

OREGON SOAKED TWO TIMES IN ONE NIGHT BY DEBATE JUDGES

LOSE IN DEBATE TO STANFORD AND WASHINGTON UNIVERSITIES BY BIG SCORES

JUDICIAL RECALL A JONAH TO OREGON

Oregon Debators Argue Sides Unpopular in Oregon and Washington and Lose Unanimously.

While Leon Ray and David Pickett were vainly trying to stem the tide of defeat at home last night, Carlton Spencer and Ralph Moores were exerting similarly futile efforts in Seattle, with the result that Oregon lost two unanimous decisions and incidentally the coast championship in debate.

The recall of judges was the question that proved Oregon's Jonah. At Eugene, her champions upheld the affirmative, while in Seattle they took the negative side, but in neither case were the defenders of the lemon-yellow able to convince the judges that they had the "dope." The only consoling feature of the evening's butchery was the fact that not only did both Stanford and Washington have our representatives "holding onto the ropes," but also "throwing up the sponge"; aye, even did they "take the full count," for all six votes were against us, so that no one can say, "verily, it was exceeding close," or "it ought not to have been thus."

Although apparently both engagements were one-sided, Oregon's men made a showing which was by no means discreditable. Both of the vanquished teams showed by their presentation of the argument that they were debating in hostile territory, for here in Oregon, where the judicial recall is not favored, they upheld that innovation, while in Washington, whose voters are strong for it, our debaters were forced to take the unpopular side.

Stanford's representatives, who successfully upheld the California institution in Eugene, were K. E. Leib, leader, and C. C. Close, colleague. The men who won for Washington were Rube Hilen, leader, and John Bovington, colleague. The judges at Eugene were Professor R. D. Hetzel, of the Oregon Agricultural College; President W. U. Ferrin, of Pacific University, and Rev. H. W. Davis, of Eugene.

A peculiar feature of the two debates was the fact that the visitors successfully introduced the contention at Eugene, that the legislature, and not the people, should exercise the judicial recall, while Spencer, at Seattle, used the same argument with disastrous results.

Although the local crowd last night was not such as to make the auditorium suffocating, reports from the north indicate that the Seattle students supported their representatives with enthusiasm, led by Cheerleader Horsley, the official lung-power developer of the Northern institution.

So far as the memory of the oldest student runneth, this is the worst defeat ever suffered by Oregon in debate, and is probably the only double drubbing ever received on a single evening. Last year the Pacific Coast championship was annexed, while the year before the Northwest championship was captured. Oregon's three defeats this season, however, put the kibosh on all chances for supremacy until next year.

INTER-CLASS RELAY RACE TO BE HELD APRIL 6TH

The inter-class four mile relay race will be held next Saturday, April 6, at 3:00 o'clock. Each class will be represented by teams of four men, each man running one mile. The winning team will be presented with the silver cup which is now on display in the gymnasium.

Judging from the last relay race, the strong competition should be between the Freshmen and Sophomore teams, but with McClure's 4:30 legs in action for the Juniors, and McGuire for the Seniors, these teams are very apt to play havoc with the pre-arranged dope.

A number of men are out for each team. The tryouts will probably be held during the first of next week. This contest will give Trainer Hayward a good line on his distance men and will also be a very interesting meet, as all the runners will be in fine condition.

"CUTTERS" WILL SUFFER

Excessive Cutting Will Send Student to Dean Straub and Card to Parents.

A system designed to keep tab on all absences, and to prevent unnecessary cutting and thus help the student who is low in his work as a result of his habit of indolence, has recently been inaugurated in the University.

A card system has been arranged, based upon the professor's daily reports, which shows the record of each reported student for the past week.

When any student has what seems to be an unnecessary number of "cuts," the case is reported to Prof. Straub, who in his capacity as Dean of the University, has supervision of the absentees, and the student is requested by the office to see Dean Straub. If in the case of sickness, the cause of the absence from class is sent to the office, and not to the professor, thus taking the attendance problem from the hands of the faculty. If the student insists upon cutting, a card will be sent to his parents, showing the work done by the student in college.

It has been recommended by the faculty committee having this arrangement in charge, to the faculty, that students, if they want to "cut," be allowed to do so, but that a corresponding amount of credit be withheld from them, thus making it an unprofitable practice to follow.

NEW WORLD'S RECORD SET IN HIGH JUMP AT STANFORD

STANFORD UNIVERSITY, March 29.—In the dual track meet held at Palo Alto last Monday between Stanford University and Pomona College, G. L. Horine, of Stanford, established a world's intercollegiate record in the high jump by clearing the bar at 6 feet 4 3/4 inches. The cardinal team carried off the meet by a score of 88 to 34. J. E. Wooley, of Stanford, also set a new college record when he threw the hammer a distance of 153 feet 1-2 inch.

FIRST OREGANA PAGES GO TO PRESS NEXT MONDAY

The first seventy-five pages of the Oregana will go to press on Friday of next week. There is a large number of interesting color plates, there being four for the athletic department alone. There are at least two district scoops in the volume this year, one being a very new and interesting fraternal organization, and the nature of the other is still secret.

The cover design is new and is one of the most attractive features of the book.

VARSITY TALENT TO APPEAR IN BENEFIT FOR BASEBALL TEAM

MANGLED SCHEDULE WILL NOT INTERFERE WITH WHOLE-SALE SUPPORT OF TEAM

RICH AND RARE PROGRAM IS THE ORDER

Chandler, Jamison, and Roberts to Appear in Sketch "At Home"—"Nuf Ced."

On the night of Tuesday, April the ninth, varstiy talent will appear on the boards at the Folly theater in a continuous vaudeville, given for the benefit of the Oregon basketball squad. The baseball receipts for this year will necessarily be somewhat curtailed on account of the shortening of the 1912 schedule and in hopes of making up the deficit in part, Bush Brown is promoting a high class varsity show to bolster up the tottering baseball finances.

The performance will embrace several headliners and in order to allow all those desirous of witnessing the performance to attend, two performances will be given. The program will be as follows:

1. Sap Latourette and his Troubadours.
2. Vawter and Grady, in song and dance.
3. Cowden and Stannard, in their clever skit, "The City Girl and the Country Bumpkin."
4. Apperson, fancy skating.
5. Juggling and legerdemin, Vierick.
6. Heidenreich, up-to-date song hits.
7. Chandler, Jamison and Roberts, in their new and original sketch "At Home."

The first performance, which will be at 7:30, will be followed by a comic picture film, and at 8:45, a duplicate of the first show will be given. An admission of 25 cents will be charged.

CROSS COUNTRY RESULTS

Returns of the Interclass cross country run, which was held this afternoon, as phoned to the Emerald office just prior to going to press, announces the following results: Freshman Team wins with twenty-seven points. Juniors and Sophomores tie with twenty-three points each. Seniors did not enter a team. McClure, junior, finished first place, prize, a gold medal. Huggins, sophomore, finished second place, prize, silver medal, and Pack, freshman, finished third, prize, bronze medal. The course was 3 1-2 miles long. McClure finished in 17 minutes.

CO-ED DEBATE TRYOUT TO BE HELD TUESDAY EVENING

The first tryout for the girls' debating team will be held Tuesday. Each speech may be eight minutes in length and the candidates may talk on either side of the question they wish. The question up for debate, which Oregon chose and on which Washington has the choice of sides, is: Resolved, That Women Suffrage Should be Adopted by the Several States.

Those expecting to tryout are: Lucil Davis, Marjorie Cowan, Bess Cowden, Ruth Stone, Helen Johnson, Alice Cowgill, and Allie Phillips.

CHEMICS AND ENGINEERS TO HOLD JOINT MEETING

Owing to a conflict in dates, the Engineering and Chemical Clubs will hold a joint meeting next Monday afternoon at four o'clock, in the Chemical lecture room. The Chemists will contribute a speech by Alged Skei, "Methods of Gold Extraction." For the Engineers, Graham Michael will give a talk, "Dredging for Gold in Alaska," from personal knowledge gained last summer when he was working in a gold mine. Stereopticon slides will be used for both lectures.

The purpose of those who have selected the program is to furnish one of general interest by eliminating too great a use of technical terms. The leaders wish the attention of students generally called to these popular meetings every Monday afternoon, in which subjects of present interest and importance are taken up for study.

TRACK PROSPECTS GOOD

Colleges and Universities Prepare to Make Over Another Hump for Honors.

With the season advancing, track prospects among the Northwest conference colleges are beginning to assume a more definite position. Washington, by winning the P. N. A. indoor meet at Seattle two weeks ago, showed her team to be a strong contender for championship honors. The fact that the Seattle institution carried off the meet despite the fact that their star sprinter Courtney was disabled and Captain Evans was ineligible on account of deficiency in studies, shows that the Northerners are going to put in a strong bid for Northwest track honors.

At Pullman also the outlook seems to be bright. A number of veterans have returned and much new material has reported for practice. Among the new arrivals are Rock with a record of 11 feet 4 inches in the pole vault, and Coe, another freshman, with a 5 foot 10 1-2 inch mark in the high jump. The great relay team of last year is weakened by the loss of Lowry, but there seems to be plenty of new material to fill the gap. Cooke is showing up exceptionally well in the sprints, while in the longer distances Williams and Lewis will compete. The weak spot of the Pullman aggregation seems to be in the hurdles, Powell being the only man available so far.

At Idaho, with baseball off the schedule of spring events, a large squad has been turning out for track and although a number of the old stars are missing, Coach Vanderveer expects to turn out quite a formidable aggregation. In the weights the gem state institution is reported as being especially strong. With Benlough, Phillips, Harris, Gribble, and Keefe, all premier weight jugglers, the University is hoping to turn out another "phenom" this year.

Whitman has also abandoned intercollegiate baseball this spring, and is turning out in full force for track work. Although no particular stars have been reported from the Walla Walla institution as yet, it is understood that Coach Hahn has a large squad out, and has some very likely material. The Oregon Agricultural College, also, has a large working squad, and much is expected on the cinders at that institution this season.

Y. M. C. A. "Health and Strength" series of lectures might be well worth looking into.

INDOOR MEET TO BE UNIQUE AFFAIR WITH FIGHTS, RUNS, ETC.

WOO SUN AND BUFORD JONES, PUGILISTS, TO MIX IN FISTIC ENCOUNTER

TRACK SQUAD APPEARS FOR FIRST TIME

Sack Race, Barrel Race, Wrestling Matches Added to Usual Track Events.

With forty entrees already in, the big indoor meet which will take place in the Gymnasium next Wednesday evening, at 7:30, is certain to be one grand success. Wrestling, obstacle races, sprints, distance runs on the circular track, sparring, pole vaulting, high and broad jumping, and shot putting, are the events programmed. It will be the first opportunity to see all the college track men in action.

The contests scheduled center on the much talked of bout between Buford Jones of the Dormitory, and Woo Sun, Chinese blue blood, who recently captained the "Shorts" in their basketball contest with the "Longs." Neither of the men are over five feet in height and the fact that the sofa pillows which Hayward calls boxing gloves, are nearly as large as the combatants, will add an interesting bewilderment to the scene.

The obstacle race which will consist of making time through bottomless barrels and gunny sacks, will have such notables as Ed Bailey, Oleson, Hill, Bean, and Briedwell as contestants. The farcical sight of a little man lost in a big sack and of a big man stuck in a barrel are among the novelties promised in this event.

The list of entrees are:
Boxing—Brook Dixon vs. Waldo Miller, Hardesty vs. Donald, and Woo Sun vs. Buford Jones.

30 yards and 100 yards sprints—Bean, Ford, Briedwell, Hawley, Morton, Jones, Fenton, Finch, D. Hawkins, Hill.

300 yards sprint—Martzloff, Johns, Obertoffer, Fenton, Briedwell, Hawley, Morton, D. Hawkins.

Shot—Kellogg, Henderson, Grout, Neil, Hawkins.

600 yards run—Evans, Baylen, Pfefferly, Miller, Martzloff.

1,000 yards run—Blackaby, Pack, King, McCluer.

Obstacle race—Oleson, Bailey, Ford, Briedwell, Hill, Bean.

High jump—Stuller, Benson.

Pole vault—Williams, McCornack, Watson, Anderson.

High dive—Ford, Bean, McCornack, Hawkins, Neil, Oleson.

Battle royal—Entrees yet to be chosen.

In order to make it possible for all the students to attend the Indoor Meet, a special student ticket, which insures a reserved seat has been issued for 25 cents, which is half the regular admission charge. These tickets will be on sale to students only, at the Y. M. C. A. book exchange at 9 o'clock, Monday morning.

All the men entered in the events are requested to be dressed and ready to participate by a quarter past seven, as no delay in the running off of events will be tolerated.

Wednesday evening a few members of the Faculty were dinner guests at the Gamma Delta Gamma house to meet Mrs. Roth. They were President Campbell, Professor and Mrs. DeCou, and Mrs. Dunn, Dr. Stuart, Miss Thompson and Miss Hastings.
