

UNIVERSITY GETS TWO NEW BRICK BUILDINGS

MANY SALARIES RAISED—THREE DEPARTMENTS ARE ADDED

Students' Petition to Have the New Gym. Called Hayward Hall Voted Down by Regents

That the University shall have two new buildings as soon as the necessary appropriation can be secured from the legislature was decided by the Board of Regents at their annual business meeting Saturday.

Professor John Straub, Dean of the College of Liberal Arts, who has held the chair of Latin and Greek for 31 years, and F. G. Young, for 14 years head of the department of Economics, were voted salaries of \$2500 as a mark of recognition for their services. The former salary of \$2000 was the maximum attainable at Oregon, but since the maximum here is lower than most of the Western Universities the additional \$500 was granted. Professor B. J. Hawthorne, who has occupied the chair of psychology for 24 years, will be retired in June on the Carnegie pension list with an annual pension of \$1600. His successor will be Samuel Elliott, assistant in that department last year, now a student at Harvard.

Other increases in salary were: Tramer "Bill" Hayward, \$1600 to \$2000; Dr. Cloran, \$1600 to \$1800; Dr. F. L. Shinn, J. F. Bovard and Dr. Bertha Stewart, \$1400 to \$1600; Dr. H. B. Leonard and Dr. J. H. Gilbert, \$1200 to \$1400, and Gustav Buchen \$1000 to \$1300. Miss Sage was made an assistant in the department of Romance Languages on a salary of \$135.

Dr. H. D. Sheldon was placed at the head of a newly organized school of Education which is to teach pedagogy and training, and to handle the Summer School and Correspondence School. Departments of Zoology, Botany and Geology were provided and \$2500 was voted to the School of Medicine in Portland.

The petition of the students that the new gymnasium be called Hayward Hall was acted upon unfavorably, it being the precedent that no college building shall be named after living persons.

Five thousand dollars will be spent in refitting and remodeling the old gymnasium which is to be used by the University women.

The annual report of President Campbell was adopted. In this report President Campbell said that two buildings, one for administration and one for recitation were absolutely necessary in view of the fact that all available space is now crowded to its fullest extent and the annual increase in enrollment promises a thousand students in the collegiate department within the next three or four years. The experience of other western universities has been an example to follow along this line.

The President also recommended the ground now belonging to the University be laid off and the location and style

ALPHA TAU OMEGA TO BE INSTALLED FRIDAY

The local Alpha Club will be formally installed as Alpha Tau Omega next Friday night. This will make the third chapter of this fraternity on the Coast and the fourth national Greek letter fraternity in the University of Oregon.

The installation will be in charge of members from the University of California and Stanford, the two other universities on the Coast where chapters are located. Most of the former members of the Alpha Club who have left school will return for the occasion. There are also a number of Alpha Tau Omegas in Portland who will take part.

The local men are preparing for a week's end of festivities and receptions for the occasion.

REGENT DOLPH JOINS ACACIA FRATERNITY

Regent Dolph, of Portland, one of the best known and highest Masons in the state, was initiated as an honorary member of the Acacia Fraternity by the local chapter last Friday night, while he was in Eugene attending the regular meeting of the Board.

The members of the Fraternity met Mr. Dolph at the train and escorted him to the chapter house, where the initiation took place. A banquet was given in his honor immediately afterwards, where he made a speech that was highly appreciated by the college men.

FRESHMAN GLEE WAS A GREAT SUCCESS

Despite the fact that the floor of Hayward hall was not in perfect condition for dancing, the Freshman Glee has been pronounced a great success. All other requisites for an enjoyable dance were there; beautiful ladies, swell music, delightful refreshments; everything that could be wished.

The Grand March, led by George Jett with Miss Cecelle Wilcox, and Wallace Mount with Miss Bertha Masters was participated in by one hundred and forty couples who filled, but did not crowd, the floor.

The freshman class was honored by the attendance of the members of the Board of Regents.

The patronesses were Mrs. P. L. Campbell, Mrs. R. S. Bean, Mrs. S. H. Friendly, Mrs. C. A. Dolph, Mrs. J. C. Ainsworth, Mrs. J. W. Hamilton and Mrs. T. C. Warner.

WASHINGTON HAS TWO FAIR CO-ED. ORATORS

University of Washington, Feb. 22.—The list of nine orators that will enter the tryout next week for the Interstate Contest between Oregon, Washington and Montana includes two women, one of whom will champion the cause of woman suffrage.

German "W's" will hereafter be granted to the women who make the final teams in basketball, baseball, handball,

NO TROUBLE TO WIN CROSS COUNTRY RACE

OREGON HAS FIVE MEN BETTER THAN O. A. C.'s BEST

Last Year's Victory Repeated by 41-15 Score—Interclass Meet Is Postponed Till Sun Shines.

Oregon won an overwhelming victory in the cross country run yesterday when all five of the Varsity men romped home ahead of the Agric team. The Varsity scored 40 to O. A. C.'s 15 points.

The slushy snow made the course heavy and soggy, the track being especially bad. Considering this and the aerliness of the season the time made by Freshman Henry of 19.53 is excellent. The course was a good four miles, being two laps around the track, then over the regular three mile course, and a finish of two laps around the track.

Oregon men led throughout the run and due to their excellent training still had a sprint left for the finish. An encouraging feature of the race was the excellent showing made by the new men Henry, McClure and McGuire, who took respectively first, third and fourth places. As the runners came onto the track three Agrics were in the bunch but the pace set for the finish was too hot and all five Oregon men pulled ahead, fighting hard with each other for the places.

The runners placed as follows:

Name and team.	Score
Henry, O.	10
Garrabrandt, O.	9
McClure, O.	8
McGuire, O.	7
Riddell, O.	6
Williams, O. A. C.	5
Brown, O. A. C.	4
Burdick, O. A. C.	3
Watson, O. A. C.	2
Severanz, O. A. C.	1

The judges were: Start, Hayward; Time, Watson; Finish, DeVolt and Keady.

Severanz, the last O. A. C. man showed up five minutes late and fears were expressed that he had been lost in the brush. He finally appeared, however and ran around the track by himself, encouraged by the Oregon rooters.

The inclement weather put a quietus on the plans for the interclass track meet and nothing occurred in that line. "Postponed," Bill says, "till the sun shines."

Cornell's new athletic field contains fifty seven acres. It will have a large stadium, gymnasium, football and baseball fields. It is estimated that \$350,000 will be required to equip it.

Greek letter fraternities have 269,000 members in the United States. There are 1,100 fraternity houses, valued at more than \$8,000,000.

tennis, hockey, and rowing, and also to those who win honors in "gym" work. Hitherto it was impossible for the women to win their emblem except in debate, where they were presented with the regulation gold-barred "W."

NEW CLUB ORGANIZED BY UNIVERSITY WOMEN

Beth Reah, a new local organization of University girls was formally announced at a very delightful party given at the home of Professor and Mrs. Straub Tuesday evening, February 22. The membership of the new club is as follows: Naomi Williamson, Pearl Huff, Maybelle Larsen, Mable Lane, Ruth Stone, Alma Payton, Blanche Powell, Margaret Powell, Ruth Howell and Bessie Anderson. Mrs. Straub is honorary member and Mrs. Powell, of Portland, is house mother.

President Campbell, Prof. and Mrs. Straub, Mrs. Pennell, Mrs. Stafford, and Mrs. Powell were guests of the club at its announcement. The home of this new organization is at 629 Patterson street.

COACH KELLY MAKING GOOD IN THE SOUTH

"Father Tom" Kelly, Oregon's baseball coach, continues his success with the team from Santa Clara college, which he has charge of until the season opens at Oregon next spring.

Kelly's latest triumph is over the University of California, which his men defeated in a hard game. A few days before, they won from Stanford. These two universities put out high class baseball teams, and it speaks well for Kelly's coaching ability that he could develop from a small college like Santa Clara a team that can hold its own with the best of them.

OFFERS TEN TICKETS FOR TWO DOLLARS

Manager Harper Jamison is beginning a strenuous campaign to sell the season tickets for this year's baseball games.

He is canvassing the Eugene business men and in a few days will start in on the students in the attempt to sell the 500 that are essential to the season's success. The price of the ticket is \$2.00, and the management feels that all the students,—at least all the men—should buy one.

The management is doing all possible to insure a successful season and feels that it should have the united support of the whole student-body for baseball prospects were never brighter than this year.

Tom Kelly writes from Santa Clara that he will be up soon to take charge and says that with proper support he can bring the pennant to Oregon.

The battery men are working out daily in the "gym" to get in condition for the season's early opening. Tom Word and Ferd Henkle have returned for the spring semester and several new men of baseball experience have entered.

A Good Exam.

At the mid-year examinations in horticulture in the University of Missouri, the first thing the professor did was to pass around a box of good cigars. After everyone had "lit up" he wrote the questions on the board.

LIVELY MEETING OF STUDENT-BODY TODAY

ASPHALT TENNIS COURT WILL BE BUILT IN THE SPRING

Junior Week-End Will Be Postponed on Account of All-Coast Track Meet at Berkeley.

At the regular meeting of the Associated Students this morning, it was decided to build an asphalt tennis court at a maximum cost of eight hundred dollars, three hundred of which is to be appropriated at once the remainder to be borrowed. The tennis club has agreed to pay eight per cent interest on this sum and this was stipulated as a condition to passing the motion.

The meeting was interesting throughout and brought forth a heated discussion. It was opened by President Williams presenting the cross country cups and medals. Wm. McClure, '13, received the gold medal for first place; Chas. Garrabrandt, '12, the silver medal for second place, and Wilbur Shoemaker, '12, the bronze medal for third place. The sophomore class team received the cup for making the most points.

Manager Terry and Captain Stine spoke on basketball, urging more support for the team. Cecil Espy, track manager, then announced the action of the Athletic Council in favor of sending at least six men to the all-coast track meet at Berkeley. As this meet comes during Junior Week-End, he suggested that that holiday be postponed two weeks and a resolution to this effect was made and passed. This matter will have to be approved by the faculty.

Ralph Bacon, '06, better known as Rex Ham, who has arranged for the Schumann-Heink concert to be given here Friday of this week, spoke for a few minutes on the importance to the University of supporting this event.

Harper Jamison, baseball manager, told how baseball prospects were brighter than ever this season. Most of the old team is back, they have the same coach and a good schedule. He asks all who can to secure season tickets so that expenses may be assured.

The regular order of business was then taken up. Glenn Scott reported that the committee on Tennis had done their work and suggested that the student body appropriate at least a part toward the expense of constructing an asphalt court.

Sam Davidson made a motion that the student body appropriate \$300 and guarantee a sum up to \$800 for the construction of an asphalt court. The Tennis club to pay interest on any borrowed money up to 8 per cent. Then followed a rather varied discussion of the motion in which Goodman, Newlands and Geary took an active part. At last the motion was voted on and carried.

The Executive committee was asked to give a complete statement of the financial condition of the student body at the next meeting.

Harper Jamison presented an amendment to the by-laws whereby any sur-
