Athletics Complete House Cleaning By Trading Siebern To Baltimore 9

KANSAS CITY, Mo. (UPI)—The Kansas City Athletics had completed a general house cleaning today with the trade of Norm Siebern to the Baltimore Orioles for Jim Gentile and \$25,000.

The exchange of first basemen Tuesday marked the departure of the last of the old Athletics, those who were on the team's roster when Charles O. Finley purchased the club in January, 1961.

Finley has wielded a busy broom from the start in his efforts to rebuild the Athletics. But he has swept at a spring-cleaning pace during the past eight days in a crash program to add power to the lineup.

Last week, the Athletics sent second baseman Jerry Lumpe and pitching mainstay Dave Wickersham and Ed Rakow to the Detroit Tigers in exchange for slugger Rocky Colavito, a right-handed swinger. The Tigers also sent along relief pitcher Bob Anderson and \$50,000 with Colavito. That was the first step in Kansas City's program for the second step in the program came Tuesday when they got Gentile, a left-handed slugger.

"We felt that now we have the best one - two home run combination that Kansas City has ever had," said Athletics General Manager Pat Friday.

Siebern, the last varsity hold-over from the club Finley purchased, was the only semblance of power in the Kansas City lineup during the past three seasons. He batted clean-up. His best year was 1962 when he hit 25 home runs, drove in 117 and batted .308. Last year he hit 16 homers, drove in 83 runs and batted .272.

Gentile, who at 29 is one year younger than Siebern, had a poor year last season. He batted .248, hit 24 homers and drove in 72 runs.

But Gentile has produced more for the Orioles in the past four seasons that Siebern has produced for the Athletics. During that period, Gentile hit 124 homers, drove in 388 runs and batted .272. Siebern hit 78 home runs, drove in 367 runs and batted .289.

Winter Steelhead Run Begins In N. Umpqua

Winter steelhead began pouring over Winchester Dam on their annual migration up the North Umpqua River during the first two weeks of November.

During the period of Nov. 1 to 15 a total of 158 steelhead were counted at the Winchester Dam station. This total is well below the 460 which were counted during the same period last year.

In addition to the winter steelhead, 218 silver salmon were counted at the dam, 471 summer steelhead, 36 adult chinooks and three chinook jacks. The summer steelhead count ended with a record shattering total of 4,827, while the fall chinook and silver runs are well above those of the past few years.
