**DATE OF EUGENE GLEE
CONCERT FIXED DEC. 1**

Definite Dates and Itinerary of
Trips Announced

The date of the first Glee Club concert has been definitely fixed for Thursday, December 1st, instead of December 14th, as announced. Manager Smith of the Eugene Theater, believes that the former date will accommodate many more than the latter, and says that the date will not be again changed.

The club will start on its first tour December 8th, when it will appear at Albany. Albany people, and especially high school students, are very enthusiastic over the prospect of hearing the club this year, and a large attendance is assured. On Friday evening, December 9th, the club will sing in Vancouver, Washington. Vancouver has a new theater this year and guarantees of a large attendance have been received from the high school and neighboring preparatory schools. From Vancouver the club will go to Portland, where it will play in the new Heilig theater. Saturday evening, December 10th. The final concert of the first tour will be given at Salem, Monday, December 12.

The Eastern Oregon trip opens at Hood River on December 19th, and includes Heppner, December 20; Pendleton, December 21; Ontario, December 22; and Baker City, December 22. La Grande has been necessarily omitted from the schedule, because of a conflict in dates.

With the Jefferson High School football team is Virgil Earl's youngest brother in the capacity of tackle.

**MISS WADE DECORATES
EATON'S MEMORY BOOK**

Drawings Chosen by Competition
Among University Artists

The new Oregon Memory Book which Allen Eaton expects to put on the market in about ten days, is to be, as Mr. Eaton says, an article of "some class." The book will have a linen, neutral colored cover, approximately 13x17 inches. In accord with his intention of making this memory book distinctively Oregon, Mr. Eaton has chosen for the front cover a design drawn by Christine Wade, '12. Miss Wade's drawings, which include cover designs and headings, were chosen by competition among the various student artists, and Miss Wade will receive a substantial prize. The drawings are said to be very attractive and to give a decided college tone to the book.

The back cover will be stamped with the Oregon seal, or to make it more individual, it will be possible to have, instead, any fraternity letters or personal initials if desired. The inside of the book will also be decorated and arranged for special departments—ruled for autographs and football schedules, with special paper for mounting pictures, etc. In order that they may be arranged to suit individual tastes, these inside pages will be put in by some loose leaf arrangement.

Mr. Eaton would be glad to receive from the students any suggestions as to special features, and he will pay for any inside page designs which he can use. It is his purpose to produce something which will suit all the students, and to this end he wishes them to aid him in planning it.

**PROFESSOR ADAMS GIVES
NEW COURSE IN DRAWING**

A new course opened in the University, and one advancing rapidly, is the course in free hand drawing, given by Professor Adams. It is becoming quite popular with those registered, and some splendid work is being done.

At present there is no college of fine arts, but it is hoped that in the near future such a department will be organized. At present this course in free hand drawing is given in the college of Civil Engineering.

There are about twelve students in the course, and it is hoped to increase each semester. Some of the students have proved very efficient, and by the end of the year there will no doubt be some good work turned out.

**ADVISE SIMPLE FROCKS
FOR STUDENT DANCES**

The student body dances should be made informal affairs. Last year the Senior dance was in a way informal, but when the first student body dance came, although the men did not wear dress suits, many of the girls came elaborately dressed. I think the girls should get together and decide to wear simple dresses, or perhaps shirt waists and skirts. If the dances are made simple affairs, they will be more democratic and more representative of the student body as a whole. Let the girls decide that they will be informal affairs, and they are bound to be more enjoyable.
CORNELIA PINKHAM.

**ENGINEER CLUB PROMISE
EXCELLENT PROGRAM**

The Engineering Club promises a good program for its next meeting, on Friday, November 4, at 8:00 P. M., in Deady Hall.

Professor Adams will give a lecture, the subject not yet announced. The second speaker will be Francis P. Kurtz, who was late resident engineer of the Cottage Grove water system. A large attendance is desired.

Fritz Dean, last year president of the Junior class and manager of the Emerald, is working at Grants Pass.
