## OREGON BEATS O. A. C. IN ANNUAL CONTEST

Track Team Gets 84 Points Without Two Mile and Javelin

By Helen Higbee

Before a filled grandstand and bleachers, the University of Oregon's track team administered an overwhelming defeat to the Agricultural College, to the tune of 84 to 38. The Varsity bunch were responsible for shattering three Northwest records, tying a Coast record, breaking one college record, and tying another.

In the second event, Martin Hawkins began the good work by establishing a Northwest record of 15 2-5 seconds for the 120-yard hurdles. This equaled the Coast record held by Edwards, of Stanford.

Freshman McClure covered the mile in 4 minutes 36 1-2 seconds, which broke the Oregon record that Sievers held for two years.

Then James Johns romped along the quarter mile and took first place in 51 1-5 seconds, tying an old Oregon record that belonged to Clyde Payne.

Ben Williams was not content with first place in the pole vault or with the Northwest record he made in Seattle this month, and after defeating his competitors put the stick on the top of the standards. With a beautiful vault he cleared 12 feet and 2-10 inches in the first trial, establishing a new Northwest record, and could probably have done better if he could have put the stick up higher.

The Varsity relay team clipped 2 2-5 seconds off the Northwest record of the University of Washington, lowering the time to 3:27 2-5. Kay followed instructions exactly by letting Siemens of O. A. C. lead him at a hot pace in the first half lap, and then nosing him out in a breath-snatching finish.

Elliott improved his lead in a fast quarter against Thompson. Then came Jim Johns in a whirlwind dash around his course in 51 seconds. Castle, of O. A. C., had no chance. McDaniels finished up with a burst of speed, crossing the tape a full quarter lap ahead of Shaddock.

Bob Kellogg proved the most valuable man Oregon had in the field, annexing thirteen points for the lemon and green by taking firsts in the shot put and hammer throw and making second place in the discus throw.

Bergman, of O. A. C., gathered up nine points by taking first place with the hundred, second in the 220 hurdles, and third in 220 dash.

Against four firsts for O. A. C., the U. of O. won ten first places, which helps to account for the score. Sap Latourette, Bristow, Standby, and the promising freshman, Kay, are responsible for three first places.

After the delayed start there was not a dull moment for the grandstand and bleachers, so quickly were things pulled off. There was more than usual interest in the hammer throw, when "Fat" Bailey threw the hammer 131 feet the first time. The grandstand stood up and cheered for the popular lad.

## BATTING AVERAGES OUT IN DOUGHNUT LEAGUE

Woman's Emerald Gets Scoop on All Rivals

At last the long-awaited Doughnut League batting averages are out. They were issued this morning especially for the sporting page of the Woman's Emerald, and contain some interesting facts and figures.

Those interested in the development of intra-college sports as against specialization and too much attention to intercollegiate sports will be pleased to learn that exactly 105 different players have taken part in the 11 games already played in the league's schedule. Not more than 15 or 20 of these have even been trying for the first team squad, which is pretty clear evidence of the really valuable part played by the league in bringing out men who would otherwise not participate in athletics.

The race for the batter's cup recently presented by L. H. Gregory to the player with the highest average in the Doughnut League, who has been at bat at least twelve times, is already becoming exciting. The cup must be won three years, not in succession, to belong permanently to one man. Though McIntosh, of the Kappa Sigmas, has hit 1000 in three trips to the plate, Barbur, of the Sigma Nus, is the real leader of the sluggers with six hits out of ten times at bat, an average of .600. Huston with .555 for 5 hits out of nine times up, Shangle with .545, and Walker with .500 are pressing him close.

McIntosh and several others who have been clouting effectively are unfortunately out of the race for the cup, as their teams have been eliminated before they had been the necessary twelve times at bat.

One peculiar feature of the race for swatting honors is the fact that many first team players have been unable to do anything with the bat in the Doughnut League. Dudley Clarke, the mighty captain of "Father Tom" Kelley's romping youngsters, whiffed once at a critical moment and batted only 250 in eight times up. Ben Chandler has only one hit in nine times at the bat. "Chuck" Taylor is hitting only 125, and others are even lower. Barbur and Gabrielson are the only first teamers who seem able to keep their batting optics before the dazzling curves of the leading league twirlers.

Only six of the original ten clubs are now left in the struggle for the Doughnut cup, the others having been eliminated. Five games remain to be played in the next two weeks, the race having narrowed down to the Sigma Nus, Betas and Avavas, in the first division, with two games won and none lost, and the Khoda Khans, Beavers and Acacias in the second division, the Tawahs having been downed by the Acacias last Wednesday by the score of 7 to 6. One of the second division clubs and one of those in the first will draw byes, after the Khoda Khan-Beaver game is played, and these clubs will then play each other, the loser being eliminated. This will leave four teams for the finals. The Kappa Sibmas, present holders of the cup, lost to the Avavas last Saturday by the score of 8 to 5.

Here are complete batting averages of every player in the league:

## AGGIES DOWN OREGON IN FIRST BALL GAME

Story of the Contest As College Girl Saw It

By Cecile Wilcox

Oregon Agricultural College won this morning's game from the University of Oregon by the score of 2 to 0, in the tenth inning, in a game that had been scoreless up to that time. It was a heart-breaking finish to what was otherwise a splendid contest. An error let in the winning runs.

The game by innings was played as follows:

First inning—Henkel walked Horton and Moore in succession, but steadied on Crews, who went out to first. Horton was out on attempt to purloin the plate, and Poff struck out. No runs.

For Oregon, Clarke hit safe to left field, Chandler knocked an infield fly that Reed caught, and McIntosh beat out a slow infield tap. Barbur fanned. VanMarter went out at first. No runs.

Second inning—Keck struck out. Keene was hit and went to first, but a moment later was caught napping off the bag by Henkel and thrown out. Cooper walked, but Reed struck out. No runs.

Kay struck out. Taylor went out on a high foul. Jamison cracked out a safe hit, but died trying to steal second. No runs.

Third inning—Carroll struck out. Horton grounded out to Jamison and Moore flied to short. No runs.

Oregon also went out one, two, three. Henkel grounded to first, Clarke fanned, and Chandler went out at first. No runs.

Fourth inning—Crews started with a safe hit and Poff walked. On an attempted double steal, Crews was caught off third. Keck struck out. Poff stole third, but Keene couldn't get the ball out of the infield. No runs.

McIntosh and Barbur whiffed in succession, and VanMarter was out at first. No runs.

Fifth inning—Kay was safe at second on Crews' error, and reached third on Taylor's sacrifice. Jamison fanned. Henkel attempted to bunt, but after a lengthy discussion was called out because of interference. No runs.

Sixth inning—Horton made first safely, and was sacrificed to second by Moore. Crews went out at first, Horton making third. Poff struck out. No runs.

Clarke went out, Reed to Cooper. Chandler hit safe, but McIntosh was out at first. Taylor, running for Chandler, reaching second on the play. Barbur was safe when Keene dropped his infield pop-up, Taylor going to third. He was thrown out trying to reach the plate. No runs.

Seventh inning—Keck made a clean single. Keene was out at first, Keck reaching second. Cooper grounded out, while Keck advanced to third; but Reed whiffed. No runs.

VanMarter started something with a clean single, went to second on Kay's sacrifice, but was thrown out a moment later. Taylor reached first safely, and stole second, but Jamison fanned. No runs.

Eighth inning—Carroll was out on a fly to Barbur. Horton made first on a safe one, but went out stealing when Moore fanned. No runs.

Henkel struck out. Clarke singled to left and stole second. Chandler was out on a foul. Clarke was caught off second. No runs.

Ninth inning—Henkel struck out Crews, Poff and Keck, in succession, the latter for the third time during the game, and was given an ovation by the fans. No runs.

For Oregon, McIntosh and Barbur went out at first and VanMarter was safe on an error at short. He went out stealing. No runs.
