

Junior Class Bolsters Coffers Through Drive

The junior class of Riddle High School bolstered its coffers recently for the annual junior-senior prom by sponsoring a rag drive. The drive was held Oct. 19 and 26.

Members of the class divided into groups and collected from door to door. They later sorted and stored the rags in boxes for sale at a future date.

"Will you cosign my I.O.U.? I want to get a milk shake on credit!"

Vikings Using New System

Report cards for Myrtle Creek High School students are in a new form this year, following the key report plan.

A copy of the first six weeks' grade will be given to the students for each of their classes on Friday. The report cards will not be returned to the school, but an accumulated record will be kept at the high school. The final copy of the grades at the end of the school year will contain all grades for each six weeks.
