

JOLLIFICATION FOR OLD GRADUATES NEXT WEEK

TUG OF WAR, TENNIS AND BASEBALL CONTESTS ON PROGRAM

Alumni Athletes to Have Strenuous Time in Contest; With Seniors Commencement Week.

Great plans are being laid for jollifications commencement week. The tug of war, which created so much fun, will again be a feature of the week's program. There will be a baseball game between seniors and alumni, and an alumni team will attempt to lower the colors of the regulararsity tennis team.

The tug of war will occur Tuesday afternoon. Last year's contest was prolonged unduly, owing to the teams being strongly braced. It took the alumni twenty-two minutes to win, with the result that there were many blistered and burnt hands. This year the teams will be required to stand erect, and instead of the team of ten on each side, every senior man will be given a place on the rope, and a corresponding number of alumni chosen.

On the same afternoon Jack Latourette's baseball club will try conclusions with the senior diamond artists. Buck Kelly, '07, will be field captain and will lead to the attack such big league material as Terry Beck, Harry Hobbs, Elmer Paine, Dick Hathaway, Doc Fenton, Roy Reid, Carl McClain and Bob Nelson.

Mac Snow, Bert Prescott and Paul Bond will play Newland and Stine for the tennis championship. This will occur Monday morning.

Following is the detailed program for commencement week:

WASHINGTON ALUMNI PLAN HIGH JINKS

Seattle, June 10—Alumni of the University of Washington will begin the celebration of their annual reunion, June 14, with a visitation and inspection of the new buildings on the campus. Other features of the day will be the Alumni-Faculty baseball game, the ten men relay race with the seniors, and the final dance and banquet at the residence of President Kane.

HERBERT BARBUR WINS CUP IN SINKER LEAGUE

WITH AN AVERAGE OF 432 HE WINS OUT OVER RIVALS

The trophy cup, given by Lair Gregory to the best individual batter in the interfraternity baseball league, was won for the season of 1910 by Herb Barbour, with an average of 432. Barbour is a member of the champion Sigma Nu team. Van Marter, of the Avava club, and Bernie Bear, of the Tawahs, were the closest competitors in the final average.

The cup is to come into permanent possession of the talented individual who succeeds in pulling down the honors for three successive years.

HAWKINS IS ALREADY PLANNING NEXT SEASON

SEES VICTORY LOOMING LARGE ON OREGON'S BANNER

Martin W. Hawkins, of Portland, Oregon's peerless hurdler, was chosen to captain next year's track team, at the meeting of the track men in Tollman's studio last Sunday morning. Bob Kellogg, the premier weight man and the team's best point winner, gave Hawkins a close run for the honors, the vote standing 7 to 6.

Captain Hawkins is determined next year to wipe out this year's defeats by cleaning up everything in the Northwest. Prospects for a winning track team are bright, and Hawkins is scheming how to turn the trick.

To begin with, the men will be put through a regular course of training as soon as school opens next fall. This will be the same as the spring training and will put the team men almost a season ahead. All the old men are expected to return except Williams, Bristow and Riddell, who graduate. To fill Captain Williams' shoes there will be Sweaney and Fiser, a new man from Ontario, Oregon, who has a record of 11 feet 6 inches. George Gabriel, who has been unable to do track work this year, is expected to aid Captain Hawkins in the broad jump, and McClure and Henry, together with Huggins, of Hood River, who already has a record of 4:39, will be abundantly able to take care of the mile.

FINAL A. S. U. O. MEETING DEVELOPS INTEREST

TWO AMENDMENTS PASS EMBLEMS AWARDED INSTALLATION

Debate Will Now Receive Ten Per Cent of Student Body Fund Graduates Now Members.

The final student body meeting last Tuesday developed considerable interest. Two constitutional amendments were voted on; track, baseball and forensic emblems were awarded, and the new student body officers installed.

The amendment previously defeated raising the percentage of student body money devoted to forensics from 5 to 10 per cent was reconsidered and finally passed after a warm debate between the supporters of football and debating.

Personalities were introduced in the debate on an amendment to limit student body officers to the undergraduate college. After a resolution had been passed declaring that the rule should not apply to officers already elected, the amendment was amended and passed simply providing that all students in the colleges of Letters, Science, Arts, and Engineering, and in the Graduate School, should be members of the A. S. U. O.

The following men were presented with "O" jerseys, to the accompaniment of lusty cheers led by Roy Terry: Williams, Bristow, Hawkins, Kellogg, Johns, McDaniels, Latourette, McGuire, Bailey, McClure, Henry, Kay, Neill, and Manager Espy and Trainer Hayward.

Baseball jerseys were awarded to: Clarke, Henkel, Taylor, McKenzie, Dobie, Gabrielson, Newland, Jamison, McIntosh, Van Marter, Barbur, Chandler, Word and Manager Jamison.

The gold "O" pin was awarded to Harold Rounds for oratorical work. The following debaters were also given emblems: Collier, Ray, Powell, Cash, Zimmerman and Spencer. The following members of the women's debating team were presented with the "O": Miss Birdie Wise, Miss Fay Clarke and Miss Carin Degermark.

The newly elected student body officers were sworn in with an impressive oath administered by Benjamin Williams. As a tribute to his memory, the retiring President was accorded a hearty cheer. President Collier then justified the expectations of his friends by making a short but effective inaugural speech, and the association adjourned for the year.

Other new men who are expected to prove valuable, are Nolan, a weight man expected from Portland Academy, Miller, a half miler with a record of 2:02, from Washington High School, and Norris, a quarter man with a record of 52:04, from Portland Academy. The latter is also a fair high and broad jumper. With this new material, and with new men like McClure, Neill, McGuire and Bailey showing the improved form which they attained during the latter part of the season, Captain Hawkins hopes to turn out a team worthy of the athletic traditions of Oregon.

CO-ED TENNIS FINALS TO BE PLAYED TUESDAY

The finals for the girls' championship in tennis will be played Tuesday, June 21, in the morning. A silver cup will be awarded to the winner of the final match.

The sets played off are: Emma Job vs. Mildred Bagley, which Miss Bagley won, 6-0, 6-1, and Gladys Cartwright vs. Frances Oberteuffer, which Miss Oberteuffer won, 6-3, 6-4. This week end there will be two matches, Mildred Bagley vs. Marion Stowe, and Frances Oberteuffer vs. Jennie Frye. The winners of these will play the championship match Tuesday morning.

As a number of girls entered the tournament, there was much interest and speculation as to which of these four girls will prove to be the best tennis player among the women of the University.

Everyone is invited to see the game Tuesday morning.

NEW FIELD FOR INTRA COLLEGIATE ATHLETICS

PROBABLY BE LOCATED NEAR NEW GYMNASIUM—MORE ROOM

In conjunction with the plan to encourage intra-collegiate athletics, and secure the participation of a larger number of students in outdoor sports, the construction of a new and larger athletic field is being planned. It is proposed to move the present field, which covers ground worth more for building purposes, to the thirty acre tract south-east of the President's house. Here several baseball diamonds, a number of tennis courts, and, in time a new track and football field will be built.

The construction of the new field will not be difficult nor expensive. The bleachers and grandstand, which will seat 3500 persons, can be easily moved to the new site, and the amount of grading will not be excessive. The location is near the men's gymnasium and is on the street car line. This advantage of an athletic field near the gymnasium is said to be enjoyed by few Eastern universities, many of the fields of the big Eastern schools being miles from their campus.

While no definite action has yet been taken, it is probable that the proposed change will be made before long. According to Registrar Tiffany, the change in athletic fields will have to precede any new building on the campus, as the next structure will be placed on the present athletic field.

The strong campaign being made by the students, through their Booster Committee, and by the members of the Alumni Association of the University, is showing good results in the general interest which is being taken in Commencement for this year. Several of the old students have signified their intention of returning to participate in the festivities of the week and see the graduation of the largest class in the history of the University.

Bob Alton, ex-'12, is back for the commencement festivities.

TRACK HAS SURPLUS FOR FIRST TIME

MANAGER ESPY TURNS IN \$1,744.77 TO A. S. U. O. HARD SCHEDULE

In Spite of Expensive Meets and California Trip, Track Season Nets Balance.

For the first time in history, the track season has a balance on the credit side. In addition, the team has had the best, hardest and most expensive schedule that an Oregon team has ever had to meet.

Manager Cecil J. Espy has completed his report and will turn in to the A. S. U. of O. exactly nineteen dollars and twenty cents. Despite pessimistic predictions, the California trip did not mean financial bankruptcy, as it cost but \$14.00. The receipts from the triangular meet were badly missed, but the students gave hearty support to the O. A. C. dual meet. The W. S. C. meet, while one of the best ever held here, was poorly supported. The indoor meet was also taboored.

Following is Manager Espy's report: REPORT OF TRACK SEASON 1910

Receipts—	
Student Body appropriation	\$ 592.00
Indoor meet	12.25
