Kennedy Arrives For Talks With Malaysian Leader

TOKYO (UPI) — Atty. Gen. Robert F. Kennedy arrived today for talks with Indonesian President Sukarno on the Malaysia crisis but stressed that the dispute "must be decided and resolved by Asian countries, not by outsiders."

He will meet Friday with Sukarno to give him President Johnson's view on the Indonesian campaign against Malaysia, which is threatening the peace in Southeast Asia.

Indonesian Foreign Minister Subandrio hinted on the eve of Kennedy's arrival that the dispute over the new British Commonwealth federation bordering Indonesia might force Indonesia to seek military ties with the Communists.

Kennedy is expected to tell Sukarno that Indonesia is losing support in the United States, particularly in Congress, which has threatened to cut off its economic aid.

Visits Monument
The Attorney General, in his first diplomatic mission since the assassination of his brother, thanked the Japanese people for the sympathy they expressed to his family. He visited a monument to the late President Kennedy built by Japanese employees of the U.S. Kyoto Air Base, where the Kennedy party landed.

Kennedy said he wanted to discuss with Sukarno "America's concern for the relationship which now exists between Indonesia and Malaysia."

Sukarno, who has opposed British-backed Malaysia since its formation last September,

has vowed to eliminate it, although he insists peaceful methods will be used.

Malaysia, however, charges Indonesia with terrorist raids on its borders and with downing British and Malaysian aircraft on frontier flights.

Asian Matter
The Attorney General emphasized that the crisis "is a matter that must be decided and resolved by Asian countries, not by outsiders."

"We have a bond of friendship with Indonesia," he said. "I hope they will be able to resolve their differences in a peaceful fashion."

After his brief statements on landing at the airbase at 7 p.m. (5 a.m. EST), Kennedy was driven to the black granite monument built on the base by contributions from its Japanese employees. He laid a wreath at the monument, and chatted with a third cousin stationed with the Air Force in Japan.

He is 1st. Lt. Joseph C. Kennedy, 23, Springfield, Mass.

The Kennedys were spending the night at the residence of U.S. Ambassador Edwin O. Reischauer.

The talks with Sukarno will be held Friday afternoon.

Glenn Will Enter Ohio Senate Race

HOUSTON (UPI)—The federal space agency will announce the resignation of astronaut John Glenn today, freeing him to run for the U.S. Senate in Ohio.

Reliable sources said the announcement "is imminent." There was no immediate comment from the astronaut who was the first American to orbit in space.

A spokesman for the National Aeronautics and Space Administration (NASA) emphasized that before Glenn could enter a political race he would have to resign from the space program.

The 43-year-old Glenn, oldest of the original seven Mercury astronauts, would have a comment later, NASA said.

Like the other astronauts, Glenn lives in the Clear Lake area outside Houston, close to the manned spacecraft center.

Glenn will make his announcement at 7 a.m. PST Friday in the ballroom of the Neil House Hotel in Columbus, a hotel spokesman said. Arrangements for the news conference were made this morning.

Glenn's expected entry into the contest was sure to create a race of international interest as it could match the first American to orbit the earth against Rep. Robert Taft Jr., a member of one of the country's most prominent Republican families.

The source told United Press International that Glenn, sought by both Democrats and Republicans, "has decided to run for the Senate as a Democrat. His announcement is imminent."

Bringing Glenn into the race to stop Taft closely paralleled a move by Republicans in 1952 when they stopped his father's bid for the Republican presidential nomination by getting a national hero, Gen. Dwight D. Eisenhower, the GOP presidential nomination.

Glenn declined to comment on the report at the National Aeronautics and Space Administration (NASA) Space Center in Houston, Tex. A NASA spokesman, however, told UPI that Glenn, in seclusion most of this week, said Tuesday he expected to make a decision on politics this week.

Third Hatfield Baby Expected

SALEM (UPI) — Gov. and Mrs. Mark Hatfield announced today they are expecting their third child late this summer.

The Oregon governor said the baby is due in late August or early September.

Hatfield, 41, is often mentioned as a Republican vice presidential possibility.

The Hatfields now have a daughter, Elizabeth, 4½, and a son, Mark O. Hatfield Jr., 3½.

Hatfield invited Capitol newsmen to coffee this morning and made the announcement.

Segni Satisfied With Visit To Capital, Talks With LBJ

WASHINGTON (UPI) — Italian President Antonio Segni today ended a two-day visit to Washington and expressed satisfaction that his talks with President Johnson on a closer Atlantic community partnership had brought "very good results."

The Italian leader planned to fly late this afternoon to New York where he will be honored by a round of ceremonies tonight and Friday. He returns to Italy Saturday.

In a joint communique issued Wednesday the two Presidents envisaged a still closer partnership between the two nations in the framework of an Atlantic community. They also agreed on new Western initiatives aimed at easing world tensions.

Exposure Caused Death Of Vets Hospital Patient

A body tentatively identified as that of George Malon Buffington, 41, who was a patient at the Veterans Administration Hospital, was found along Powder House Road west of Roseburg shortly after noon Wednesday.

The sheriff's office reports the body had no identification in it except for the name of Buffington on tape stuck to a pocket comb. The hospital reports Buffington absent without leave since Dec. 28.

County Medical Examiner Dr. A. B. Munroe said death cause was attributed to fatigue, exposure and frost bite, following an autopsy performed by pathologist Dr. Robert W. Iwata of Mercy Hospital Wednesday at Wilson's Chapel of the Roses.

Earlier belief that the man's legs had been burned was discounted by Dr. Munroe, who said the markings indicated the legs had been frozen. The man was scantily clad when found.

Bill Bradsky, manager of Happy Valley Ranch which extends over the ridge onto the Roseburg side, found the body face down in a wet-weather stream while he was running horses on the property. The location was about one fourth mile south from the Looking-glass Road where it turns west to go over the ridge into Lookingglass Valley.

Tentative identification was a further given by Bob Foster, nursing aide on whose ward Buffington was a patient. Further identification from fingerprints and other means will be attempted. The man's face had a beard growth appearing about 1½ weeks old, the sheriff's office reports, indicating possible time of death after he left the hospital, the sheriff's department said.

Funeral arrangements are pending. A brother lives in Nebraska, it was reported.

Wind Downs Power Pole

A strong wind about 5 a.m. today accounted for a power pole of Pacific Power & Light Co. being knocked down in the Little River area, resulting in a brief power outage in that area early today, a company spokesman said.

As soon as the difficulty was located it was taken care of, it was reported.

Air Networks Strike Looms

LOS ANGELES (UPI) — A dispute over wages for announcers for the three major radio and television networks today posed a threat of a nationwide strike.

A spokesman for the American Federation of Television and Radio Artists (AFTRA) said a strike could come early next week if no agreement is reached in the dispute involving announcers working for network shows originating in Hollywood.

AFTRA's national board, currently meeting here, said Wednesday it had rejected wage offers from American Broadcasting Co. (ABC), Columbia Broadcasting System (CBS) and National Broadcasting Co. (NBC).

The board added that failure of the local contract negotiations would "probably result in a walkout" that would be supported by network members nationwide. It also could mean withholding of a new national agreement just concluded with networks until the dispute is settled.

If the strike threat is carried out, an AFTRA spokesman said, the networks might be forced to suspend both television and radio operations.

AFTRA is seeking a \$20 weekly wage increase over a three-year period, which would be the basic minimum salary for staff announcers to \$200 a week. Management offers was for \$195 weekly after three years.

No specific date was set for a strike vote.

Canyonville Board Discusses Budget

The Canyonville School Board tabled the usual January order of business regarding administration evaluation and contracts until after the election on reorganization of districts 8, and 19 Tuesday, Jan. 21, and instead completed preliminary budget work at their regular meeting this week in the high school.

According to Norman York, superintendent, the board heard a list of necessary repairs to buildings presented by Robert Proctor, head custodian. The board also set up a tentative budget calendar in keeping with the new budget laws. Budget committee meetings will be held Feb. 24 and March 9, the public being invited to both, and the budget hearing will be held April 6 with the annual school election scheduled May 4, York was named budget officer of the district, in keeping with the new law, according to Mrs. R. E. Proctor, correspondent.

LONG BULL RIDE

AMES, Iowa (UPI) — Carl Swanson, Onamia, Minn., says he intends to saddle a Hereford bull and ride it from Canada to the Gulf of Mexico.

Chiari Asks New Canal Zone Treaty

PANAMA CITY (UPI) — The U. S. Army returned control of the Panama Canal Zone to American civilian authorities today as peace and order returned to the area after days of violence.

The Army had taken control of the zone shortly after the start of rioting last Thursday in which 21 persons were killed and an estimated 500 injured.

The turnover was announced in a statement signed by Gen. Andrew P. O'Meara, commander of the U. S. Southern Command in the Canal Zone.

Frederick Baldwin, Canal Zone public information officer, said Gov. Robert J. Fleming Jr. resumed control at 8 a.m. and that all U. S. Army troops had returned to their bases.

However, even as the threat of violence eased, the diplomatic discussions grew more complex.

The Republic of Panama pressed the United States to promise to renegotiate the treaty governing the Panama Canal as a prime condition for resumption of diplomatic relations.

The United States had agreed after a 90-hour negotiating session Wednesday that all outstanding issues between the two nations would be discussed once relations were resumed. Panama, in turn, said it would restore the diplomatic break.

The agreement did not mention the canal specifically, but the implication was clear, since the issue of Panamanian sovereignty in the Canal Zone brought about last week's rioting and the break in relations.

President Roberto F. Chiari Wednesday night demanded that the United States promise new negotiations on the 1903 canal agreement.

Presidential Press Secretary Fabian Velarde released the text of a statement Chiari made to an anti-American crowd of 2,000 to 3,000 students who had marched a mile and a half to the Panamanian "White House" chanting "we don't want (diplomatic) relations."

"The government of Panama will not resume diplomatic relations with the United States until the U. S. government gives the Panamanian government assurances that it will begin negotiations for a new treaty to replace those existing," the statement said.

This was a clear reference to the 60-year-old treaty giving the United States permanent control of the Panama Canal and a zone extending for five miles on both sides of the inter-ocean waterway.

The United States agreed early Wednesday to begin negotiations on "all existing matters" at issue with Panama — undoubtedly including the canal treaty — 30 days after relations are resumed. It was not certain immediately whether Washington would yield to Chiari's new demand.

YONCALLA COUNCIL MEETS

Yoncalla City Council transacted routine business at its last regular meeting and in addition voted to replace 10 incandescent street lights with mercury vapor lights. The council also set the first budget meeting for Feb. 12. All members were present, according to Mrs. Karl Hummel, correspondent.

(The U. S. State Department declined comment.)

The student marchers echoed the opposition to renewed ties with the United States which was voiced Wednesday by the popular Socialist (Communist) party and various newspaper columnists.

The anti-American demonstration was noisy, but there were no reports of violence.

U. S. Is Ready To Talk Canal Zone Problems

WASHINGTON (UPI) — The White House today restated U.S. willingness to discuss all problems affecting current tense relations between the United States and Panama.

Press Secretary Pierre Salinger said issuing the statement that "we do feel that in this particular time of difficulty there is a need 'for the exercise of highest responsibility' by all parties.

In asserting that "the United States government is ready and willing to discuss all problems affecting the relationship between the United States and Panama," Salinger told reporters:

"It was our understanding that the government of Panama was also willing to undertake these discussions.

"Our position is unchanged," Salinger made the comment when asked about what a reporter described as an adverse turn in the U. S.-Panama discussions.

The situation, which had appeared to be improving, became suddenly confused again Wednesday night when Panamanian President Roberto Chiari addressed a student rally. He said Panama would not restore relations with the United States unless it had assurances that subsequent peace talks would include negotiation of changes in the canal treaties.

The Defense Department announced this morning that the U.S. military commander in the Canal Zone, Gen. Andrew P. O'Meara, had restored control of law and order in the zone to U.S. civilian authorities.

Sorensen Quits As Johnson Aide

WASHINGTON (UPI) — Theodore C. Sorensen, President Kennedy's top idea man and political confidant, is leaving the White House to write the book his late chief never got to write.

The scholarly Sorensen wrote a resident Johnson Wednesday that he would quit his job as the Chief Executive's special counsel Feb. 29. He is the first of Kennedy's inner circle to leave the White House.

The President has accepted the resignation with regrets.

Jazz Giant Found Dead

NEW ORLEANS (UPI)—Jack Teagarden, whose wailing trombone and moaning voice spelled the blues to jazz fans for more than 30 years, was found dead in his motel room in New Orleans Wednesday.

An autopsy today showed he died of pneumonia and a liver condition. His personal physician said Wednesday it appeared Teagarden died of cirrhosis of the liver.

Teagarden's body was found sprawled on the floor of his room. Clad only in his underwear, a bottle of beer was trapped beneath his body and an opener was clasped in one hand.

He had apparently been dead several hours, possibly since Tuesday. He was last seen about 7:30 p.m. Tuesday when a bellhop brought a supply of beer to his room.

Teen Dance Saturday To Aid Dimes March

A dance for teen-agers slated Saturday night in the Elks hall will benefit the Douglas County March of Dimes.

Teen-agers from Douglas County are invited to attend the dance scheduled from 7:30 to 11:30 p.m. Special entertainment is planned.

Admission is 50 cents for couples and 35 cents for singles. The county's teen-age organization for the March of Dimes has been in charge of arrangements. Connie Bakke is county teen-age chairman.

All proceeds from the dance will be turned over to the "Dimes" drive.

Teacher Challenges Students, Ends Up Bruised And Jobless

KENDALLVILLE, Ind. (UPI) — Popular teacher William H. Enicks, who challenged two husky sophomores to put on boxing gloves with him, had a chipped tooth and plenty of bruises today — and no job.

"He resigned and that's all there is to it," said school Supt. Edgar Redman Wednesday night in disregarding a petition by students for Enicks' return.

The petition, signed by 56 of the school's 700 students and sent to school officials and a local newspaper Wednesday, urged that Enicks, coach of the school's undefeated track team, return to Kendallville High. The signers said they felt his boxing was "justified by the circumstances."

Redman called the teacher's boxing "stupid." He said school officials accepted Enicks' resignation last week after a conference with the boys involved in the incident and their parents. He said the meeting with the parents "left only one possible solution."

Redman denied that Enicks, who has been here 2½ years, had been asked to resign. "He just resigned," Redman said. "We accepted his resignation."

he found them fighting in the school gymnasium.

"If you want to fight, put on the gloves and fight with me," he told them. The two husky sophomores accepted the challenge. Enicks game out of the fight with a chipped tooth, a sore eye and several bruises.

Redman said one of the boys complained of a black eye and bloody nose and the other said he received a bruised nose and a cut on the head. The superintendent said it was not determined whether they received the injuries in the fight with Enicks or in another battle.

The students who signed the petition seeking Enicks' return claimed the two picked on other students earlier and were involved in corridor fights. The petition said that "at least five rough fights have occurred in our halls during the last two weeks and we think Mr. Enicks' action was justified by the circumstances."
