

K. T. TO SOON BECOME CHAPTER OF TRI DELTA

FOURTH GIRLS' NATIONAL WILL BE INSTALLED OCTOBER 19-22

Delta Delta Delta Is One of Best and Strongest of the Greek Letter Organizations of U. S.

Kloshe Tillacum is the fourth woman's sorority in the University to receive a national charter. On October 19, 20, 21 and 22, the Oregon Chapter, Theta Omicron, of Delta Delta Delta, will be installed. Miss Fitch, of Chicago, editor of Trident, the sorority journal, will be chief installing officer. Others from the Western colleges will also be present, and an informal province convention will be held. At the present time the Oregon chapter is busy making arrangements for the entertainment of the many guests.

Delta Delta Delta was organized on Thanksgiving Eve, 1888, and has at the present time 31 chapters and 24 alumnae associations, with a total membership of 2,500, 525 of these being active.

The pin is a crescent, including three stars, and bearing three Deltas. The pledge pin a trident. Silver, gold and blue are the sorority colors; their flower the pansy, and their jewel the pearl.

Chapters of Delta Delta Delta are found in Adrian, Baker, Baltimore, Bernard, Boston, California, Cincinnati, Colby, DePauw, Iowa, Knox, Minnesota, Mississippi, Nebraska, Northwestern, Ohio State, Pennsylvania, Randolph, Macon, Simpson, St. Lawrence, Stanford, Syracuse, Wansyloania, Vermont, Washington State, Wesleyan, Wisconsin, Oklahoma, Colorado and Oregon.

PROF. HOWE TO DELIVER NEXT ASSEMBLY ADDRESS

An especially good address is announced for assembly next Wednesday. Professor Herbert Crombie Howe, head of the University English Department, will deliver his lecture, "The Education of a Free People."

Professor Howe has been working out this address the past summer, and something unusually good is promised.

FRESHMEN MAKE MERRY AT TRI-DELTA HOUSE

The annual freshman acquaintance party occurred Friday evening at the home of the Tri Delta sorority.

It was well attended and thoroughly enjoyed, excepting several irritating incidents due to the interference of outsiders.

A novel game was introduced, designed both to get the youngsters acquainted and to teach them the Oregon songs.

Scroll and Script Meets

The Scroll and Script honor society held its first meeting at the Kappa Alpha Theta house Friday at 4:00 P. M. Future plans were discussed, which will be later announced to the public.

TRIANGULAR DEBATE LEAGUE NOW ASSURED

Manager Huntington Receives Washington's Approval

Walter M. Huntington, manager of debate and oratory, today received a letter from the manager of debate at the University of Washington, stating that Washington would favor a Coast debating league to include Washington, Oregon and Stanford University. Practically all that now remains is to draw up the constitution and by-laws of the league, as Stanford had already expressed a desire for such a league. The league will be similar to the old Triangular Debating League, except that there will be two instead of three men on each team. Manager Huntington expects to perfect arrangements in time to hold the first debate this winter.

It is thought that such a league will mean bigger things for the Oregon debaters, as it will bring them in closer touch with the great California colleges who have developed forensics to a high art. Manager Huntington is receiving many compliments over the apparent successful consummation of his scheme, for if such a league is formed it will be due to the efforts of the Oregon management.

Carl Homer, '12, returned Wednesday to re-enter college.

START DEBATE SYSTEM

Plan of Inter-Society Debate Will Be Foisted at Oregon

The Laurean, Philologist and Eutaxian societies, under the leadership of Professor Buchen, held a conference today in Deady Hall. The object of the meeting was, in general, to stimulate the literary spirit and arouse the lagging societies to immediate organization, and in particular to renew the Wisconsin plan of inter-society debates.

The Wisconsin plan, which originated in the University of Wisconsin, consists of a series of four inter-society debates; a freshman, an informal, a semi-formal, and finally a big formal debate.

In the University of Wisconsin the rivalry between the different literary societies is very keen. There is more interest shown in this debate than in the inter-collegiate debates, and it is considered a greater honor to make the inter-society team than any inter-collegiate team. It is such a spirit as this that President Campbell has hoped to start by today's conference. He considers the literary society the place to put in practical operation the training received in the public speaking department, and wishes them to be supplementary to each other.

The Wisconsin plan was inaugurated here two years ago, but the interest taken in it last year was small, the "Philos" even forfeiting the freshman debate to the Laureans.

R. Burns Powell has been in The Dalles the past week playing first trombone with Prof. McElroy's band.

Isaac Wyman, an alumnus of Princeton University, recently endowed that institution with \$10,000,000.

WARNER DISAPPOINTED WITH FRESHMEN SQUAD

ONLY FIFTEEN NEW MEN TURNING OUT FOR TEAM

Five of These Will Probably Make the Varsity, Leaving but Ten to Play O. A. C. Babes

According to Coach Warner and trainer Hayward, the commendable football spirit shown by the freshman class at the beginning of the year, is rapidly dying out. At the present time there are but fifteen freshmen who turn out for regular practice. Five of these fifteen men stand excellent chances for making the Varsity team, sooner or later in the season. As Varsity competition disqualifies these five men from holding positions on the regular freshman team, this team will suffer from a poverty of material. It is the aim of the football management to arrange a schedule of regular games for the freshman team this year.

Coach Warner has promised a special coach for the 1914 men, providing they can turn out in sufficient numbers to warrant such a move.

The game between the Oregon freshmen and the O. A. C. freshmen will be played here on November 5th. An attempt is being made to frame up a four year contract for an annual game. The freshmen turning out regularly are Cobb, quarter back on last year's P. A. team, Hill, full back on Baker City, Fenton, the big Dallas athlete who is, however, inexperienced at football, Grout, of West Portland high school, line, Caulfield, of Oregon City, guard, Bean, of Pendleton high school, half back, Turpley, of Eugene, no experience, Bradshaw, of Eugene, line, Fiser, of Ontario, half back, Griffin, of Eugene, line, Hahn, of Lincoln high, end, Ferguson, of Washington high, line, Anderson, of Washington high, line, Casebeer and Skii.

PAN-HELLENIC RULES TO BE MATERIALLY CHANGED

Helen Washburne, President of Pan-Hellenic, has called a meeting of the delegates for next Tuesday afternoon, to discuss proposed changes in the rules governing rushing. The rules for this year were found unsatisfactory by both sororities and rushees, and the various representatives to the inter-sorority organization express themselves as being very anxious to modify the rules. After the experience gained this year, they feel that they will be able to work out a set of rules which will be more practical and satisfactory than those of the past season.

In all probability, the length of the rushing season after college opens will be shortened, so that so much time will not be lost by a rushee in getting permanently settled. There will very likely be a change in the rule forbidding summer rushing, also.

The chancellor of Oxford University educators from Europe and the United States were present.

Agnes Stevenson, '08, is teaching at Klamath Falls.

TENNIS TOURNAMENT FOR FRESHMEN ONLY

Purpose Is to Get New Men Interested for Spring Handicap

A preliminary tennis tournament for the championship of the freshman class will begin immediately and will be run off as fast as the weather will allow. This tournament will be open to freshmen only, and is to be an annual affair. If possible, a trophy will be awarded. Entries must be made with Harry Stine, Clarence Walls, Paul Bond, Dolly Gray or Ralph Newland. Each entry must be accompanied by the entrance fee of twenty-five cents. No names, however, will be received after Tuesday night.

Every freshman in school having a playing knowledge of the game is urged to enter. The results of the tournament will serve as a guide to the handicapping committee next spring, and anyone of unknown ability entering in the spring tournament will be severely handicapped.

The handicap finals for the permanent possession of the Laraway cup were won last year by C. P. Shangle, '10, who played from the fifth class, winning out over about fifty entries. The trophy is now in the house of the Acaecia fraternity.

MONTHLY GOES TO PRESS

Freshman Issue Will Contain Good Stories

The copy for the Oregon Monthly is now in the hands of the printer, and the first issue is promised the 15th of this month. It will be designated as the Freshman issue, and will appear in a new cover design and dress. A portion, containing ten articles and stories, will be devoted entirely to freshmen. Several changes have been made in the make up of the Monthly for this year. It will be divided into five sections, the Literature, Current Poetry, Who's Who and Since When, Rescued from the Waste Basket, and the Engineering sections.

The Literature department will contain several good stories, but these stories will not necessarily bear on anything relating to the University. The Current Poetry section will be filled with poetry touching on local subjects from the pens of University students.

The Who's Who and Since When section will incline a little toward the humorous, and will contain stories of fact and fiction regarding the men of prominence on the campus.

In the Rescued from the Waste Basket section will be found a number of jokes, among which will be a freshman primer, compiled by some sophomore and setting forth the rules by which the freshmen should be governed. It is unique in that it is written entirely in words of one syllable (so that it can be easily read and understood by the freshmen.)

Olivia Risley, '09, is teaching in Roseburg high school.

Miss Angie Williams, last year an assistant in English Literature, is at home in Oregon City this winter.

OLD TIME STARS WILL RETURN FOR BIG GAME

ALUMNI TEAM WILL BE MADE UP OF ALL-NORTHWEST MEN

Louis Pinkham Expects to Send Strong Team of Veterans Up Against Warner's Youngsters

The lineup of the alumni team in next Saturday's game will be composed almost entirely of Oregon's All-Northwest men of former years. Such far-famed men as Virgil Earl, "Caci" Moulton, George Hug, Jack Latourette, Frank Templeton, Walter McIntire, Jack Hickson, Curtis Coleman, Mike Walker, and George Sullivan, will partly compose the greatest lineup of veterans that has ever been seen on the University gridiron. Louis Pinkham, manager of the alumni team, has written to several other old stars, among whom are Hammond, the guard who in 1906 put Roosevelt, the best guard California ever produced, out of the game; and Henry McKinney, whose name in football annals needs no blandishment.

This list, including as it does the names of some of the greatest fighters ever to have worn the lemon and yellow, should be able to give Coach Warner's team, composed to such a large extent of raw recruits, a hard fight.

The Varsity team is counting on better wind and more perfect team work to win for them. It is to be doubted, though, whether wind and team work can accomplish much against the cunning of older men.

Harold Dalzell, '10, who is now engaged in college Y. M. C. A. work, with headquarters at Portland, has been back for a few days.

GOLD FOOTBALL PINS FOR CO-ED TEAM

Bill Hayward's announcement of a grand stand eleven has had the desired effect. Thursday evening there were at least fifty girls out watching practice—in fact, more girls than men on the side lines.

Instead of a banquet, Mr. Hayward will give little silver football pins, something which the girls may keep as souvenirs of their college days.

Some Artist Gets Busy on Dummy

The tackling dummy is this morning wearing a brilliant suit of orange and black, and a large "Zip Boom Bee" monogram.

Evidently somebody got busy last night and the brilliant daub is the result. Perhaps, anyhow, the colors will only make the squad tackle more fiercely.

Sackful of Caps for Someone

While the three hundred odd freshmen were busy getting acquainted, some miscreant gathered up a harvest of all the visible green caps. Furnishing stores are jubilant over the prospects of increased trade and are making sale prices.
