

THE HOPE OF OREGON RAISED OVER JUDGE GALLOWAY'S DECISION

SECRETARY OLCOTT WISHES
MATTER BROUGHT TO A
SPEEDY END

CASE SURE TO GO TO SUPREME COURT

President Campbell Considers the
University Morally and Legally
Right.

The announcement of Judge Galloway's decision declaring the referendum on Oregon's much-buffed near-appropriation to be illegal, has given a new impetus to the hopes of the friends of the University, not only within the college precincts, but throughout the entire state.

There is a general feeling that the decision of Judge Galloway is legally right, and will be sustained by the supreme court. The state has of course, appealed the case, but should the higher tribunal refuse to reverse the decision, it will stand without further contest. The newspapers of the state have almost unanimously voiced their approval of Judge Galloway's action and their confidence in its legality.

Perhaps the man who has been the storm center of the attack on the University, and who therefore has most cause to be elated over the latest turn of affairs, is President Campbell. Speaking in an Emerald reporter yesterday, he said:

"I am of course very much pleased over Judge Galloway's decision and feel greatly encouraged concerning our prospects for securing the benefits of the appropriation granted by the legislature at an early date. I believe that we are right, both morally and legally, and that the supreme court will sustain the decision. The evidence of fraud shown in the petitions is certainly sufficient to impeach their validity. The supreme court is, of course, a body of eminently fair men and as such must decide the case on the legal merits.

"Regarding the chances for securing an early decision in the case, Judge Slater and the other lawyers for the University, tell me we may expect it within six weeks or two months. According to Oregon law, cases in which the state is a party, take precedence over others and therefore this appeal will be advanced on the docket and a long wait will be prevented.

"The state may delay the decision somewhat, however, by taking up the full allotted time before filing its briefs. It is true that they have not yet been filed, but I expect they will be in a very few days. Secretary of State Olcott says, he wishes to bring the matter to the earliest possible conclusion. We may reasonably expect a decision not later than the first part of February.

"Regarding the newspaper report that some documentary evidence has been lost, it is true that papers which were introduced as exhibits are missing. The accident evidently occurred in their transference from Salem to Portland. However, they are of slight importance and, whether or not they are found, will have no effect on the future course of the case."

Miss Mildred Bagley is expected to return to college about the last of the week. Her tardy arrival was necessitated by the severe illness of her grandmother.

DR. CONKLIN GIVES COURSE FOR PSYCHOLOGY STUDENTS

The new two hour course by Dr. Conklin will embrace the subjects, "Mental Hygiene and Pre-Medical Psychology," rather than "Mental Psychology," as was stated in the last issue of the Emerald.

According to the announcement the treatment of these subjects will cover the general conditions of healthy mental activity so far as they have been determined, studies of sub-normal children with reference to their classification and treatment in the schools; phenomena of fixed ideas; obsessions; disassociations; amnesias; hysteria; insanity and psychotherapeutics, including the principals and methods of the Freudian School.

"The course is designed to meet the needs of pre-medical students and students in physical training. It will be open to these and to majors in psychology. Elementary psychology is a prerequisite," said Doctor Conklin, when interviewed.

Miss Irma Clifford will not return to college this year.

BISHOP SCADDING TALKS

Big Turnout of Students Hear Lecture On "Conquest Of a Continent."

Bishop Scadding, Episcopal bishop of Oregon, spoke during the assembly hour today on the subject, "Conquest of a Continent." He told of the Episcopalian missionary movements in America since the founding of Jamestown, especially those among the Indians. He has been personally engaged in these enterprises, and showed many slides which he himself had photographed.

The Standing Rock Reservation in South Dakota has a very encouraging example of Indian mission. The church buildings are usually thronged by the men to such an extent that the women have to hold open air meetings by themselves. The Aborigine Ladies' Aid here has raised over two thousand dollars in tithes for the use of other missions. Many rebel chiefs who could not be tamed by the government, were easily made good citizens through the work of the Episcopalian missionaries. The more western reservations are so well taken care of that missions are hardly necessary.

Bishop Scadding strongly urges church unity; nothing, he says, seems more sad than to see some small town with about sixteen spires pointing to heaven, each saying, "Come under my star and you will be all right, if you go under any other star, look out!"

The hour was preceded by two well chosen numbers from the Girls' Glee Club. This is their first public appearance, and they more than fulfilled expectations.

Y. W. C. A. HELD MEETING TO CONSIDER FINANCES

Finances were the principle topic of discussion at the Y. W. C. A. meeting Monday. Miss Fox gave a very practical talk on the subject and ended by installing a new method for systematic giving. Each girl was given a card, on which she pledged a certain amount to be paid by herself each week. Over \$41 was pledged by the girls present and only a fourth of the members were there. This money will go to meet current expenses of the association, as the secretary's salary and for territorial work.

A report was given on the bungalow fund. There was found to be over \$1,700 in the treasury for this purpose. The bungalow will be under way next fall.

INTER-FRATERNITY GAMES NOW HOLDING ATTENTION OF FANS

BASKETBALL GAMES FOR HAYWARD CUP PROVE STRENUOUS CONTESTS

KAY, BROOKS AND MOORE INELIGIBLE

Delta Sigma Beats Kappa Sigma, Sigs Clean Avavas, Dorin and Acacias Both Lose

The preliminary round of the interfraternity series opened Monday afternoon when the Delta Sigmas took the Kappa Sigs into camp to the tune of 12 to 8 and the Sigma Nus handed the Avavas a 19 to 6 pill. The Kappa Sig-Delta Sig game was hard fought and furnished a good opener for the season.

In the second game Rader, of the Sigma Nu team, proved to be the bright light, scoring fifteen out of the nineteen points scored by the team. Bradshaw scored four of the six points for the Avavas. Both games were free from roughing and fouls.

Tuesday afternoon the Dorm Club and the Sigma Chis tied—resulting in a 11 to 8 victory for the Sigma Chis. The game was harder fought than the score indicates, the low score of the Dorm team probably being due to an off day for Neill and Roberts, the Dorm forwards, and the close guarding of Early and Bridwell. The second game proved a walk away for the Oregon Club, 20 to 6 being the final score. Stevenson and Casebeer for the Oregon Club located the basket regularly, Stevenson scoring four field baskets and Casebeer five. Today only one game will be played, between the Tawahs and the Betas at 4 p. m.

The committee on eligibility has ruled three men out of the league, all of whom played in Varsity games last year. The three to fall under the ban are Moore, Sigma Chi, Kay, Sigma Nu, and Brooks, Beta Theta Pi.

CO-EDS ORGANIZE TEAMS

Captains Chosen and Practice Begun Presenting Interesting Games.

Much interest is being shown by the girls of the various clubs and sororities in the approaching basketball games. Captains have been chosen and practice hours arranged. Hazel Rader will captain the Theta team, Margaret Whalley the Beth Rhea, Janet Young the Lambda Rhos, Maude Guthrie the Oregon Club, Bess Ferris the Tri Deltas, Madeline Hardy the Gamma Delta Gamas. The Chi Omega and Gamma Phi Beta have not as yet put out teams.

The first game will be played the 19th in the Women's Gym at 4 o'clock, between Beth Rhea and Gamma Delta Gamma. On the 23d the Thetas will play the Tri Deltas.

The captains of the class teams are: Senior, Emma Waterman; Junior, Maude Nail; Sophomore, Hazel Rader; Freshman, Edna Moffett. The schedule for the class games has not yet been arranged, but will be announced in a short time.

Bishop Scadding and Rev. Mr. Hammond will be dinner guests at the Kappa Sigma House on Wednesday.

BISHOP SCADDING WILL ADDRESS VARSITY MEN

Bishop Scadding will address the men of the University on Thursday evening in the Women's Gym, from 7 to 7:50 o'clock. The subject of the address will be, "The Churches' Relation to the Present Spirit of Social Unrest."

This will be the opening address of a series which the Y. M. C. A. has prepared for its Thursday evening meetings, on "Christianity and Social Problems." Bishop Scadding's lecture will probably be the finest one of the series, and will be a great loss to anyone who has to miss it.

OREGON CLUB HOLDS INFORMAL LEAP YEAR PARTY

The Oregon Club gave an informal leap year party in Villard Hall, Saturday evening. The sumptuous banquet was followed by witty toasts from Mrs. Pennell, Leon Ray, and Mike Stastny. The evening festivities were concluded at a late hour with a number of rousing Oregon songs.

\$15000 HOUSE IS PLAN

Bishop Scadding will Build Home for Varsity Girls not in Sororities

Bishop Scadding and President Campbell were guests at the Dormitory at dinner yesterday, during which Bishop Scadding spoke at length on the proposed new home for University girls to be erected at the corner of Eleventh street and University avenue. The present plan is to incorporate for \$15,000, bonds will be issued bearing six per cent, to run for 10 or 15 years and the bondholders will form a holding company.

A first class house, something like the Kappa Sigma home, will be built and will accommodate as many as thirty girls. The house will be presided over by a housemother, who will also be the business manager.

The idea, as outlined by Mr. Scadding, is to construct an ideal home for girls that are not sorority pledges and are unable to secure rooms near the University. It is to be nonsectarian, though the bishop intimated that he expected a considerable number of his flock to occupy quarters there.

The home will be advertised in the catalog and applications will be received by the registrar.

The building operations will be started as soon as sufficient bonds are sold. Efforts are being made to sell bonds in Eugene, as the Eugene people are expected to show their interest before outside people can be asked to buy. Because, the bishop states, that when people about the state are approached on the subject, their first inquiry is, "What interest do Eugene people show?"

The home will be self-supporting and will be run on a similar plan to Hyland Hall at the U. of W. and will have all of the social and economic advantages of the sororities.

Karl Martzloff, who has been seriously ill in Portland during the past two weeks, is expected to be able to return toward the end of the week.

Tom Boorman, a Sigma Nu Freshman, will not return to college this semester, owing to the recent death of his father in Baker City.

Miss Lucile Rader, who is visiting her sister Hazel, will leave for Portland as soon as the weather moderates.

Miss Matilda Knapp is again back at college, after an "extended" vacation in Portland.

OREGON MONTHLY TO BE DISCONTINUED FOR REST OF YEAR

EXECUTIVE COMMITTEE DECIDES TO CUT EXPENSES AND SAVE DEBT

WILL SAVE \$400 BY DISCONTINUANCE

Geary Predicts Deficit of \$1,713.50 by Close of Present School Year.

In order to reduce the expenses of the student body, and put the treasury on a firmer financial basis, it was definitely decided by the executive committee last night to discontinue the publication of the Oregon Monthly after the end of the first semester. The Monthly has always drawn heavily on the student finances, and each year has ended with a large deficit. So far each issue of the monthly publication has cost the student body one hundred dollars, and by doing away with it, a saving of at least \$400 will result for the year.

For several years the student body has supported a debt amounting to near two thousand dollars, and year after year it has remained undiminished. At the beginning of the present semester the treasury received about \$3,000 in student body taxes, and the debt of two thousand dollars plus forty dollars for interest was paid immediately. The football season closed with but little money to the good, while the Glee Club made no money on the trip. This leaves the student treasury practically depleted, if not a little more so.

On the basis of the reports of the different managers of student activities, last year, and including other incidental expenses, Manager Geary estimated that the deficit at the end of the year will amount to \$1,713.50. This estimate was made without considering the expense of maintaining the monthly for the rest of the year, or figuring the salary for a baseball coach.

In view of these facts, the executive committee decided to inaugurate a plan of reducing expenses, and the first to fall was the Monthly. Other methods of cutting expenses are also under consideration, but were not made public. They will probably be taken up at the next meeting of the executive body.

FIRST ORATORIAL TRY-OUT TO BE HELD SOON

The time for the first tryout of the oratorical contests is rapidly drawing near and the orators are rounding their speeches into final form.

The committee of oratory and debate has in mind to reconsider the ruling which compels the successful candidate of the inter-collegiate tryouts to prepare a new oration for the inter-state try-outs. The plan is to allow the successful candidate to use his original oration, that is the speech as it was before any alterations were made by his advisors and coaches. This matter will be settled in the next meeting of the committee.

Among the likely candidates for both inter-collegiate and inter-state contests are Howard Zimmerman, Earl Jones, Leon Ray, Forrest Dunton, David Pickett, and Burns Powell.

Mr. Allen, a Sigma Nu at Washington, and a student at the Oregon Medical School in Portland, is visiting the Sigma Nu House.
