No-Trump Bid Wastes Hand

By OSWALD JACOBY
(Written For NEA)

All bridge experts don't agree on how many points are needed for an opening no-trump. My limits are 15-17, others use 16-18, some use stronger or weaker no-trumps. Disagreeing on points, they stand together firmly on the principle that you only open no-trump with no-trump shape and that no-trump shape is either 5-3-3-2 or 4-3-3-3. Occasionally an expert will decide to open one no-

trump with 5-4-2-2 or 5-3-3-2, but never will he open no-trump with a singleton.

The reason is that hands with singletons (even singleton aces) cry out for play at a suit contract and while you can open no-trump and wind up in a suit it is much easier to reach the right contract if you start bidding with a suit.

Today North has an automatic raise to three no-trump after his partner's one no-trump opening. West has an automatic spade lead and South should go down one trick.

South made the hand and was quite proud of himself. He entered dummy with the ace of hearts and led a club. East ducked and South had a club trick. Then he ran off the rest of the hearts, guessed the diamond finesse and had his nine tricks.

North pointed out that it was a great waste of talent. Had South opened correctly with one club he would have wound up at five or six clubs and would have made six without the trouble of a finesse.
