

SOCIETY MUST OCCUPY SECONDARY PLACE HERE

PRESIDENT SAYS SCHOOL WORK MUST COME FIRST

Departmental Work Should be Made Interesting. Physical Development Also Important.

"Social life must take a secondary place in Varsity activities. The old tradition of a great amount of social activity is to be made a thing of the past. This is the decided ultimatum of the President of the University.

In speaking of society in its relation to college life as a whole, President Campbell said: "The first thing, and that which stand out above everything else, is the idea of good, careful work in the regular departments. The upperclassmen must have, and the underclassmen must get, this conception of real, earnest study. Their first concern must be to secure their sixteen hours of college credit each semester. In return, the students have the right to expect interesting work in every department, and we shall try and see that our part is well done. Then the next thing to be considered is the physical condition of the student. They must have sufficient sleep and exercise, if they are to do the work assigned to them. The departments of physical training are well equipped to take charge of this phase.

"Then whatever can be in afterwards is desirable and good. But it must not trespass on hours that should be given to study, sleep and exercise. The student will have to get over the old tradition of so much social activity. In its place it is good, but the students must be careful of the proportion of time assigned to it.

"The college work has to be done. The health must be preserved. And society is to hold a secondary place. However, it is my judgment that the tendency has been this year in the direction of less strenuous activity socially, and more earnest studying, and I am glad to find that this is so. Culture should mean a power of reasonable restraint, and I feel that the students are coming to realize this more and more."

J. H. S. WINS WITH EASE

Fast and Plucky Portland Team Defeats Eugene 14 to 0

The light and plucky Jefferson High School team surprised their most enthusiastic supporters today by overwhelming the heavier Eugene High 14 to 0.

The game was fast and clean, and as interesting to watch as many University contests. Vosper, the Jefferson right end, was largely responsible for his team's victory, as it was from his accurate kicking that all 14 points came. He kicked four field goals from placement, scoring twelve points, and was directly responsible for the other two points, which were scored on a safety, as it was he who caught Green, the E. H. S. quarter back of his own goal. The whole Portland team played brilliantly, and won a clean, decisive victory over heavier opponents.

The Misses Caroline Dunstan and Jennie Lilly are spending the week end with the Gamma Delta Gamma girls.

JAMIE GETS PARENTAL CONSENT TO FOOTBALL

Leaves Post Haste For Moscow To Join Teammates

Homer Jamison, Oregon's star end, who has been out of the lineup since the Puget Sound game, left on the noon train yesterday to join the Oregon team at Moscow. Jamison's parents were opposed to his playing football, and caused his removal from the team. Bill Hayward, while in Portland Thursday on his way to Idaho with the team, however, persuaded Jamison's parents to allow him to play.

Homer has been battling against difficulties ever since the season opened. Injured in the alumni contest, he was laid up for several days, and after getting well he was kept out of the game for several days more by his parents. Although handicapped by lack of practice, "Jamie" has more than held his own in the Varsity lineup. There is still some question as to his playing in the coming games, as consent was only given to play in the Idaho game.

Attorney O. P. M. Jamison, Homer's father, was an athlete of some prominence while in college himself, but feared personal injury to his son. "Jamie" is one of the scrappiest players on the team, and will, no doubt, give a good account of himself in the Moscow game.

PRESIDENT ENDS TRIP

Has Toured Eastern and Central Oregon Counties

President P. L. Campbell returned Wednesday from his Eastern Oregon trip, in which he addressed the teacher's institute at Prineville, and visited the Deschutes towns of Bend and Redmond. Tuesday, while homeward bound, he spoke to the students of The Dalles high school, and in the same town addressed the State Federation of Women's Clubs, at their annual meeting. President Campbell presented the merits and purposes of the University Correspondence work, emphasizing the courses in Sociology, Education, Oregon History and English Literature, which have been prepared to meet the needs of just such organizations.

The Crook County fair was held in Prineville during institute week, and people from hundreds of miles around crowded into the city. The institute was attended by practically every teacher in Crook county.

One feature of the fair was an inter-scholastic track meet, in which all the schools of the county participated. A strong demand for teachers with an athletic experience, to coach in that department, was shown.

President Campbell reports a curious combination of frontier life with the advantages of the present in the Deschutes country. The President's party made the one hundred mile trip from Bend to Shaniko by automobile stage. The feeling in Eastern Oregon toward the University is admirable, and there is a strong demand for graduates to act in the capacity of teachers. In Wasco county, it was reported to President Campbell, that in six or eight districts schools were closed for the reason that satisfactory instructors are not available. The salaries paid for teachers in the Eastern Oregon schools are higher than here.

Miss Parrott, an alumna of the University, is making a good record in the English department of the Prineville high school.

Burleigh Cash, of last year's debating team, is working at Hood River.

KHODA KHAN PETITION TO SIGMA CHI GRANTED

MAKES SIXTH NATIONAL FRATERNITY FOR OREGON

Sigma Chi Has High Rank As a National Fraternity, Having 65 Chapters in United States.

Word has been received that Sigma Chi has been granted to a local fraternity. A telegram delivered at the Khoda Khan house Wednesday brought the first news of their good fortune.

Sigma Chi, one of the so-called Miami triad, was founded by seven students of that University, June 28, 1855. Its original name of Sigma Phi was soon changed to that which it now bears. The new fraternity grew slowly, but surely, and in five years counted eleven chapters in its membership. Further progress, however, was completely blocked for four years by the Civil War.

After 1865, however, Sigma Chi recommenced its growth, until at present it is represented in all the leading educational institutions of the country. Of late years its representation has again extended to the South. There are now 65 active chapters, while the membership list totals over nine thousand.

In the year 1906, eight students at the University of Oregon met and organized the Khoda Khan fraternity, which, however, was not formally announced until the fall of 1907. The founders were: Harper Jamison, '10, Portland; R. B. McKenzie, '10, Athena; Sam Davidson, '11, Portland; Sam Robinson, ex-'10, Portland; W. B. Mott, '11, Salem; S. C. Parks, '11, Junction City; A. C. Farrington, '11, Eugene; C. M. Watson, '11, Eugene.

Members of Khoda Khan who have been admitted since the founding of the fraternity are as follows:

- W. C. Campbell, '10, McMinnville.
- Glen Briedwell, '10, Amity.
- Alonzo Perkins, '11, Salem.
- K. E. Tillotson, ex-'11, Rockville, Connecticut.
- J. M. Moore, '12, Klamath Falls.
- M. W. Hawkins, '12, Portland.
- R. G. Watson, ex-'12, Eugene.
- H. B. Jamison, '12, Portland.
- R. P. Newland, '12, Palo Alto, Cal.
- Lyle Brown, '12, Portland.
- George Carter, '12, Leesburg, Va.
- Arthur Lewis, ex-'12, Portland.
- Ray B. Early, '13, Hood River.
- P. R. Briedwell, '13, Amity.
- R. W. Coke, ex-'13, North Bend.
- W. T. Elliott, '12, Minneapolis, Minn.
- Dan Mitchell, '13, Merlin.
- Charles Fowler, '14, Portland.
- Henry Fowler, '14, Portland.

In the autumn of 1909, the new house on the corner of Thirteenth and Alder streets was finished. By this time Khoda Khan had obtained general recognition as a full fledged fraternity.

It is not definitely known at present as to what plans have been made for installation, but information on this subject will soon be received. It is probable, however, that installation will be held in the near future, possibly soon after the Thanksgiving holidays.

Co-Ed Hop

The Women's Council, at a recent meeting, decided to give a co-ed dance in the Men's Gymnasium some time in November.

Bill Bibee is up from Portland with the Jefferson team and is visiting his sister Jessie.

The Chi Omega girls are giving a Hallowe'en party this evening.

OREGON DEFEATS IDAHO

Score of 29 to 0 Tells the Story of Today's Gridiron Battle

For some unaccountable reason the Emerald failed to receive a wire from Moscow as arranged, and can only repeat the bare account of the game.

The score is authentic and rumor has it that the 29 points were due to touchdowns by Taylor, Jamison, Latourette and Michael.

Seventeen points were acquired in the first half and it was evident that Idaho was outclassed.

No one was injured.

W. S. C. DEFEATS O. A. C.

O. A. C. had a hard time edefeating Washington State College today by the score of 9 to 3, this giving Oregon all the better of a comparative score argument with the Agrics.

BABIES GURGLE AND COO FIRST DANCE NOV. FIFTH

Girls' Gymnasium Is Transformed Into Baby Incubator

It was a motley array of infants and nurses that gathered in the girls' gymnasium last night for the first big co-ed party of the year. There were all styles, kinds and colors, complete assortments in every line, including pickaninnies in wheelbarrows, Mellin's Food babies in baby carriages, dainty infants in blue ribbons and white embroideries and over-grown street gamins. The building re-echoed with childish wails and shrieks and peals of merry laughter. The babes were competently judged and appropriate prizes were awarded to Marie Zimmerman as best baby, and Rachael Goldsmith as prettiest baby. Lili Sengstake received honorable mention for her smile and Doris Plummer for her teeth.

After romping until they were all quite tired, the little ones ate lunch, during which proceeding milk and stick candy were much in evidence. After refreshments childish games were indulged in and then their nurses took the tired but happy infants home.

The party was given by the University Y. W. C. A., and much of the success of the occasion was due to the efforts of Mrs. Brown, Y. W. C. A. Secretary, and Miss Pansy Shaver and her co-workers of the social committee. Nearly every girl in the University attended, and the affair was thoroughly enjoyed by all.

Mrs. Brown considers these parties ideal as a medium for getting all of the girls of the University acquainted, and hopes to plan more of them during the coming year.

The next affair on the Y. W. C. A. social calendar is a membership banquet, which will be held some time during November.

Acacias Celebrate Anniversary

The Acacias celebrated the first anniversary of their installation as a national fraternity last night. A pleasing program was rendered, after which the dining room doors were swung open and all enjoyed a sumptuous repast. The table was daintily decorated with white and yellow chrysanthemums. Those present besides the house members were: Professors Dunn, Bovard and Frink, Dr. Leonard, Hon. Sam Friedly, A. R. Tiffany, Darwin Bristow, Bert Prescott and James Canning.

NOTICE

The management of the University Book Store announces that they have received a number of text books ordered by students, and suggests that every student who placed a special order for a book call for it as soon as possible.

First Student Body Dance Next Saturday Night

The first student body dance will be given on November 5th, with Mrs. Fuller, Mrs. Bancroft, Mrs. Pennell and Mrs. Campbell as patronesses. Various committees to assist Manager Barbour have been formed under competent heads. Edward Himes, who has charge of the floor, states that it will be in capital condition. Good music is assured, as that feature is to be under the supervision of Burns Powell.

It is the desire of the management that everyone support this initial dance of the year by attending. Only the nominal fee of fifty cents admittance will be charged. The alumni are also cordially invited, and the whole affair bids fair, in everyone's opinion, to be of a delightful, informal and democratic character.

Last year the plan of giving a series of student body dances was formed, but the initial dance which took place at that time was a disappointment, financially, at least. This year the executive committee seriously considered discontinuing the whole matter, feeling that perhaps the students were not sufficiently enthusiastic, but they finally decided to make another trial. The management of these dances was placed in the hands of Wendell Barbour. He is working hard to make them a success, and says that in his opinion there is no doubt that they will be such. He intends to minimize the expense, but will, nevertheless, make the affairs pleasurable in every way.

Pasmore Trio

Desiring to give the people of Eugene and the students of the University the best that can be had in the musical line, the University School of Music has just passed through a siege of correspondence with Fitzpatrick and Norwood. These people handle artists of only the highest standard. The Pasmore Trio comes under this head. These artists have been in Europe for several years past and are now on their first tour of America.

Realizing that a large guarantee was necessary to secure these artists, but relying on the support of the Eugene people, the School of Music has secured the Pasmore Trio for this city. Their concert will be held at the Eugene Theater Wednesday, November 2nd. Prices 50 cents to \$1.50.

Miss Lucile Dunn, daughter of F. E. Dunn, entertained the K. K. K. sorority and a few friends at her home Friday. Dancing was the order of the evening. Among those present was Miss Zona Haight, of Albany, who is visiting Miss Dunn for the week end.
