

BIG MEET OF YEAR TO BE HELD HERE FRIDAY

W. S. C. TRACK TEAM COMES TO TAKE OREGON'S SCALP

Fastest Sprinter in Northwest To Perform On Local Track Next Friday Afternoon.

On Friday afternoon Oregon's sun-burned athletes will cope with Pullman's track team, whose records show it to be one of the most formidable college teams in the United States. Such has been the efficiency of the past three weeks of sunshine, however, in putting Oregon's men in shape, that they have an even chance of winning from this team, which is equal, and possibly superior, to the University of Washington aggregation.

Nelson, Cooil, and Stooky are giants in the dashes and runs. Nelson in the dashes is a better man than the great Gish, of Washington. It is time in the recent dual meet between Whitman and Pullman, which Pullman won by the overwhelming score of 117 to 23, for the 100-yard dash was 9 3-5 seconds, and for the 220-yard 21 1-5 seconds, both equalling world's records. He has the Northwest record in the quarter of 50 1-5 seconds. Cooil in the Whitman meet lowered the Northwest record for the mile and half mile to 4 minutes 31 1-3 seconds and 1 minute 59 4-5 seconds respectively. Stooky lowered the Northwest record for the two mile, formerly held by Henry, of Oregon, to 10 minutes 10 seconds.

Pullman, moreover, does not depend upon the work of these three record holders entirely, for she has a well balanced team in every department. Dalquist high jumps 5 feet 8 inches and pole vaults 11 feet. Johnson broad jumps 22 feet. Anderson, their best weight man, puts the shot 40 feet 3 inches and throws the hammer 127 feet. Against this formidable scoring machine Trainer Hayward is organizing a superb defense. Every man on the Oregon team is in perfect condition and in every event except the 100 and 220 yard dashes, in which Kay and McDaniels can not expect to do better than second, should give the Northerners a hard tussle for first place.

On the pole vault, the hammer throw and discus throw, Ben Williams, Bob Kellogg, Bailey and Jim Neill should pull down first places, while in the javelin and shot put, honors should be about even.

McDaniels, Johns and Elliott are hard to beat in the quarter, and there is a chance that one of them will shatter the Northwest record in this event.

McClure and Henry, strengthened by their experience in former races, which has taught them how best to run their events, will give Cooil and Stooky something to do in the mile and two mile.

The outcome of the meet will undoubtedly be close, and there is sure to be some Northwest records, and possibly some world records, shattered by men on both teams.

JUNIOR PROM FITTING CLOSE TO WEEK END

Students and Friends Enjoy First Formal Affair Held In New Gymnasium

Junior Week End was brought to a brilliant close by the Junior Prom on Saturday evening. It was held in the new gymnasium. The floor, though not yet perfect, was in better shape than at any of the previous dances held there.

This being the only class dance of the year which is not exclusively for students and alumni, many out of town guests were present and the large hall was well filled. Hendershott's orchestra furnished the music. The roof porch of the gymnasium was decorated with class colors and made bright by Japanese lanterns. The hall was decorated with Indian blankets and cushions and a large 1911 banner strung across the north end.

Sixty-nine and three-tenths per cent of the students attending Amherst College have been engaged in athletic activities.

IDAHO HAS CAMPUS DAY

Oliver Price Wins Presidency by Narrow Margin In Student Body Election

University of Idaho, Moscow, May 21.—Yesterday witnessed one of the closest most exciting elections ever held at the University. Oliver Price, Idaho's distinguished man, was pitted against John Rock, of debate fame, for the presidency of the A. S. U. I. and won by a narrow margin. Besides his track work, Price has been prominent in all student activities. He is at present a member of the debate council and is Y. M. C. A. President for next year. The other officers elected are: Vice President, George Sember; Secretary, Veronica Foley; Treasurer, Enoch Barnard; and the following members of the debate council: Rowe Holman, Paul Clemens, Joseph Adams, Ida Tweedy, Paul Durrie and John Rock.

Perhaps the most interest centered around the election of the members of the athletic board. James Montgomery led in the race, defeating Lloyd Fenn by but three votes and James Thornton by eleven. The others elected were Leonard Case, Fritz Lundstrum and Roy Johnson, Wallace Strohecker and Amos Hitt tying for the last place on the board.

Altogether the students feel that they have a group of able officers to look after student affairs for next year.

Elaborate preparations are being made for a campus day which will be held Monday Miss Permeal J. French, who has charge of the program, has secured some good speakers and arranged a schedule that will fill the entire day. The main thing to be accomplished is the improvement of the general appearance of the campus.

The first May fete at the University of Washington was held by the women of that University on May 17.

INTERSTATE ORATORS MEET FRIDAY NIGHT

OREGON HAS CHANCE TO WIN ANOTHER FORENSIC CHAMPIONSHIP

Harold Rounds Represents Oregon Against Universities of Washington and Montana.

Oregon has a chance to win one more championship when representatives of the Universities of Washington and Montana meet Oregon's representative in the interstate oratorical contest at Villard Hall Friday evening, May 27.

The interstate oratorical contest is an annual event, but will be somewhat different this year. Formerly the Universities of Washington, Idaho and Oregon took part, but this year Idaho withdrew and Montana was invited to send a representative. The representatives are: For Washington, Glen H. Hoover; for Montana, Mr. Bullerdick; for Oregon, Harold Rounds.

This contest is the only one of the year in which there are any prizes offered. The King County, Washington, Bar Association offers \$75 for the winner and \$25 for second place. Besides the orations, Manager Steel promises to secure good musical numbers if he has to hire it. This is the first and last opportunity of the year to hear an oratorical contest, and the support of every student is needed.

President Oratorical Association

Clarence A. Steele, manager of oratory and debate, is the President of the Interstate Oratorical Association this year, and as such, will preside at the annual contest in Villard Hall next Friday night. Steel is a senior from Portland, is majoring in History, and has always taken a lively interest in forensics during his college course. He is a member of the Laurean Society, of which he was president at the first of the year. As Manager of Oratory and Debate, Steele has conducted the department in an exceptionally business like manner, and has awakened deep interest in forensics. In spite of all he could do, however, there will be a heavy deficit to face at the close of the year, and he urges faithful attendance at the coming contest.

W. S. C. LOSES IN SLOW GAME WITH WHITMAN

Senior Class Will Present "Shoemaker's Holiday" On Class Day

Walla Walla, May 22.—Whitman won from W. S. C. yesterday in a game of ball very loosely played by the visitors, by a score of 6 to 1. Whitman got three hits to W. S. C. two, and made only one error, while the visiting team made seven.

Whitman has been playing some of the best ball seen on the home diamond this week. The games where she broke even with the U. of W. in thirteen and ten inning games were hard to beat for college games.

The girls of the Young Women's Christian Association conducted a cafeteria lunch counter yesterday evening for the purpose of raising money for the conference fund. After supper a festival consisting of a Maypole dance, songs by the Girls' and Boys' Glee Clubs and various drills, was conducted for the benefit of the patrons.

The senior class this year will present the "Shoemaker's Holiday" for their class day exercises.

JUST WHEN WAS THAT?

Can't Remember? Well, Look In the Oregonian. Will Tell Who Did What, and When

If you are in doubt as to what has happened during the past year or as to just when it happened, the 1911 Oregonian will refresh your memory; for one of its features will be a calendar of all the year's events. The deepest secrets will not escape publicity in this department and many surprises may be expected.

"The students will be astonished when they discover what a lot of things they have done during the year," said Editor Tolson, speaking of this department. "You needn't hope to keep your record out either. And if you really didn't do what it says you did, don't blame the editor. Why, how could I make you do it?"

The book will be dedicated to the student body and University at large. It is intended as the Varsity year book in the fullest sense, and this dedication is one of the best indications of its true nature.

On Wednesday, May 25, the rowing crews of the University of Washington and Stanford will meet on Lake Washington, Seattle.

Over three hundred students at the University of Washington met their victorious track team at the railway station, and paraded the streets of Seattle, led by the University band.

At a recent meeting of the trustees of Columbia University, it was announced that that institution had just received over \$60,000 in gifts. Of this, \$39,000 was contributed by an anonymous donor, and this sum is to be expended under the direction of President Butler.

W. S. C. STARTS LAST HOME SERIES TODAY

PULLMANITES HAVE GOOD TEAM OF HEAVY HITTERS

Clark Comes in to Third and Taylor Takes His Place at Center Field.

The Washington State College nine arrives on today's local for two games with Coach Kelly's bunch. The first game will be called at 4:00 P. M. Ferdinand Henkel has had a rest from Saturday's games in which luck broke against him so badly, and is prepared to take the measure of the Pullmanites.

Father Tom has made a rearrangement of the team and expects better results in the infield. Captain Clarke will be brought back into the infield at the difficult corner, and Chuck Taylor, who has been playing gilt edged ball, will go to Clarke's place in the center garden.

Manager Jamison, while appreciating the support given the team in the last series, is a bit worried over the financial outcome, and appeals to everybody to help on this last home series.

Though the W. S. C. is not at the top of the league, they have a well balanced team and an especially strong outfield. Oregon bases its hopes on the fact that on the last series the teams broke even, and Kelly expects to do better at home.

Oregon will line up today:
Gabrielson, c.
Henkel, p.
Jamison, 1b.
Barbour, 2b.
McIntosh, ss.
Clarke, (c) 3b.
Chandler, lf.
Taylor, cf.
Van Marter, rf.

ENGINEERS TO ELECT NEXT YEAR'S OFFICERS

The Engineering Club will meet next Saturday evening at 7:30 o'clock in Deady Hall. Professor Frink will deliver an address on "Railway Terminals." Officers will be elected for the next year.

NEW APPARATUS FOR ENGINEERING DEPT.

The department of Mechanical Engineering has just received an electric pyrometer for measuring high temperatures. It registers up to 1,650 degrees Fahrenheit. The temperature of the exhaust gases of the gas engine in the mechanical laboratory was registered by it at 620 degrees.

There will be an important meeting of the Dramatic Club Thursday night at 7:30. The election of officers for next year, Treasurer's report, and final settling of the year's affairs are among the matters to be considered. All members in order to be present. Contest in order that no further expenses may be incurred.
