### CHOOSE DELEGATES TO SALEM NEXT MONDAY

The delegates to the Inter-collegiate Oratorical Association will be selected by the junior class next Monday afternoon. The meeting is called for 4:00 o'clock in Professor DeCou's room.

During the next week all four classes will probably meet to select delegates. Each class is entitled to four. Those chosen have all their expenses paid to Salem and return on March 11th. While there, they hear the oratorical contest and are guests at the immense banquet served by the students of Willamette University for the visiting delegates and orators.

In the trip which the University of Washington basketball team made through the Inland Empire last week, out of six games played, four were won by Washington. She won from Washington State College, but was defeated by Idaho and Whitman.

It is proposed by prominent educators to interchange students in universities in the United Kingdom, Canada and the United States.

### NO JUNIOR RECORDS PUBLISHED AT U. OF W.

Seattle, Feb. 12—No junior records will be published in the University of Washington junior annual this year. Senior records will appear as heretofore. The third year men claim that their records are as yet incomplete, and will be published the next year anyway.

A new interpretation of the faculty ruling, that fraternity candidates must possess twelve credits before initiation, was issued yesterday, and caused great joy among the neophytes, particularly among those in the School of Engineering. This ruling allows the pledges to count manual training or gymnasium credits among the necessary twelve.

Two thousand and eighty-eight students made up the total number registered by Tuesday evening. Those in charge expect a considerable addition to this number during the next two weeks. Notwithstanding the fact that the standard of scholarship has been raised ten per cent, the registration has increased twenty per cent, while the number of conditions has decreased only ten per cent. A fine of \$1.00 was imposed on those who registered later than February 15th.

Members of the faculty at the University of Minnesota have pledged \$100,000 with which to build an apartment house for the use of university professors.

### U. OF W. TO PLAY HERE NEXT THURSDAY NIGHT

After some hard rustling Manager Roy Terry has scheduled a basketball game with the University of Washington five for next Thursday. The management will be under heavy expense to bring Washington here and as the game is certain to be close and interesting Terry feels that the students should turn out.

Washington has a strong team this year, as is shown by their victorious trip through the Inland Empire where they won four out of six games.

However, the showing made against Idaho justifies confidence in Captain Stine's bunch. If they improve as much next week as last, Washington will have to go some to defeat them.

In the preliminary the Varsity second will have an opportunity for revenge on the local high school which defeated them last week. The Scrubs have been working faithfully and should give a good account of themselves.

Several co-eds of Whitman College were "tubbed" the other day and underwent sundry other punishments for yelling for opponents in a recent football game. The above article appeared in the Willamette Collegian, but the statement seems to be denied by the Whitman people.

The Michigan State Agricultural and Botany building is to have a new addition. The plan contemplates an extension of a small greenhouse, about 25x50 feet, the chief purpose of which will be for instruction in plant physiology.
