

Society Brand and L System Clothes

are the correct clothes for you as they are dignified yet stylish and have a certain hang and snap about them that distinguishes the fellow who wears them from the one who don't.

THE NEW L SYSTEM Coats are made to appeal to the college fellow who wants something different, by having a broad military shoulder and loose, easy hang, while the trousers are made big and peggy.

THE NEW SOCIETY BRAND CLOTHES are classy, yet dignified; coats made plain, but with sharp, clear lines. The patented "PERMANENT CREASE" in all Society Brand trousers appeals to young fellows.

Correct College Clothes

\$15.00 to \$40.00

Overcoats and Raincoats in all new models and every late fabric, \$15 to \$40

Your Clothes Pressed Once a Week for One Year by Fine Experienced Tailor Absolutely Free

S. H. FRIENDLY

COLLEGE CLOTHIER, HATTER AND FURNISHER

DOBIE IS MANAGER OF 1911 OREGANA

Leslie Dobie was elected manager of the 1911 Oregana at a special meeting of the junior class Thursday to fill the vacancy caused by the resignation of Francis Walsh. He arrived on Friday to find himself possessor of the office.

Mr. Dobie came to the University last year from Wisconsin and at once took a prominent part in student body activities. He played third base on the Varsity team last spring and was selected for the position of associate editor of the Oregana by Editor Robison until Walsh's resignation opened for him his present position.

When Editor Robison learned of Dobie's election he was overjoyed. "It is now settled," said he. "Our book will be the best ever put out at the University, and it will pay too—the first time one ever has. Dobie is a cracker-jack."

He has had much experience along this line and says he will begin work at once.

German Club

"Die Germania will have to be given up unless more students turn out to the meetings," said Miss Anna Bergeman, its vice-president, last night. "It is a disgrace to the University, but at our last meeting, when there should have been an election of officers, there was not even a quorum present. Students of German do not seem to realize how much benefit they can get from the club. The club meets regularly Tuesday nights and we want at least enough out so we will not have to give it up entirely. The election will be next Tuesday night. Tell everyone who is taking German to be out."

UNIVERSITY HIBERIA GREATLY INCREASED

One thousand mounted specimens, both native and foreign, were purchased by the University Hiberia during the summer from Mr. William W. Cussick, of Union, Oregon. These specimens, the majority of which are from the Northwest have been symmetrically arranged and are now ready to be placed on the shelves.

Mr. Cussick has been collecting for years, having exchanged with and sold to the large universities of the East and in foreign countries. He will continue to add to the University Hiberia from his collection in future years.

Last year Mr. G. B. Lieburg donated 15000 plants, many of which are duplicates of the specimens in the United States National Hiberia. These two collections, with those of Thomas Howell, bring the University of Oregon Hiberia up to 35000 specimens, making a very good working collection.

A coming event of considerable interest to the men of the University is the men's meeting on Friday evening, Oct. 15, that is held under the management of the Y. M. C. A. Prof. Sweetser, head of the Biological department and one of the most enthusiastic speakers to men has consented to address this meeting. Prof. Sweetser has taken a keen interest in the work of the association this year and has a class, "The Challenge of the City." He has arranged to use his stereopticon for this occasion and views illustrating the address will be thrown on the screen.

Aside from the rousing chorus singing which has been made a feature of the meetings this year, a male quartette and solos have been arranged for. The lecture will be given at seven o'clock sharp at McClure hall.

PROKOS IS WORTHY SUCCESSOR TO DUBIE

Yesterday afternoon Prokos, so called after the famous Greek wrestler, the bull dog belonging to Louis Pinkham, journeyed out to Springfield. Now, James, the faithful bull dog of Coach Forbes, lives at Springfield. When James saw Prokos gaily trotting down the sidewalk, he appointed himself a committee of investigation. He reported by ordering Prokos off the sidewalk. Prokos declined with thanks. They mixed. It took the combined strength of our husky coach and six mill hands to negotiate a cessation of hostilities. Finally Prokos was induced to let go of James' ear, and James to stop trying to swallow Prokos' collar in a vain endeavor to get at his neck.

Considering the youth of his nine-months old dog, "Pink" is very well pleased with the outcome of the combat. He thinks that he will prove a worthy successor of the invincible "Dubie" lost in Astoria and mourned by all who knew him. In fact, he is so well pleased with Prokos—who by the way is a faithful son of the South and growls at the mere mention of the fifteenth amendment—that he challenges all comers in the juvenile class. Queensbury rules.

Order of "O" Will Banquet

The Order of the "O" will entertain the Alumni football team at a banquet in the Smeede Hotel this evening from 7 to 9 o'clock.

Contrary to the usual custom, outsiders will be permitted to attend provided they have the necessary price of admission.

Speeches will be made by the different members of the Varsity and Alumni teams.

ONLY EXPERTS FOR GIRLS' TENNIS CLUB

Only expert players are henceforth to be allowed active membership in the girls' tennis club, organized last spring, which is now to be officially recognized by the University management. Tennis will also be made part of the physical culture curriculum for women.

Dr. Stewart, the new ladies' physical instructor, is herself an enthusiast and, as a result, the association is in a most flourishing condition. The courts will hereafter be kept up by the University.

The plan is to have all the applicants for membership become associate members until they are proficient wielders of the racket. Then they will be admitted as active members.

Monday afternoon there will be a meeting of all old members to vote on the new names.

GIRLS' DANCE POSTPONED UNTIL OCT. 23

The girls' dance, scheduled for tonight, has been postponed until the evening of October 23rd and will probably be held in the reception room of the Dormitory instead of in the gymnasium as was first intended. The girls are anxiously awaiting this affair, the first one in the history of the University.

This dance is unique in that only girls will attend, half of them acting as escorts for the rest. The imaginary escorts will dress entirely in black and white; black skirts and white waists.

The girls usually have some party exclusively for co-eds during the year; but this year they decided to make it in the form of a dance. The plainness of the costumes is also a departure from other years when they have usually masqueraded and given short sketches for entertainment.

LAUREANS AND PHILOLOGIANS TONIGHT

Both of the men's literary societies will meet tonight at the usual hour. Mr. Buchen, who was unable to meet tonight, as was posted, will be present tonight, to give the men an address.

The programs follow:

LAUREAN

Football Prespects, Earl Latourette. Extempore speeches, C. W. Walls, W. M. Stasney.

Debate: Resolved: "That the University and O. A. C. should be combined in one institution, located at the same place.

Affirmative, Williams, Hickson, Osterholm; negative, Steel, Terry, Turner.

PHILOLOGIAN

Extempore speech, C. W. Robison. Address, Mr. Buchen. Initiation of new members.

PHILOLOGIAN COMMITTEES

Program: Marshall, Geisler, Himes. Membership: Shangle, Powers, Downing.

TRAINING STARTS MONDAY FOR CLASS MEET

Trainer Hayward has announced that regular track training for the inter-class meet will begin Monday evening. Every man who intends to enter this meet is expected to work out regularly from now on. The meeting called for this evening was very poorly attended and consequently little was done in the way of organization of the men. But each of the classes will have their teams organized by the first of the week and from then on the various class captains will take charge of the athletes.
