SOCIETIES PLAN BUSY YEAR-MEETINGS CALLED

The different societies are beginning to feel the throb of reviving life, and are busily forming plans for the coming year.

The Eutaxians will probably change their hour of meeting from 7:15 to 7:00. Otherwise there will be no change of plans.

The Laurean reunion will occur at 7:00 P. M. Saturday in Deady. Officers will be elected and plans for the year discussed.

The Philologists are evidently still in the coma state and have not been heard from.

The German Club meets Tuesday afternoon.

UNIVERSITY BOOK STORE FILLS LONG FELT WANT

The new University book store has been established in the basement of the Library, and has been doing a rushing business.

It is in charge of Mr. Douglas, the Librarian of the University, who buys all the books both for the University library and the store. Mr. Douglas keeps in touch with the book markets, and through his association with the University is enabled to obtain all discounts for the store. The students are given the benefit of these discounts with only enough taken out to pay the cost of operation. Through this arrangement the text books are obtained much cheaper this year, also the store being on the campus, it is much more convenient.

As the rush of the registration is now over, the store will not be kept open the usual number of hours. However, it will be open when books are needed, and Mr. Douglas informs the University students that he is able and willing to order any books they may desire for private use, making them the best price possible.

Supplies have not been handled as yet, but this may be considered in the future, and perhaps will be an opening for a co-operative store.

Happy Applegate Married

Leroy G. Applegate, familiarly known as "Happy," and his bride, formerly Miss Betts, of The Dalles, were the guests of the Alpha Tau Omega fraternity Sunday. Mr. Applegate and Miss Betts were married at The Dalles in the latter part of July.

Mr. Applegate recently resigned his position with the Southern Pacific Co., and it was on his way to his home in Southern Oregon that he stopped off at Eugene.

MANY VOLUMES ADDED TO UNIVERSITY LIBRARY

THIRTY-FIVE THOUSAND
BOOKS REPRESENTS
GRAND TOTAL

Librarian Will Introduce New
System of Checking Books and
References Given a Student.

Over sixteen hundred volumes have been added to the University library during the past summer. The books represent a cost of approximately \$4,000. This brings the total number of volumes in the library up to thirty-five thousand. The majority of the acquisitions are in the department of European and American history, Modern English, Education, Electrical and Mechanical Engineering, Political Science and Economics. A large number of valuable sets of reference works are in the lot. Among them are the three sets of Modern Encyclopedias and a large set of Engineering treatises of considerable value to the Engineering department. Another set added is the "Works of Theodore Roosevelt." A large number of files of periodicals were bound this summer, five hundred dollars being expended for that purpose. In the neighborhood of two hundred periodicals, American and foreign, are coming to the library at the present time.

To make room for the books which came in during the summer, it was necessary to add new cases in addition to using additions to the shelf room in the basement.

The new system of checking books was perfected just before registration began. All books are now provided with a card with the signature of the student drawing the book. This system makes possible a more rapid, and at the same time a more accurate, charging of books.
