WASHINGTON WOMEN TURN OUT FOR TRACK

Light Work Marks Early Season
Training for Co-Eds
At U. of W.

The coeds of the University of Washington met last Wednesday for their initial track practice. For the sake of convenience, the squad has been divided into three parts, with about twenty-five in each division, meeting at different times.

The training is under the supervision of Dr. D. C. Hall. The first turnouts will be but preliminary work to get the girls ready for the regular training events which come later.

No honor is given to the women for work in track, since it is an entirely new feature at the northern institution, although in Eastern colleges a women's track meet is a big regular event.

The Taweh Club are giving an informal dance at their home tonight. Mr. and Mrs. McClain will be patron and patroness. There will be no out of town guests.

Our Spring Display of Shoes and Oxfords is ready for your inspection—comprising in its scope and charm a standard never before attained. We extend our cordial invitation for your early visit, with the promise that you will find it a pleasant and profitable surprise.

CAMPAIGN BRINGS \$3000 TO STUDENT LOAN FUND

Student Demand for Loans is
Greater than Supply
Of Funds

As a result of Francis Galloway's efforts, \$3,000 have been added to the University Students' Loan Fund. Mr. Ainsworth has made the first quarterly payment of \$250 on a total of \$1,000 pledged, Senator R. A. Booth has given \$500, and Ben Selling \$100.

The \$800 thus available has already been absorbed by applications for aid. Two of these applications are from Freshmen, and the rest from upperclassmen, among whom are several prominent students, who would have been forced to drop out but for the aid thus secured.

Two hundred dollars additional could be used immediately, and both Senator Booth and Ben Selling have promised to give more in case of very urgent need.

There is promise of some \$300 more to the fund, which now amounts to \$8,000, all of which is being used.

BAKER AND ASHLAND HAD HIGH SCHOOLS IN 1890

Baker City and Ashland share the joint honor of establishing the second high school in the state. The University records of Oregon high schools were incomplete, hence, in a recent news story, these cities were not given credit for their contribution to the high school movement. Each started a high school in the year 1890, the first one having been founded by Portland in 1888. Both Ashland and Baker City have supported their schools well, with the result that their graduates received a training which enabled them to "make good" in every occupation and profession. Many of these graduates continued their education in the University of Oregon, making records that are a source of pride, not only to their preparatory schools, but to their alma mater as well.

MAY REORGANIZE GOLF CLUB THIS SPRING

College people are evincing an increasing interest in golf this spring, and it is possible that the defunct golf club will be reorganized. Formerly the club was composed chiefly of faculty members and a few interested townspeople, but Professor Dearborn expresses the hope that college people will become interested and take up the work of reorganization.

The links are in fair condition, but are in need of some improvements such as smoothing the greens and cutting the grass, the expense of which could be easily met from dues collected from interested players.

DR. BENNETT TO SPEAK ON CHOICE OF FRIENDS

Dr. C. F. Bennett is to speak on "The Choice of Intimate Friends" to the Y. W. C. A. girls next Monday afternoon, March 22. The music for the meeting will be furnished by Jean Allison. The leader of the meeting will be Hattie Hyde.

About fifty girls were present to hear Mrs. Hill's talk on missionaries last Wednesday afternoon. An increasing attendance is desired, in order to make the association as efficient and live as possible.

ELECTRICAL ENGINEERS MEET

The local branch of I. A. E. E. met last night and listened to a paper by Professor Dearborn on the development of rural electric service in conjunction with the larger electric systems now coming into practice. C. A. Spencer, of the Oregon Power Company, was to have spoken, but was unable to appear.

The Aeacia Club gave an informal dance at their home Friday night. Only a few intimate friends were present. There were out of town guests.
