

DR. AKED DELIVERS STRONG ADDRESS ON WOMEN'S SUFFRAGE

SPEAKER NAMES ENTHUSIASM AS GREAT FACTOR IN HUMAN ACHIEVEMENT

EFFICIENCY KEYNOTE OF HIS REMARKS

Aked Advocates Improvement in Men and Women Rather Than in Method.

Dr. Charles Frederic Aked, formerly of Pembroke Chapel, Liverpool, England, and now pastor of the First Congregational Church of San Francisco, delivered an address before the first assembly of the year, yesterday morning, on the subject of equal suffrage.

Although of British nativity and education, he is thoroughly informed on the subject of American life and social problems, having made annual lecture tours of the States from 1893 until his removal to the Pacific Coast four years ago.

Names Factors of Achievement.
In opening his address, Dr. Aked referred to the two factors responsible for most of the achievements of the great men of modern times—enthusiasm, and its motive and interest in human welfare. He spoke particularly of community problems, existing in the American nation and on the Pacific Coast, and made the keynote of his talk this question: "Are we getting, with all our tremendous resources, all we should, from life?"

The gravest defect in our civic and political existence as a nation, Dr. Aked declared, is absolute dependence upon machinery, upon the efficiency of organization in the ordering of our existence. He pleaded for the substitution of human interest and individual endeavor for the reliance upon the community to carry out the collective labor of the individual. "Improved methods," he said, "are good; improved men and women are better." "This substitution," he asserted, could most efficiently and directly be accomplished by the utilization of the unutilized reservoirs of mental and moral energy represented by the women of the nation."

Aked Quotes Economist Mills.

In conclusion, he supported his plea for action by quoting the famous axiom of John Stuart Mill: "For evil men to accomplish their ends, it is only necessary for good men to do nothing."

President Campbell presided over the assembly. The attendance, estimated at 700, is generally accepted as an indication of continued signal success of the weekly University gathering.

Germans to Meet Tuesday.

The first meeting of the German Club this year will be held at the Kappa Alpha Theta house, next Tuesday evening, at 8 o'clock. At a meeting of the executive committee of the club, yesterday afternoon, preliminary steps were taken for the resumption of active work, and a brief outline of the year's work was made. The meeting will be chiefly of a business nature, a campaign for new members, being the principal feature projected. Miss Maud Mastick, president, will be in charge.

Ted Holmes, ex-'13, is spending a few days with his Kappa Sigma brothers.

LECTURE BY NEW DEAN OF WOMEN WELL ATTENDED

Miss Guppy addressed a large audience of varsity women at 4 o'clock, Tuesday, September 24, in Villard hall, on the subject, "The Work and Ideals of College Women."

She pointed out the power and influence of modern women, and the value of a thorough education in training them to become competent leaders in life's activities. In dwelling upon the responsibility of college women to each other, Miss Guppy took occasion to refer to the unselfish democratic spirit shown in Oregon, which, she contends, is one of the principle objects to be attained.

This is Miss Guppy's first year as Dean of Women in the University. The office of dean has been vacant three years, following the resignation in 1909 of Dr. Luella Clay Carson, now president of Mills College in California.

TRACK MEN TO MEET

Hayward Wishes to Arrange Fall Training Schedule and Meet New Track Men.

Preliminary to the fall track and field workout, which will commence next week, there will be a meeting Monday, at 4 o'clock, in the gymnasium, for men interested in this branch of athletics. This meeting should be of especial interest to Freshmen, as Trainer Hayward says that he will have to rely entirely upon the class of '16 for material to fill the places left vacant by the graduation of Latourette, Kellogg, Johns, Williams, and Hawkins. At present, the Varsity is weak in the sprints, hurdles, broad jump, shot put, and pole vault.

Hayward remarked further, that it is impossible for a man to come out for only six weeks in the spring and make good in track work. It is seldom, he said, that a high school star makes good in college the first year, with out the form acquired in fall training. I know the new men only by their high school reputation, and it seems as if the Freshmen class will furnish as many good track men as did the class of '12, the best track class in college.

If the weather continues good, a Sophomore-Freshman class meet will probably be staged within the next few weeks.

FRIDAY HARBOR IS AGAIN MECCA FOR SCIENTISTS

The Summer School at Friday Harbor, the Puget Sound marine station, located on a small island in Puget Sound, not far from Victoria, B. C., was again under the direction of Professors Bovard and Sweetser. There were over 100 students enrolled, 17 of whom were Oregon people.

As in former years, the study course consisted of intimate study of various biological specimens, sea animals and valuable specimens of flora, that offered a wide range in botanical lore.

Experiments were conducted, both in the laboratory and in natural surroundings, upon many of the fauna, which the locality afforded, while data collected along natural science lines proved valuable.

The rugged coast and accessible mountains furnished a fund of recreation.

Mrs. Healey, of Spokane, has been visiting her daughter, Mildred, at the Kappa Alpha Theta house.

Jean Allison, '12, is teaching at Milton, Oregon, Jane Knox at Stephenson, and Birdie Wise at Astoria.

JINX CASTS LOWERING GLANCES ON OREGON'S CHAMPIONSHIP HOPES

VARSITY STARS AND FRESHMEN PLAYERS SAID TO BE IN BAD SHAPE

BAILEY DISABLED IN FIRST SCRIMMAGE

Fans Doubt Ability of Idaho Men to Fill Holes in First Lineup.

When a badly sprained ankle necessitated the removal from the field of Ed Bailey, the varsity sterling tackle, who has in three seasons never received incapacitating injuries from a football scrimmage, the most enthusiastic bleacherites admitted that something resembling a hoodoo was camping on the trail of Coach Pinkham's prospects.

Accidents Multiply.
The accident to Bailey adds another recruit to a rapidly increasing hospital corps, making the campus resemble the exercising park of a pri-

Head Coach Louis Pinkham.

vate sanitarium, with Kay, Holden, Fariss, Turpening, and Cornell, among the inmates.

Bill Holden, a prospective guard, sustained a strain in practice last Monday, which, without proper care, threatens to develop into severe abdominal trouble. Holden's incapacity, together with that of Turpening, who is suffering from a couple of bad ankles, a likely candidate for a tackle position, puts a crimp in the list of second string line men.

Cornell Also Injured.
To cast a further gloom over gradually darkening prospects, the rumor has been spread that Ans Cornell, who is being used at the pivotal position, may be relegated to a side line job on account of a knee that refuses to respond to treatment.

Ercei Kay, who is trying for an end position, is experiencing difficulty in rounding into shape, as is Bob Fariss, last year's guard, who is in danger of permanent injury, because of an injured knee.

Cook Shows Inexperience.
Despite glowing accounts of the ability of Cook, the big boy is still much in need of seasoning. Whether his great weight and speed will be of much value to the team, is a mooted question among the "fans."

Y. W. BUSINESS MEETING CALLED FOR MONDAY

Miss Florence Cleveland, the president of the local branch of the Y. W. C. A. for the year 1912-13, announces the first meeting of the organization to be held next Monday, at 4 p. m. The most important business will be the discussion of plans for completing the Bungalow Fund.

Several changes have been made in the cabinet, due to the absence from college of former officeholders. Maude Mastick will hold the position of chairman of the Bible committee, left vacant by Lila Sengstake. Since Lida Garrett will be unable to act in the capacity of treasurer, Ruth Stone will take charge of the funds of the Association. Vera Redmond will substitute for Pauline Van Ordsol on the publicity committee.

George Jett was married Wednesday evening in Baker City.

DEBATE TRYOUT SOON

Coach Prescott Is Pleased With Material—Question Will Be Chosen Later.

Every aspirant for debating laurels this year will be given special encouragement and coaching, says Coach Prescott. He adds further, "Our object is not to win, but to develop men. Of course, we are going in to win, but that is not our primary idea. We wish to develop future champions."

This will be accomplished through putting special emphasis on work in debating societies, holding several large debates during the year, both interclass and intra-society in their nature.

The question for debate this year will be selected in about a month by Coach Prescott and representatives from Stanford and Washington. Each representative is allowed to submit three questions and then to re-phrase the resulting choice, a final selection being made from the three different wordings of the proposition. The question chosen by the Triangular League will likely be adopted in the Utah debate.

"Sap" Latourette, Oregon's phenomenal quarterback for the past four years, has donned a football suit and is now practicing with the Multnomah Club team.

TUBERCULOSIS EXHIBIT PLANNED BY DR. SCHAFER

Dr. Schafer has a movement on foot to bring the exhibit of the National Association for the Study and Prevention of Tuberculosis to Eugene within the next few days.

This exhibit, which is under the management of Mr. Walter Cosper, has been touring the country for the last three or four years, and in that time has been installed in all the principle towns west of the Mississippi.

The expenses are small, only \$150 being required to bring this educational factor to Eugene. While Dr. Schafer is conducting the negotiations with Mr. Cosper, it is not strictly a University affair, and if the present campaign is successful, the people of Eugene will see the exhibit installed about the third of October.

Ernel Miller, '12, is stopping at the Chi Omega house enroute home from a fortnight's trip to Los Angeles.

On the teaching staff of the Eugene High School are the following "Oregon" graduates: Frances Young, '10, Mildred Bagley, '12, Francis Curtis, '11, and Bertha Cummings, '10.

MUSICAL DIRECTOR PICKS SIX NEW MEN FOR COLLEGE GLEE

TRYOUTS UNSATISFACTORY — TWO VACANCIES LEFT IN FIRST TENOR

BOWMAN SAYS OUTLOOK IS BRIGHT

Song Hits and Stunts Will Figure Prominently in Program for Coming Season.

Six new men, Ray Williams of La Grande, Verne Apperson of Portland, Ira Staggs of Milton, Frank Lewis of Portland, John Black of Portland, and Heidenrich of La Grande, were selected by Director Bowman after the Glee Club tryout held yesterday noon. The tryouts did not prove as satisfactory as could be wished, there still being a shortage of one or two men in the first tenor section. These places, however, will be filled later.

Frazier Announces Selections.
President Frazier announces the following provisional list of Glee Club members for this year:

First tenor—Glen Story of Pendleton, Walter Dobie of Eugene, Verne Apperson of Eugene, and Frank Lewis of Portland.

Second tenor—Erwin Rolfe of Eugene, Vernon Motschenbacher of Klamath Falls, Harold Quigley of Portland, Harold Grady of La Grande, Ira Staggs of Milton, Ray Williams of La Grande, and Bert Girard of Pendleton.

First bass—Homer Maris of Portland, Raymond Giles of Eugene, Earl Fortmiller of Albany, Ira Mandeville of Eugene, and Kenneth Frazier of Portland.

Second bass—Del Stannard of Portland, Jerry Martin of Klamath Falls, Alfred Skei of Mt. Angel, Lloyd Barzee of Portland, John Black of Portland, and Henry Heidenrich of La Grande.

Outlook for Club Bright.

Van Dusen, a Freshman, will try out for stunt man with the club. Director Bowman plans to have several good song hits, as well as stunts. He considers the outlook for the Glee Club as being bright and intends making this a record breaking year in glee club circles. No time nor trouble will be spared in making the concert a finished and complete entertainment. The first rehearsal will take place Monday at 4 o'clock.

Associate Justice William Wallace Mount, of the Washington Supreme Court, father of Wallace Mount, '13, has recently been elevated to the chief justiceship of that tribunal.

Willma Young, '14, has affiliated with the Chi Omega Chapter at Berkeley, and Gertrude Chandler, '15, with the chapter at Washington.

Oregon Alumnus Marries.

Announcement comes of the marriage, on September 3, of Geo. Homer Billings, '06, to Miss Laura Ellen Courey, a prominent young woman of Leon, Ia.

Mr. Billings, while in college, was chiefly interested in the work of the Y. M. C. A. During his four years here he served on various advisory committees and in his senior year had the honor of being elected president of that organization. Since his graduation he has been in the real estate business in Ashland, Oregon, which place the young couple will probably make their home.
