

VOICE DEPARTMENT WILL GIVE RECITAL

Popular List of Singers to be
Heard Next Thursday
Night

There will be a recital given by the students in the voice department of the University Music School, assisted by Raphael Geisler, pianist, next Thursday evening in Villard Hall. The program prepared is a very interesting one and a large attendance is desired. It would be most gratifying to the department if the student body was more represented at these recitals.

Among those appearing on the program Thursday night are Edith Prescott, Hazel Huff Willoughby, Lilah Prosser, Alma Noon, Helen White, Florence Cleveland, Alma Payton, Mrs. Sterling Foster, Bert Prescott and Alexander Martin.

On Monday, May 23, the students of the University of Idaho celebrated their first annual Campus Day. The day was taken up with the planting of ivy by the various classes, a procession and May pole dance by the girls, the singing of the University songs, and a number of humorous athletic stunts.

Theodore Roosevelt has been suggested for the Presidency of the University of Minnesota.

The faculty at the University of Washington has put the ban on early examinations.

A golf match is being played between the freshman and sophomore classes at Yale.

STANFORD OARSMEN TRAINING IN SEATTLE

Excellent Records Are Made at
Interscholastic Track
Meet

Seattle, May 24.—The Stanford crew, which will oppose the Washington eight tomorrow for the intercollegiate championship, took their initial spin over the three mile course Saturday. The Southerners, who are for the most part big and broad in contrast to the rangy Varsity oarsmen, seem to be in excellent condition and outweigh the locals several pounds per man. If the present fair weather continues, it is expected that a record breaking crowd will be out to witness what promises to be the best race ever participated in by the Varsity crew.

Six new records were set at the recent interscholastic held on the local track last Saturday. The most notable of these were the shot put of 46.95 feet by Ames of Lincoln, the mile made in 4 minutes 30 seconds by Risdon of Broadway, and the half mile in 2 minutes 25 seconds also by Risdon.

The 1911 Year, the annual Junior publication, came out in the class colors today, when two hundred copies were placed on sale at the book store. Its financial success takes the book from under probation and according to the faculty ruling, succeeding classes will now be allowed to continue the publication of the annual.

Grace LaBrie and Ruth Rolfe are spending the week end at the Armitage ranch near Eugene.

Annie Bergman and Bettie Wagner are spending the week end with Emma Job at her home in Cottage Grove.

MANY STUDY AT HOME

CORRESPONDENCE STUDY
DEPARTMENT GROWS
APACE

University Aims to Serve People
of State to Greatest Possible
Extent. Dr. Leonard Director.

The Correspondence Study department promises next year to keep pace with the general growth expected by the University officials. It has been the constant aim of the Regents to make the University serve the people of the state to the fullest possible extent, and it was in keeping with this purpose that the Correspondence department was established in 1907. To the courses now offered, it is planned to add others as soon as resources will permit. A study of the list of courses offered now shows that many of the members of the faculty are giving some time to this department, and others will be added as soon as the number registering make it necessary. Dr. H. B. Leonard is resident director.

The courses offered are designed to be as nearly like the work given on the campus as possible. Besides general preparatory courses for entrance to the University, there are extensive college courses given in Mathematics, Economics, History, English Composition and Pedagogy. Although all subjects can not be taught efficiently by mail, experience has shown that those subjects where much written work is required of resident students lend themselves to effective long distance treatment.

The University asks no pay for its instruction, and the student is only required to buy his text books and pay the postage both ways. On the average, one dollar will pay the postage on the work sent in and the student upon registration is required to pay one dollar, for each course chosen, to prepay postage on the matter to be sent to him.

The University offers courses to all those who are able to take them, and anyone may elect any course that he desires, provided he has the ability to carry on the work. The practical result has been that not more than two per cent of those registering have persisted in sending in work that was not up to the standard.

Professor L. R. Alderman is field director of the department, and also conducts its course in Pedagogy. Miss Mozelle Hair is secretary of the department and assists in conducting the courses in English Literature. Wilfred Wattenburg assists Dr. Leonard with the Mathematics papers, and Miss Lilah Prosser and Miss Pansy Shaver are employed as stenographers.

Merle McKelvey and Mildred Bagley have gone home to spend Saturday and Sunday.

Mozelle Hair went to Grants Pass for a week's visit.

Olivia Risley, an Oregon graduate, will visit here next week.

PENDLETON VS EUGENE FOR CHAMPIONSHIP

Interscholastic Debating League
Closes Season in Villard
Hall Next Friday Night

Friday evening, June 3, marks the close of the high school debating league for the year, when the debating teams of Eugene and Pendleton High Schools will meet in Villard Hall to decide the championship of the state.

The Eugene team at present is champion of the Central, Southern and Coos Bay districts. The Pendleton team is champion of the Eastern Oregon and Columbia River districts. The question is that of guarantee of state banks, Eugene having the affirmative and Pendleton the negative.

It will be remembered that Pendleton High was represented in the finals last year, but was defeated by Grants Pass.

The winner of the finals receives the Regents' cup, which Grants Pass has at present. It takes two successful years to hold the cup, but the yearly winner keeps the league cup, which is awarded yearly.

Mrs. Frank L. Chambers and Mrs. Louis E. Bean will entertain the University alumnae on Tuesday, May thirty-first, from three to five thirty, at the home of Mrs. Bean.

Miss Kathleen Thomas, of Portland, is visiting Hattie Hyde at the Kloshe Tillacum house.

Mr. and Mrs. Catlin came in from Salem last night to spend a few days with their daughter Sophia.

Mr. and Mrs. Masters are visiting their daughter at the Gamma Phi Beta house.

Miss Mason, of Portland, is visiting her cousin, Ada Kendall, at the Gamma Phi Beta house.

AMENDMENTS PROPOSED TO A. S. U. O. CONSTITUTION

Members of Graduate School
May Be Barred From Student
Offices

Following the assembly addresses Wednesday, a short special meeting of the student body was held, in which two amendments to the constitution were proposed.

The first was to amend Article I, Section 2, to read as follows: All students of the Colleges of Literature, Science and Arts, and Engineering, are members of this Association. Members of the Graduate School are not eligible to elective offices in the Associated Students.

The next was to amend Art. III, Section 2. Where two or more candidates are to be elected, and the voter casts his vote for less than the number to be elected, that portion of his ballot shall be void.

The next assembly will be the last one held this year, and will be in charge of the alumni.

"Pat" McArthur, private secretary to Governor Benson, and one of the most enthusiastic of the old grads, came up yesterday to see the W. S. C. meet.

Paul VanScoy, '09, is in town for a week's recuperation. He has been running preliminary lines for the Oregon Trunk, and has been overworking.

Billy Wood is back at the Kappa Sigma house for a few days' visit. He is now located at Washougal in the contracting business.

Alice Cornwall, Julia Platt, Alvia Eakin and Frances Adams, of Portland, are week end visitors at the Kappa Alpha Theta house.
