PTA At Dillard Well Attended By PHEBE MCGUIRE

The 175-member attendance at the Monday evening meeting of the Dillard School PTA bears evidence of the enthusiastic response of parents in School Dist. 118 toward parent-teacher associations.

Dillard Principal Bert Kleiner, in charge of the program, outlined the basic principals of the new system of mathematics now being taught at the school. Mrs. Reynolds, math instructor at Douglas High School, related the background of mathematics.

Larry Waite continued the program with the showing of slides dealing with the new system of teaching, which is now being used in the first and second grades and one room each of grades three, four and five in the Dillard school.

Classes are being conducted each Wednesday by Mrs. Reynolds at the Dillard school in the evening for all teachers in the district on the high school level.

At the close of the program refreshments were served by fifth grade mothers following a report on the budget by Waite, which was approved by the members.

One of the major projects this year is to purchase 6-inch aluminum letters bearing the name "Dillard Elementary School" for use on the building.

Winston Chief of Police George D. Jacobs with City Recorder H. J. Kieve and Mrs. Kieve returned to Winston Tuesday evening after attending a meeting of the League of Oregon Cities which was held in Portland Monday and Tuesday.

Mrs. J. A. Wilton is reported recuperating after recent major surgery at a hospital in Portland. She is now staying at the home of her son-in-law and daughter, Mr. and Mrs. Allen McLennan, in Corvallis.

Wilton left Wednesday to return to Corvallis to remain with his wife until she is able to return to their home. He accompanied her to Portland and remained with her until Sunday when he returned home to take care of business.

ADD TO "LIST"

WASHINGTON (UPI) — Two British ships, a Moroccan vessel and two Lebanese ships have been added to the maritime administration's "blacklist" of vessels barred from carrying U.S. government-financed cargoes because they participated in trade with Cuba. The new listings, announced Thursday, brought the blacklist total to 187. The additions were identified as: Newgate and Newlane, British; Leftic and Vergollada, Lebanese; and Ba-nora, Moroccan.
