

U. O. LOSES TO IDAHO FRIDAY AFTERNOON

The Teams Break Even on Their
Second Series--Losing First:
Winning Second

The Moscovites took the first game from Oregon on Wednesday after 13 as exciting innings as have been seen on the campus diamond. At the close score of 4 to 3.

The game was slow at first and Oregon led up to the eighth, when a number of errors allowed the visitors to tie the score. Stupid work in the field and on the bases was the cause of Oregon's defeat.

Houck pitched until the ninth when he was succeeded by Jamison, who pitched a steady game until an error in the field allowed Idaho her four runs and brought the game to a close.

Idaho's fourth run was made by Kettenbach on a hit to right field by Williams. The Oregon team were out hit two to one by the Idaho men. Robinson, who pitched the entire game for Idaho judged his batters to a nicety and worked steadily through the entire thirteen innings.

Batteries: Idaho, Robinson, Williams; Oregon: Houck, Jamison, Taylor.

Umpire: Ferd Henkle.

HOMER JAMISON.

The scrappiest first baseman in the league and a man in whom Oregon always feels confidence in sending into the pitcher's box. Jamison was captain of basketball for 1910-11 and has been re-elected for 1911-12. That he is a first class all around athlete is attested by the fact that he made his football "O" in his first season at the game last year.

Statistics compiled at Yale show that out of 3,000 men, 1,740 take daily exercise.

S. W. Gillilan, '12, will captain the Stanford varsity nine for next year.

Examinations at the University of Oregon begin June seventh.

Byron Houck

A freshman pitcher with a poetic name and some curves that fool the bater up—that is Houck. Houck has been performing excellently in the box for Oregon throughout the season and has succeeded in winning his O. He came at an opportune time for Oregon and has proven satisfactory both to Coach Lynch and the varsity fans.

LOYAL FRESHMEN BURN THEIR GREEN CAPS

As a curtain raiser to the Tri-State field meet this afternoon, one hundred freshmen burned their green caps in a huge bon fire on Kincaid Field. Prof. Buchen delivered a short eulogy before the ceremony began and was followed by the ever flowery "Beauty" Robison who delivered a parting shot on Oregon spirit. Pres. Yoden then escorted the faithful Knights of the Cap, in serpentine formation to the western corner of Kincaid field where with a few raising cheers the freshman sky pieces went up in smoke.

The Montana Agricultural College is to have what they call a work day which is to be May 6th. On this day all the students of the institution are to turn out and devote the day to the improvement of their athletic field. At the conclusion of the days labor the young ladies of the Domestic Science Department are to award the laborers with a bounteous repast. Here it seems is an idea worthy of imitation.

The Michigan legislature has given \$280,000 to the University of Michigan to be used to erect a new heating and lighting plant.

Dartmouth alumni who served in the Civil War are to be given special recognition in the commencement exercises in June.

The Wright brothers are lending an aeroplane motor to the students of Michigan for experimental purposes.
