PROK. A COON HUNTER OF MARKED ABILITY

Tracks and Kills Mr. Coon On Trip Up McKenzie

Prokos, the demure mascot of the Beta Theta Pi fraternity, added fresh laurels to his wreath of victories during his sojourn at O'Brien's, on McKenzie river, last week. Prokos has hunted the wild beast, chased him to his lair, and has mercilessly slain him. The victim was a fierce, black coon.

Prokos had scorned the society of the sleek grey-hounds, and life was becoming just a trifle monotonous for him, when, one day, in company with Jim Johns and Harry Stine, he discovered and took up the trail of a coon, fresh and plain in the snow. Here was a new kind of a dog, one whose acquaintance he had not yet made. The trail led over many logs and through a difficult marsh, but undaunted he kept on until at last he had the coon cornered.

Here Prokos seemed to assume a speculative turn of mind. He came close to Mr. Coon, sniffed, and decided to rub noses with him. But suddenly receiving a fierce slap, he jumped back with a look of surprise and disappointment. Prok then decided such a breach of etiquette should be punished, and sailed into Mr. Coon. The fracas went several fast rounds, and at the finish Prok was standing gladiatorially over his fallen foe.

APPARATUS INSTALLED FOR YOUNG ENGINEERS

During the vacation, new apparatus was installed in the Engineering Hall, consisting of a long trough set upon legs. In this trough can be placed the models of the different forms of equipment used in hydraulic engineering. The department has on hand now forms of weirs, a Pelton water wheel and undershot water wheel, and an outward flow turbine. Beside these, there are several other pieces of apparatus used for demonstration purposes. It is hoped that when the new appropriation is made for the University, the Civil Engineering Department will get recognition in the distribution.

\$1350 HAS NOW BEEN RAISED FOR BUNGALOW

The bungalow fund has now reached the sum of \$1350 according to Mrs. F. L. Chambers, the treasurer of the advisory board. This amount has been raised through private subscriptions, bazaars, fairs and concerts.

The building that is to be erected for the use of the Y. W. C. A. will cost approximately \$2200 and will be built during the summer, ready for use by the time college opens in the fall.

Mrs. Chambers hopes that the balance of the money can be raised by a year from next June. The ladies who are interested in this work are busy already sewing for the fair to be held next fall, which will be the biggest and best yet. Any subscriptions, however, will be thankfully received, and will add materially to the ever-present "Bungalow Fund"

VARSITY ESPERANTISTS ORGANIZE NEW CLUB

A number of college Esperanto enthusiasts met in Professor Dunn's room yesterday and decided to organize a club. Professor Dunn presided. Speeches were made by Professor Bovard and Edgar Barnes, upon the advantages of the new tongue. Committees were appointed to effect a permanent organization, and an effort is to be made to enlist the membership and support of a large number of students in the new club. It is the hope of the local Esperantists that the new organization may soon equal the German Club in popularity and membership. Professor Straub is a student of the language and expects to give a course in it next fall, if enough interest is manifest. The next meeting of the new organization was set for next Tuesday at 4:00 P. M.

KEIO COLLEGE TO SEND BASEBALL NINE TO U. S.

Japanese Team Will Tour and Play Washington

Keio College of Japan will send its baseball team to tour the United States this year, and they will most likely meet the University of Washington team before they go East.

The University of Wisconsin, which is arranging the tour for the Keio team, has asked the Washington management for a game to be played some time in May. If satisfactory arrangements can be made, the game will probably be pulled off.

In order to pay expenses the Japanese ball players ask for a guarantee of \$200, and this seems to be the only hitch in the arrangements. The plans of the Washington management, however, are to call on the Japanese of Seattle to make up by contribution whatever deficiency there may be after the gate receipts are counted.

In 1907 the University of Washington toured the land of Nippon, and had comparatively easy work winning from the little brown men, but other teams that have gone there since then have not fared so well.

In 1908 the University of Chicago, and in 1909 the University of Wisconsin traveled to the "land of the rising sun," and both of these teams had to play hard to beat the Japanese athletes.

The Japanese have taken a great liking to the game, and have turned out great crowds to see the contests. As high as 30,000 people witnessed some of the engagements between the American and Japanese teams.

NEW FRATERNITY TO HAVE BULLDOG ANYHOW

The facts about the new fraternity are gradually leaking out. It is currently reported that Dean Collins is the arch conspirator, and that he is being aided and abetted by such notorious characters as Jack Luckey, Evans Huston and Bill Ferguson. A house and a cook have already been arranged for and Collins is now negotiating for a bull dog.

W. Edgar Bennett, '14, has left college and expects to take up work in Boston Tech next semester.
