DOUGHNUT LEAGUE TO OPEN THIS AFTERNOON

Kappa Sigmas and Acacias Will Cross Bats in First Game of the Season

The Kappa Sigma and Acacia baseball nines will open up the Doughnut League with a game on the campus at 3:00 o'clock this afternoon. Both teams have been newly organized, and from the material standpoint appear equal in strength. For the Kappas, Cobb, of last year's Portland Academy team, will heave the horsehide, and Houck will catch. For Acacia, Bert Strong, of dippy ball fame, will pitch and Cozens will catch.

The games today inaugurate the initial series this year in the struggle for the possession of the famous Gregory trophy cup.

The Doughnut cup, which is to belong permanently to the team winning it for two seasons, is in the hands of the Sigma Nus, last season's champions. Year before last it was held by the Kappa Sigs.

ATMOSPHERE IN DEADY STILL VILELY POLLUTED

There has been a good deal of complaint in the last week both by the students and by the instructors, especially by those teaching in Deady Hall, concerning the disagreeable odor which is produced by the heating plant. A week ago the heating plant was shut down in order that the cause of the smell might be removed, but the effort has been unsuccessful. Mr. Johnson, Steward of the University, says that if the students and faculty keep on persistently complaining, the University will have to sink at least \$1,500 into a new heating plant, which at the present would be a large drain on the small purse. The plant that is in use now is old and worn out beyond repair.

Dr. Schmidt, when interviewed on this subject, said in part that he had been made sick by that repugnant odor last week. He says that the students taking work under him stay in the room fifty minutes at a time and then go out into the open air or some other room, but that he has to endure the torment for three hours straight. He believed, however, that even his students inhaled enough of the odor in those fifty minutes to carry a melancholy countenance the rest of the day.

The cause of the odor is the leakage of pipes, which allows the asphalt wrapping to be soaked with steam.

HENKLE'S CHANCES OF REINSTATEMENT SLIM

Some effort has been made recently to secure the reinstatement of Ferd Henkle, Oregon's great southpaw, to good standing in conference in conference athletics. The impression was abroad that a disqualified player could be reinstated once, and so he can, but the conference rules state that such a player must remain out of athletics one year after reinstatement, and the inter-collegiate rules say he must remain out two years. These provisions would bar Henkle from Oregon's team this year even if he were reinstated.

Henkle played professional ball last summer with Seattle's team and made good. He has been the main stay for Oregon during the past three years in baseball, and the Varsity team will miss greatly his services this year.

"WORK," SAYS BILL OR WILL BE NO INTER-CLASS

There will be no inter-class cross country race this year unless more men turn out for the event. There are but four men training faithfully for the endurance races. They are: McClure, Haugen, King and Maguire. The lack of interest this year has been attributed to the inability to meet O. A. C.

Ohio State University has purchased a twenty ton locomotive crane for handling the coal in the boiler room

Y. M. C. A. WILL TENDER ANNUAL BANQUET ON 30

Next Thursday Excellent Spread Will be Set Before Students

Arrangements for the annual banquet of the Y. M. C. A. have been completed and the tickets will be on sale in a day or two. This banquet is given to make possible a democratic and congenial gathering for the men of the University, both of the students and the faculty, and is in no sense limited to those who belong to the Y. M. C. A.

One of the ladies' organizations of the city has been secured to arrange the dinner. The price of the tickets, fifty cents, does not indicate the quality of the feed, for the association adds to this so that the best may be had. The banquet will begin at 6:00 promptly, at the city association building, on Thursday, March 30.

DR. GILBERT IS CLOSING SERIES OF LECTURES

Dr. Gilbert returned yesterday from Portland, where he has delivered the eighth of a highly successful series of lectures on topics of economic interest. The lecture was given in the auditorium of the Portland Y. M. C. A. and although Dr. Gilbert reports that the audiences were not large he adds that in interest manifested more could not be desired.

So far the following addresses have been given:

Immigration, social and economic aspects; The Tariff, protection vs. free trade; recent phases of the tariff question; the Money question, our need for an elastic currency; Currency reform; Economic Crises, their nature and their causes; Panics and Panic Panaceas; The Railway problem.

Two lectures, which had been planned on the trust question were dropped because Dr. Gilbert's recent illness. The last two given will be as follows:

Socialism, its stronger and brighter side, March 17.

Socialism, its weaker and darker side, March 24.

OREGON CLUB IS NOT A DOUGHNUT SAY FRATS

The Doughnut League is getting ready for business. At a recent meeting the officials were chosen for the coming season. Dr. H. B. Leonard and F. P. Kurtz, C. E., were named for score keepers. For umpires, Janison, Henkle and Coach Lynch were chosen. As yet, all the above named men have not been interviewed, but it is very probable that they will consent to serve. A tax of two dollars was imposed on each fraternity and club composing the organization to cover cost of balls and other necessities.

It was also decided not to admit the Oregon Club to the League. President Gillis of the League, when interviewed, said that the Oregon Club was not admitted because it was looked upon as an organization similar to that of the Laurean Society, the Germar Club, or the Engineering Club.

SIGMA NUS HELD ANNUAL PARTY SAT.

The Sigma Nu fraternity held its formal party in the Fraternity last Saturday night. The hall was decorated with evergreens, run in festoons from the covered orchestra stand, which had been placed in the center of the room. Punch was served from an evergreen booth by the Sigma Nu Japanese.

Several Sigma Nu men from out of town were present, among whom were Dr. Fred Zeigler, Frank Templeton, Carl Houston, Harry Moore, Carl Steiwer, Frank Beach, Terry Beck and Chas. Prehn.

The patronesses were: Mrs. P. L. Campbell, Mrs. Dr. Paine, Mrs. Geo. DeBar and Mrs. Bancroft. Hendershot's orchestra of seven pieces furnished excellent music.
