Dear Abby! Semantics Sermons!

— By ABIGAIL VANBUREN —

DEAR ABBY: I have a problem that bothers me immensely. We have a new minister whose language is atrocious. — can hardly sit through his sermons any more. He says, "He done," "had went" and "They is." Abby, don't you think that after four years in Bible college he should be able to do better than that? My ten-year-old son notices these mistakes and mentions them to me. Is there a remedy?

SMALL TOWN

DEAR SMALL: I don't know how "small" your town is, but if the people were bigger they could raise enough money to import a more literate minister.

DEAR ABBY: My mother-in-law is interfering with my marriage. We have lived with her ever since we've been married and she is the type who likes to run everything herself because nobody can do anything as well. I have never made a meal, and I am not allowed to clean or iron. If I do anything, she does it over. My husband thinks I should consider myself lucky to have free room and board. When his mother criticizes me, my husband never says a word to defend me. Should I leave him now before we have any children?

DEAR UNHAPPY: If it's a question only of whether you should leave him BEFORE you have children, or AFTER you have had them, I'd say leave

him now. Better yet, why don't you BOTH leave his mother? The room and board is far from free — it's costing you your happiness.

DEAR ABBY: I have recently moved to a city where I have no friends and know very few people. I would like to meet a handicapped girl between 20 and 30. All the handicapped girls I have ever met have such a sweet quality about them. Perhaps it is because they have suffered and consequently have more feeling and depth. This may seem strange to you, but I have my reasons. Where can I meet such a girl?

DEAR "S": The local Society for Crippled Children and Adults (also known as the Easter Seal Society) is listed in your telephone directory. Ask them if you may be included in their next social get-together when their local club meets. I am sure they will welcome you.

CONFIDENTIAL TO KENTUCKIAN: It doesn't take any more energy to PLAN than it does to wish.

Everybody has a problem. What's yours? For a personal reply, write to Abby, Box 3365, Beverly Hills, Calif. Enclose a stamped, self-addressed envelope.
