

## OREGON'S TRACK MEN TO MEET MULTNOMAH SATURDAY AFTERNOON

CLOSE CONTEST EXPECTED IN  
VIEW OF RESULTS OF CO-  
LUMBIA MEET

BOTH TEAMS IN EXCELLENT CONDITION

Vaulting of Bellah and Races Between  
McClure and Huggins to be  
Special Features.

At 2:30 next Saturday afternoon,  
Oregon's track team will contest the  
strong Multnomah Athletic Club team  
on Kincaid field.

At the Columbia meet, two weeks  
ago, Oregon barely defeated the  
Winged M. team by the narrow mar-  
gin of 1 1/2 points. Judging from this  
score Saturday's contest should be  
excitingly close.

One of the special features of the  
meet will be the vaulting of Sam  
Bellah, ex-Stanford vaulter, who will  
try for a new record. At the Colum-  
bia meet he easily cleared the bar at  
12 feet 1 1/4 inches, and with the two  
weeks additional training, he should  
be able to do several inches better.

**Bellah Will Try for Record.**  
Ben Williams, Oregon's star  
vaulter, will not be able to compete,  
because of a badly sprained ankle.

Another interesting race will be the  
high hurdles with ex-Captain Haw-  
kins running against Holman, the ex-  
Dartmouth captain. Both men are in  
good shape and should put up a  
strong race.

With McClure and Huggins run-  
ning for Oregon, the mile run should  
be sensational. Trainer Hayward has  
announced that this race will act as  
the tryout to see which man will  
make the California trip next month.  
Both men have done the mile near  
the 4:30 mark.

**Meet Tryout for Oregon.**  
On the sprints the teams are about  
evenly matched.

On the weights, Wolfe for the club-  
men is exceptionally strong, but Cap-  
tain Kellogg should press him to his  
limit.

A great deal of interest is centered  
in this meet, as it will be the only  
chance to see "Bill" Hayward's cham-  
pions in action. All the other meets  
will be away from home.

With the exception of Williams,  
the Oregon men are all in fine condi-  
tion and will work hard to defeat the  
famous athletes from the north.

A large crowd is expected at the  
meet. Admission will be 50 cents.

### M. A. A. C. GOLF EXPERT WILL PLAY PRESCOTT

The golf enthusiasts of the Uni-  
versity will be afforded a rare treat  
Saturday in the form of a match be-  
tween Bert Prescott of 'varsity fame  
and T. Morris Dunne, a prominent  
clubman and golf expert of Portland.  
Mr. Dunne, who will accompany the  
Multnomah Club track team on the  
trip to Eugene, has consented to play  
an exhibition match on the local  
links. As both Prescott and Dunne  
have achieved considerable fame as  
golf players, the competition prom-  
ises to be extremely keen and the  
record for the course may possibly be  
lowered.

All the "cow pasture pool" fol-  
lowers are looking forward with great in-  
terest to the coming event and there  
will undoubtedly be a large gathering  
of the classes on hand Saturday  
morning.

### EUTAXIANS MEET AND DISCUSS CURRENT TOPICS

The Eutaxian Literary Society held  
its regular monthly social meeting  
Tuesday evening, April 23, at the  
home of Professor R. C. Clark.

An interesting program on the vi-  
tal campus topics of the day was up  
for discussion. "The Six College Day  
Proposition" was put before the so-  
ciety by Bess Cowden. Anne Mc-  
Micken also discussed "The Quarterly  
Semester Plan." A debate, Resolved,  
that the University should adopt stu-  
dent government, followed these talks.  
The affirmative was ably supported  
by Jane Knox and Emma Waterman;  
and the negative by Mildred Whittle-  
sey and Catherine Kirkpatrick. After  
this program, a general social time  
ensued.

### OLD STARS TO APPEAR

M. A. A. C. Track Squad Includes  
Former College and Club Men  
With Records.

Several of the M. A. A. C. track  
team that will be seen in action here  
next Saturday, are old college stars,  
with records galore. Among the  
squad are several "prep" school men  
of college calibre, while one of the  
team acquired his speed without the  
aid of a college coach.

None of old Multnomah's track  
guard, that formerly gave Oregon a  
close rub each year, will compete  
here Saturday. The squad is com-  
posed mostly of new men, the most  
conspicuous of whom is Sam Bellah,  
captain, who will appear in the pole  
vault, high and broad jump, the shot  
put and javelin. His pole vault rec-  
ord is 12.6 1/2 feet.

The squad includes Holeman, an  
ex-Dartmouth track captain, who ap-  
pears in the pole vault and hurdles.  
Carl Wolff, former O. A. C. star, is  
M. A. A. C.'s weight man, with a rec-  
ord of 43 feet in the shot. Hummel  
is a new man, who had good records  
in the 220 dash, and in the broad  
and high jump. His is natural ability,  
never having had the advantage of a  
college training. Burns has a record  
of 4.39 for the mile, while Brace is a  
Portland high school man, who will  
enter the 440 yard dash and the re-  
lay. Oscar Kerrigan, a brother of  
Bet Kerrigan, the old red and white  
high jumper, who went to Athens in  
1904, will follow in his brother's path,  
as leaper. McKay, a Lincoln High  
man, will enter the 440 and half mile  
events. McKay took second in the  
half mile last year in the Interschol-  
astic meet.

### KELLY LEAVES SCHOOL BARBOUR WANTS ASSISTANT

By the withdrawal of John Kelly  
from school, the Emerald loses one of  
its most enthusiastic workers. Kelly  
though on the staff for less than two  
months, was one of those instru-  
mental in raising the size of the pa-  
per to six pages by his constant  
work in securing advertising.

Kelly is the third loss on the man-  
aging end of the staff since the first  
semester, Wallie Dobeay having left  
to work in Idaho, and Allyn Roberts  
resigned, and this leaves an opening  
for a new man. One application is  
already in, and Manager Barbour re-  
quests that in order that anyone in-  
terested may try out, they turn in  
their names before May 1.

### Newspaperman to Speak.

Mr. Fendern, a local newspaper-  
man, will speak to Geary's jour-  
nalism class in Prof. Turber's room,  
Friday, at 1 P. M. Some practical  
phase of newspaper work will be his  
subject. All who are interested in  
this subject, are invited, whether  
members of the class or not.

## REFERENDUM REVERSE TO IMPEDE PRESENT RATHER THAN FUTURE

UNIVERSITY WILL NOW WORRY  
ALONG UNTIL STATE GIVES  
PROPER SUPPORT

ONLY STATE OFFICIALS MAY BRING SUIT

Regents Will Decide Final Course of  
Action to be Pursued in Cam-  
paign Before People.

In spite of the severe setback  
which the University received, when  
the Supreme Court reversed the Gal-  
loway decision, a hopeful feeling is  
today in evidence on the campus.

President Campbell declares that  
notwithstanding the need in which  
the University finds itself, the work  
will be pushed forward as usual. The  
annual maintenance fund of \$125,000  
is still available and, although new  
buildings seem necessary, the Univer-  
sity can undoubtedly continue to run  
as she has in the past. While the de-  
cision hinders the growth of this in-  
stitution, it does not hinder the pre-  
sent system on which it runs, and  
the decision of the faculty and stu-  
dents is to make the best of the mat-  
ter and look forward hopefully to the  
future.

**Referendum Common Enemy.**  
This is not the first referendum  
that has been invoked against the  
University. It is the third measure  
of this kind that President Campbell  
Continued on last page.

Sam. Belahh, captain and star pole  
vaulter on the M. A. A. C. track  
squad, which meets Oregon on Kin-  
caid field, Saturday.

### PROMINENT CO-EDS ON CAMPUS DAY COMMITTEE

The general committee of women  
for Campus Day of Junior Week End  
has been appointed by the Execu-  
tive Committee, but owing to the ab-  
sence of Miss Bibee, no meeting has  
been held. The committee consists  
of Jessie Bibee, chairman, Ruth Mer-  
rick and Emma Waterman. The spe-  
cial committee of assistants is com-  
posed of seventeen college women:  
Ceil Miller, Nellie Hemenway, Lucia  
Campbell, Mildred Bagley, Jean Al-  
lison, Bess Lewis, Fay Clark, Eliz-  
abeth Busch, Hazel Wightman, Alma  
Payton, Blanch Powell, Eva  
Roach, Ruby Hammerstrom, Alice  
Farnsworth, Eva Frazier, Hazel Mc-  
Kowen, Javina Stanfield and Flor-  
ence Cleveland.

### BOARD O.K.S COURSES

Several New Subject to be Listed in  
Next Catalogue from All  
Departments.

At the meeting of the State Board  
of Higher Curricula, which was held  
in Portland April 10, all of the new  
courses and revised courses, which  
the University's representative, Pres.  
Campbell, presented, were approved,  
and so will be found in the next gen-  
eral catalogue.

The Board, which is composed of  
J. S. Wilson, of Portland Academy,  
Sen. Hedges, Oregon City, Senator  
Coshow, Roseburg, Mr. C. J. C. Smith,  
Pendleton, and Mr. T. C. Beall, of  
Tillamook, meets annually and passes  
upon all new courses proposed by O.  
A. C. and the University, so that  
there will be no undue duplication of  
work in the two institutions. One  
important ruling was made, to the ef-  
fect that, hereafter, each new subdivi-  
sion of a course, or even a change  
in name, must be approved by the  
Board before it can be recognized.

The new courses that will be of-  
fered by the University for Engi-  
neers are: Scientific Methods of Study,  
Readings from English Literature,  
American History and Geographic In-  
fluences, and Higher Algebra. The  
department of physical education for  
women will offer courses in Kinsiol-  
ogy, Applied Anatomy, Human Anat-  
omy, Clinic and Corrective Gymnas-  
tics, the Theory of Play and Play-  
grounds, and the Methodology of  
Gymnastics. The department of  
Romance Languages will offer a  
course in Dante and Tasso.

In the Engineer Department a new  
course, entitled "Sanitary Engineer-  
ing," will be presented next fall,  
which will include classes in Applied  
Mechanics, Water Analysis, Micro-  
scopic Examination of Water, Meth-  
ods of Garbage Disposal, and classes  
in Design and Construction of Sani-  
tary Buildings.

### EUGENE BUSINESS MAN TO ADDRESS VARSITY Y. M. C. A.

W. G. Smith, one of Eugene's promi-  
nent business men, will address the  
University men on "Christian Serv-  
ice," Thursday evening, April 25, at  
Deady Hall.

Mr. Smith believes in that kind of  
Christianity, which is practical and  
gives a return to a man in dollars  
and cents.

The order of the life work series  
has been changed because it was im-  
possible for Dr. George Rebec to give  
his address on "Teaching as a Life  
Vocation," which will be given May 9.  
Jerry Martin will render a solo.

Miss R. Louise Fitch, the editor of  
the Trident, is a guest of the Tri  
Deltas this week.

George Frazier, '15, will not return  
to college this year because of con-  
flicting business interests.

## SUPREME JUDICIAL TRIBUNAL REVERSES GALLOWAY DECISION

MEAGRE TECHNICALITY GIVES  
JUDGES CHANCE TO CRAWL  
AWAY FROM ISSUE

Measure, Honeycombed With Fraud,  
Must Stand Because Wrong  
Plaintiff Is Involved.

Like a knock-out punch to an aspir-  
ing "pug," like the kick of a parental  
boot to a romantic swain, not to for-  
get the proverbial clap of thunder  
out of a clear sky, came the long-  
awaited decision of the Supreme  
Court to the University, reversing  
Judge Galloway's decision, in the re-  
ferendum case.

Oregon may get the 500,000 odd  
shekels granted by the last legisla-  
ture for much-needed buildings and  
equipment, but the chances of the  
present generation's witnessing the  
happy event, have been considerably  
diluted by the action of the state's  
highest tribunal. The question will  
now go on the ballot at next fall's  
election, and the voters of the state  
will decide whether or not the  
"rhino" shall be appropriated to its  
original purpose.

### Court Sidesteps Issue.

Taking a course which Judge Sla-  
ter, who represented the University,  
characterizes as "dodging the issue,"  
the Supreme Court sidestepped the  
alleged frauds in the petitions, and  
decided the case on the technical  
question of Regent Friendly's right  
to bring the suit against the state.  
The court holds that Friendly, as a  
private individual, was not the proper  
plaintiff, since he could not show that  
he would be injured in any property,  
civil, or political right, by Secretary  
of State Olcott's action in placing  
the question on the ballot. The court  
does not designate who should have  
brought suit, or how the people of  
the state will have recourse against  
fraudulent referendum petitions in  
the future.

### Burnett Writes Opinion.

The opinion in the case was written  
by Justice Burnett, but there was no  
dissenting opinion submitted. Judge  
Burnett's document, which is occupied  
with discussion of legal points and  
numerous citations of other cases,  
does not deal with the contention of  
the University, that thousands of  
names were forged to the petitions,  
which it was expected would be the  
ground on which they would be  
thrown out. The gifted Parkinson,  
therefore, is denied official credit for  
the authorship of his more or less  
famous masterpiece.

The only portion of the written  
opinion in which the alleged frauds  
are alluded to, is one of the conclud-  
ing paragraphs, which, after sum-  
ming up the decision, reads as fol-  
lows: "This conclusion renders un-  
necessary the consideration of the  
other questions raised at the argu-  
ment."

### CHEMISTRY CLUB DISCUSSES RUBBER MANUFACTURE

The Chemistry Club meeting was  
held Monday evening from 4:00 to  
5:00 P. M., in the Chemistry lecture  
room. The subject of discussion was  
the rubber industry. Miss Powell de-  
scribed the manner in which the rub-  
ber tree is cultivated and grown. Bu-  
ford Jones described the processes of  
transferring the crude rubber into  
articles of industrial use. The ap-  
pliance of chemistry to the industry  
was discussed by Dr. Shinn.
