Wind River Training Center near Carson, Wash., were Frank TuBush, reforestation specialist; Jack Price, Little River District ranger, and Arvid Ellson, of the timber management staff.

In connection with power tool use, TuBush said several foresters reported increased tree survival where trees have been planted with a mechanical post hole digger, instead of with the traditional planting hoe.

Discussions covered a wide range of timber management problems, including those involving timber harvest, stand improvement (thinning) and planting. The 35 timber personnel in attendance represented every National Forest in the Douglas fir region of Oregon and Washington.

In addition to lectures, the program included field trips taken by bus over much of the Gifford-Pinchot National Forest. The session was conducted Monday through Wednesday.

Winston Police Probe Beating Of Youngster

Carole Elizabeth Scroggins, 12, daughter of Mr. and Mrs. Ruby Scroggins Sr., of 585 Ronald St., in Winston, was severely beaten with a belt Wednesday night and her father is being sought for questioning in connection with the beating, the sheriff's office reports.

The case was investigated by Winston city police, with the assistance of the Douglas County Juvenile Department and sheriff's office.

The girl apparently was struck numerous times with the buckle end of a belt across her back, arms and chest. Indentations in her skin were believed caused by the sharp point on the belt buckle.

The girl told officers she had failed to put two pork chops in her father's lunch, and she had taken down a telephone call number incorrectly.

President Tito Sails For Home

NEW YORK (UPI) — Yugoslav President Tito sails for home today with a personal "bon voyage" from President Kennedy.

Tito himself departs "with very positive feelings" about his five-day visit here despite a brush with police over security arrangements and hostile demonstrations accompanying his every move.

Kennedy telephoned Tito Thursday to wish him a pleasant trip home and to help sweeten any sour feelings over the incidents. There were more Thursday followed by seven arrests.

Tito, his wife, Mme. Broz and their party are scheduled to sail aboard the Holland-America liner SS Rotterdam at noon (EDT).

It was the second time during Tito's visit here that President Kennedy took a personal interest in Tito's welfare.

Earlier in the week Kennedy telephoned his concern to Adlai E. Stevenson, U.S. ambassador to the United Nations.

On Monday night three of Tito's bodyguards were involved in a sidewalk scuffle outside the Waldorf-Astoria with Yugoslav emigrants.

Yugoslav Foreign Minister Koca Popovic Thursday called a news conference to criticize the security arrangements made by New York City police.

However, Popovic blamed the repeated anti-Tito demonstrations on a group of "professional terrorists." He said they were "faithful collaborators" of the Nazi occupation of Yugoslavia during World War II.

Popovic added that Tito was going home "with very positive feelings" and that his country was "grateful" for U.S. aid to the earthquake shattered city of Skopje.

But the demonstrations against Tito continued Thursday night and seven persons staging a "Halloween" demonstration on Park Avenue were arrested. The demonstrators wore Halloween masks and pulled a chariot driven by uniformed heckler representing the Yugoslav president.

Welfare Commission Slashes General Assistance Program

SALEM (UPI) — The Public Welfare Commission today slashed the general assistance program which has zoomed \$243,071 over budget in the past three months, and ordered a \$1.8 million cutback in the two-year budget because of last week's tax election defeat.

The general assistance program, over budget \$49,164 for September alone, and spiraling medical costs forced commissioners to admit there may be serious budget problems ahead — in addition to those resulting from the defeat of the tax measure.

Payments for drugs for welfare recipients were ordered placed on a pro-rate basis because this item was \$41,847 over budget for the first three months of the biennium.

Under the pro-rate system, the commission will pay the full drug billings if they do not exceed the budget allotment, but pro-rated reductions will be made arbitrarily in the future when drug billings exceed the amount budgeted.

Also over budget by \$74,359 for the past three months are old age assistance medical payments.

Trouble Ahead
"We may be headed for trouble. Frankly we are going to have to watch this," Welfare Administrator Andrew Juras said.

In addition, Juras noted nursing home costs were "steadily increasing," and were \$71,681 over budget for the past three months.

Juras warned serious budget problems could result in the nursing home budgets if state hospitals, as a result of cutbacks, began transferring inmates to nursing homes.

Juras said increased migrations of people from California were experiencing the general assistance costs.

The commission voted to put austerity program cuts totaling \$4.5 million into effect Nov. 1. Of this amount, \$1.8 million is from the state's general fund, and the rest matching funds — about \$2 million from the federal government, and \$612,000 from counties.

Cuts outlined under the austerity program eliminate 54 now vacant positions, and force a delay in filling nine others.

Other cuts listed
—Five per cent reduction in services and supplies.
—Eliminate \$5 increase in 3551.
