### Huge Crowds Push Around Police Lines

POPE PAUL VI is shown being greeted by cheering crowds as he steps from doorway of his jet liner in Jordan to begin his three-day "journey of search and of hope" through the Holy Land today. (UPI Telephoto)

JERUSALEM, Jordan (UPI)—Pope Paul VI came to this holy city today and walked the way of the cross through swirling, shouting crowds that shattered police lines and broke up the papal procession.

The excited crowds threatened to engulf the slight, white-clad Pope when he descended from his car to trace the footsteps of Christ on the Via Dolorosa, the Street of Sorrow.

The pontiff remained serene, but was visibly pale, as the Jordanian army and police units forced a way through the mobs in the twisting streets of the ancient city.

After a 3½-hour flight from Rome to Amman, Pope Paul crossed the waters of the Jordan and entered Jerusalem, riding and walking over palm leaves and tapestried rugs that had been strewn in his path.

As he left the Vatican for the first trip ever made by a Pope to the Holy Land, the pontiff said he was going as a symbol of "the aspirations, the anxieties, the sufferings of the sick, the poor, the disinherited, the afflicted."

### To Visit Shrines

He planned to visit the sacred shrines of Christendom, to pray for peace, and to meet with the head of the Eastern Orthodox Church in the quest for Christian unity.

Across the barbed wire and barricades in another section of Jerusalem lay the Jewish state of Israel, with which Jordan technically is still in official state of war.

The most stringent security measures since the Palestine war divided Jerusalem between Arab and Jew 16 years ago failed to stem the exuberance of tens of thousands and at times endangered the Pope.

All wanted to see—and touch—the spiritual leader of the world's half billion Roman Catholics.

With difficulty, the pontiff managed to make the "Stations of the Cross" commemorating the agony of Christ on His way along the Via Dolorosa to crucifixion almost 2,000 years ago.

### Mark Christ's Journey

The 14 Stations of the Cross mark the points from Christ's journey to Calvary and His crucifixion and resurrection.

Pope Paul walked the same route, recalling how Christ fell the first time under the weight of the cross, when He met His mother and when Simon the Cyrene bore the heavy wooden crossbeam for a while.

In the narrow, twisting street the Pope stopped to pray at each of the traditional points where incidents of Christ's passion took place—despite the constant shouting and shoving of the crowds.

Pope Paul was almost overcome with emotion in arriving in Jerusalem.

"The happy feelings which fill our heart as we enter this holy city!" he exclaimed, citing the Psalms.

Turning then to the massed pilgrims, he continued: "Come with us to follow in the footsteps of Christ..."

He was almost overwhelmed by the cheering crowds which got out of police control.

Although the Pope came on a pilgrimage of peace, Jerusalem itself was an armed camp with soldiers and police massed almost shoulder to shoulder in the old part of the city.

The city is divided, as is the Holy Land, which lies partly in the Arab state of Jordan and partly in the Jewish state of Israel. Jew and Arab technically still are at war with each other. But all joined to welcome the spiritual head of the Roman Catholic Church.

### WCA Proposes Air Taxi Here

Two West Coast Airlines vice presidents Friday proposed offering so-called "third level" airlines transportation to Roseburg with tie-ins with both WCA northbound and southbound flights.

This proposal came on the heels of a plan by American Air-Lease, a Portland firm, to offer the same basic type of service, also known as air taxi service. The AAL service would allow local residents to tie in with major airlines flights at Eugene, Portland and Medford, but would not have the direct tie-in as would the WCA plan.

American Air-Lease plans call for beginning their operation into Roseburg on Jan. 15. AAL official James Fugate said Friday his firm would have to wait and see what course the city takes in regard to the WCA proposal before they take any action to inaugurate the service.

### Special Meeting Planned

City Airport Commission Chairman O. R. Petersen called for a special meeting next week to discuss the two proposals with Chamber of Commerce officials and prime airline service users here. Date for that meeting will be set Monday.

WCA vice presidents J. N. Bez Jr., and Ed Altman offered their proposal at the Airport Commission meeting Friday noon. Altman said WCA would have to discuss the plan with the Civil Aeronautics Board to obtain permission to tie in the air taxi service with the regularly-scheduled WCA flights.

He proposed that an individual operator or smaller firm, such as R. C. (Bud) Good, operator of Roseburg Skyways Inc., operate the air taxi service under agreement with West Coast Airlines. He added that such an operator would have to meet the same standard of pilot ability and equipment condition that WCA places on its own men and planes.

Bez said that although WCA had not progressed far enough with the plan to announce any tentative rates, the firm believes the flight to Medford to enable travelers to connect with southbound flights would be offered at the same rate regular West Coast Airlines charges on its scheduled DC-3 flights out of Roseburg. Northbound passengers would connect at North Bend, and there would be a slight increase in present rates for the trip from Roseburg to North Bend, he indicated.

### Eugene Flight Possible

He said a flight to Eugene to tie in with northbound WCA planes could be made available if the business developed.

Altman told the Airport Com-

### Two Sentenced For Burglary

Pleas of guilty to charges of burglary not in a dwelling were entered before Circuit Court Judge Charles S. Woodrich Friday by two men who admitted burglarizing the O & M Tavern in Yoncalla in the early hours of Dec. 28.

Dennis Edward Smith, 27, of Rt. 1, Yoncalla, was sentenced to two years in the Oregon State Penitentiary, and George Roger Vidigari, 19, of Drain, was sentenced to 18 months in the Oregon State Correctional Institution.

### Hearings Set For Two

One other person allegedly involved in the burglary, David Edward Miller, 18, who resided with Smith on Rt. 1, Yoncalla, was released on his own recognizance. Joe Edward Green, 25, of Curtin, who faces a charge of receiving and concealing stolen property, is being held in the county jail. Preliminary hearings for both have been set for next week in the justice of peace court of Warren DeLaverge at Drain.

Arrest of the four was made following investigation by the Douglas County Sheriff's Department, with the assistance of Yoncalla police. The burglary was witnessed and an automobile description was obtained. It was traced to that of Smith and Miller, said police.

Later, on an anonymous tip, part of the loot — some beer and cartons of cigarettes — was found at the home of Green, where a party had taken place that night, according to the officers.

### Three Trips Made

Police report that three trips in all are believed to have been made to the tavern. Smith and Miller reportedly went first, and while Miller revved up the car motor, Smith supposedly broke a rear window. About ten minutes later they returned and Smith is said to have entered the building. Later, the two, with Videgar, returned and all three went into the tavern, carrying out additional cases of beer and other items. Police said about 20 cases of beer, cartons of cigarettes, cigars, a bottle of Peperoni, matches and some change from the cash register were taken.

### Oregon Demo Leader Quits

SALEM (UPI)—E. D. Spencer announced his resignation today as Democratic state chairman to accept appointment as acting postmaster at Salem.

Spencer's appointment to the post office job was announced at a press conference here by Sen. Maurice Neuberger, D-Ore. His appointment becomes effective Jan. 31.

Spencer's resignation as state party chief is effective Jan. 19. He said he would call a state central committee meeting in Portland Jan. 19 to name a successor.

Spencer will take over the Salem postmastership upon the retirement of postmaster Albert Gragg, who has held the post since 1945.

The Salem post office, second largest in Oregon, has annual receipts of more than \$2.6 million, and employs 225 workers.

### Speedway Crash Victim Improves

Roger Mills, one of 25 persons injured in a Labor Day weekend crash at Roseburg Speedway, has been returned to his Winston home and is making rapid recovery.

Mills, hospitalized and unconscious most of the time since the accident, recently regained consciousness and on Dec. 23 was taken home, the family reports.

Mills, 19, is the son of Mr. and Mrs. Dennis Mills. Since the accident he has been hospitalized both in Roseburg and in Eugene. According to members of his family, it seemed a miracle occurred in Roger's return to an awareness of his surroundings.

However, the recovery has since progressed much further, as he is now able to walk with the aid of a walker, can carry on a conversation with other members of the family and can read or watch television for short periods of time, according to a report today from his mother.

"It was indeed a happy Christmas for us this year after all that has happened," Mrs. Mills said. Mills is being brought into Roseburg three times a week for therapy treatments, according to his mother.

### Federal Budget To Be Trimmed

JOHNSON CITY, Tex. (UPI)—President Johnson indicated Friday he would trim next year's budget until it just could not be trimmed any more.

"We won't be satisfied until we have arrived at the irreducible minimum," the President said.

The latest area to feel the shears was the space program. Johnson said he chopped out "several hundred million dollars" in space money for the 1965 budget, and that it is possible that the whole federal budget for 1965 might be slightly below \$100 billion.

He said that this trim in the space program did not change America's plans to put a man on the moon by 1970. He said the Atomic Energy Commission had been cut comparably, and that the military budget would be cut even more than it had been in recent weeks.

### SECOND CEREMONY

HOLLYWOOD (UPI)—Barbara Sherry, 15-year-old daughter of actress Bette Davis, goes through a second marriage ceremony today with Jeremy Hyman.

### Vice Presidential Candidates Eyed

SALEM (UPI)—Democratic vice presidential candidates may be listed on the Oregon primary election ballot May 15. Secretary of State Howell Appling Jr. said Friday.

The unique Oregon primary law could force Democratic vice presidential hopefuls and Republican presidential candidates to stump the state.

It would be the only vice presidential primary in the nation, Appling said.

Appling said it appeared President Johnson would be the only "generally advocated" candidate for the Democratic vice presidential nomination. With no battle in sight for the top spot, he said the Oregon law could require a contest to determine Johnson's running mate.

The Secretary of State said recent polls indicate he might list Minnesota Sen. Hubert H. Humphrey, Atty. Gen. Robert Kennedy, Ambassador Adlai E. Stevenson and several others for the second spot on the Democratic ballot.

### General Support Is Key

Under Oregon law — which applies both to presidential and vice presidential candidates — Appling lists as candidates those whom he determines are "generally advocated in a national news media throughout the United States."

The only other way a candidate can get on the ballot is to submit a nomination petition signed by at least 1,000 qualified voters.

Appling already has announced if he were to list Republican presidential nominees now, he would name New York Gov. Nelson Rockefeller, Arizona Sen. Barry Goldwater, and for-

### State Primary Given Status

SALEM (UPI)—Gov. Mark Hatfield said Friday Arizona Sen. Barry Goldwater's candidacy for the Republican presidential nomination assures Oregon of "one of the most important" primary elections in the nation on May 15.

"I welcome his announcement and hope that he will actively campaign here where he is well known and has many friends," Hatfield said.

The Republican governor has urged all GOP presidential candidates to campaign in Oregon. Goldwater said Friday he would enter the primary here and Gov. Nelson Rockefeller of New York announced similar intentions earlier. Rockefeller plans a three-day visit to Oregon Feb. 6-8 and Goldwater is scheduled to address a Lincoln Day dinner in Portland Feb. 11. Both attended the Western Republican Conference in Eugene last October.

Neither candidate is yet on the ballot.

Under Oregon's primary election law, candidates for the ballot are arbitrarily selected by Secretary of State Howell Appling Jr., or are nominated by circulation of petitions which require the signatures of at least 1,000 registered voters.

Appling said he has been advised that Goldwater supporters were planning to circulate petitions.

### \$58,375 Is Picked Up In Welfare Recovery

SALEM (UPI)—Collections by the welfare recovery division of the State Department of Justice totaled \$58,375 for November. Atty. Gen. Robert Y. Thornton said Friday.

Of this amount \$56,818 was collected for child support and \$1,557 for welfare fraud.

### JFK Book Due Soon

News-Review subscribers who have reserved copies of the 144-page book "Four Days — The Historical Record of the Death of President Kennedy" may expect to receive their copies in mid-January, it was learned today.

To date, nearly 1,000 pre-ordered have been received by The News-Review for this book, published jointly by United Press International and the American Heritage Magazine. Additional orders are still being accepted.

The booklet, which is being offered through The News-Review at \$2 per copy, will go on sale at bookstores in mid-February at \$2.95 per copy, the publishers have announced.

First printing orders for the book were set at 250,000 copies nationally, but were subsequently increased past the million mark to satisfy the initial demand.

### Eddie Fisher Insists He'll Stand By Wife

LAS VEGAS, Nev. (UPI)—Eddie Fisher says he will stand by his estranged wife Elizabeth Taylor should 20th Century Fox seek to withhold any of the actress's share of the profits from the movie "Cleopatra."

An attempt to attach Miss Taylor's multi-million dollar salary was reported under way by the film studio, charging that she was responsible for delays and increased production costs during making of the movie in Rome.

### Ports On Columbia River Will Ship Wheat To Russ

Also see Page 2

PORTLAND (UPI)—Columbia River ports will ship at least 5.5 million bushels of wheat to Russia, and a deal for twice that much is pending.

### City Jails Given OK

The Douglas County Grand Jury Friday found the several city jails it inspected in good condition.

The report showed Douglas County jail to be "neat, clean and sanitary," but needs some painting. It was described as a bit "crowded and stuffy."

Myrtle Creek jail was described as "excellent," and the Riddle jail was listed in fairly good condition but appeared "rather musty."

Glendale jail was in good condition, but since it is not fire-proof, the grand jurors recommended that a jailer be on duty at all times when a prisoner is confined.

Canyonville jail was in "adequate condition." Other jails of the county were not inspected.

In criminal actions, the jurors indicted Richard Clarence Snuffer, 23, of Canyonville, on a charge of assault and battery by force and means likely to produce great bodily harm. He is accused of striking, beating and bruising James Edward Musser about the neck and head on Dec. 24.

While the Grand Jury was acting, Snuffer was having a preliminary hearing in the district court of Gerald R. Hayes and was held to answer.

The Grand Jury also returned one secret indictment.

### Powell To Allow Audit By Court

NEW YORK (UPI)—Rep. Adam Clayton Powell, D-N.Y., said Friday he would permit a court audit of his financial status if he loses an appeal on a \$211,500 libel judgment against him.

The judgment was awarded in Supreme Court last April 4 to Mrs. Esther M. James, a Harlem widow, in her defamation of character suit charging Powell with calling her a "bag woman," or graft collector, for the police department.

### Overtime Pay Hike May Aid Job Market

JOHNSON CITY, Tex. (UPI)—The administration may attack unemployment this year by seeking to reduce overtime in manufacturing industries hoping to create 919,000 new job opportunities.

### The Weather AIRPORT RECORDS

Fog and low clouds in late night and morning hours and most of the day Sunday. Partly sunny this afternoon. Little change in temperature.

Precip. from Jan. 1 .52  
Precip. from Sept. 1 12.34

Sunset tonight, 4:50 p.m.  
Sunrise tomorrow, 7:46 a.m.

This was one of the key ideas before President Johnson today as he neared the end of his holiday stay in Texas. The Chief Executive has been operating from his ranch here since Dec. 24. He was expected to fly back to Washington Sunday afternoon.

Johnson will return to the nation's capital confident his economy drive in government produced desirable results. He held strong prospects of submitting to Congress later this month a fiscal 1965 budget slightly below his current target of \$100 billion.

Unemployment, the dark side of the economic picture, prompted a long meeting Friday with Labor Secretary W. Willard Wirtz.

Wirtz said there was enough overtime worked in the manufacturing industries to provide full-time jobs for an additional 919,000 persons. He thought consideration should be given to whether the present "overtime penalty" is adequate.

Legislation introduced in the last session of Congress would raise the present time-and-a-half rate for overtime to double the regular rate of pay. These plans were aimed at encouraging manufacturers to hire additional workers at straight pay instead of using regular employees on overtime.

Budgetary matters will come in for another look at the Texas White House today at a meeting between Johnson and Najeib Halaby, the federal aviation administrator. Halaby's budget already has been cut by several million dollars from his original requests.

FIRST CANDIDATE TO FILE for election in Douglas County this year was incumbent County Surveyor Fred Darby, right. Darby is shown here as his filing was recorded by County Clerk G. D. Myllenebeck, left. Darby filed for re-election Friday to get the 1964 political show on the road in Douglas County. (News-Review photo)
