

AT THE SMEEDE

Have you been there? If not, you should go there, for they have lots of good things to eat. Steaks that will make your mouth water to look upon, with potatoes served to suit you, and those young chickens are a wonder, the finest in the market. Stale eggs find a very poor market at The Smeede, as everything must be the very best that is served by the present management. There is nothing too good for the Irish, nor the patrons of The Smeede.

A Turkey Dinner will be served from 5 to 8 P. M., Sunday next.

Men's \$20 Suits, \$14.50

Right now, at the beginning of the season, while our stock is complete we are making an introductory sale of men's all-wool hand tailored suits in all the leading weaves in blue serge, dark mixed, brown, dark tan, and grey mixtures. DOES MORE FOR YOUR MONEY THAN ANY SHOP IN TOWN

Nobody can do better repairing, or keep shoes cleaner, than I can. Most people are wise enough to know that money saved, is money earned. When you bring your repair work to me, you will realize the economy of the best. My prices are reasonable. I'll make your shoes last longer than the other fellow, and they will look better, too.

REBEC TOURS STATE

Head of Extension Department Speaks to Institutes and Colleges.

Dr. George Rebec, of the extension department of the University, gave the first of a series of educational lectures before the Southern Oregon Teachers' Institute in Albany last Thursday.

Dr. Rebec has started on an extended tour of the state to attend and speak to the various meetings of the different educational organizations that are being organized. While in Albany, his address dwelt on "Education and the New Social Vision."

Dr. Rebec will deliver his next address in Klamath Falls, then going to Portland, where he has several engagements.

GRADUATE FINDS PHYSICAL DEFECTS IN "PREP" GIRLS

Miss Mildred Bagley, '12, is filling a position at the Eugene High School in the physical training department.

Besides introducing various innovations in the physical culture department, as holt-dances, tennis, and floor work, Miss Bagley is conducting physical examinations of every girl who intends to do gymnastic work. Up to this time Miss Bagley has found in her investigation of the physical strength of the High School girls that the common fault is that of poor position and curvature of the spine. Ninety percent of the girls are thus afflicted, and Miss Bagley is planning connective work to eliminate this defect.

Besides teaching classes in physical culture and coaching the inter-class basketball teams, Miss Bagley is giving lectures to the girls on hygiene and care of the body.

SOCIAL SEASON OPENS WITH LARGE RECEPTION

ACQUAINTANCE PARTY ATTENDED BY MANY

Local Musicians Furnish Program—Refreshments Served by Social Committee.

Friday night marked the opening of the University social season, with the joint reception given by the Y. M. and Y. W. C. A. in Villard hall, as the initial affair. Its success is marked by the fact that some 300 members of the faculty and student body attended. The hall was made attractive with decorations of flowers, autumn leaves, rugs, and pillows.

An excellent program, presided over by Carlton Spencer, president of the student body, was rendered in two parts, as follows:

FIRST PART

1. Miss Norma Graves.....Piano solo
2. Mr. Kenneta Frazier.....Vocal solo
3. Mr. Harry Devereaux.....Cello solo

PART SECOND

1. Miss Blanche Avery.....Vocal solo
2. Miss Florence Hughes.....Reading
3. Mr. Harold Humbert.....Vocal solo

The patrons and patronesses, in the order in which they stood in line, were: Mr. A. Burleigh Cash, President Campbell, Miss Florence Cleveland, Miss Ruth Guppy, Mrs. Pennell, Professor and Mrs. DeCou, Mrs. E. L. Fletcher, Mr. Charles W. Koyle.

NEW APPARATUS HAS A MEANING ALL ITS OWN

Owing to the growth of the psychology laboratories, the correspondence school has had to move from its former room in McClure hall to make room for the new equipment that has been added by Prof. Conklin to his department.

The laboratory has received a Zwaardemaker's Vefactrometer, invented by Professor Jastro, who lectured here during the last summer school session. Also, a Kronecker's Metronome, used in the study of mental processes, has been purchased.

Added also are two Marey Tamboms for recording mental action, a Notator for mixing colors for color vision, a Camprimeter for studying field vision, a set of Quincketubes for the precipitation of auditory differences, a Plethysmograph for indicating emotional changes through changes in the circulation of the blood, also an apparatus to record the length of memory.

ALUMNI SCHOLARSHIP AWARDED TO MISS BOYDELL

Ethelwyn G. Boydell, of Nyssa, Oregon, was granted the Alumni Association Scholarship of the University of Oregon for this year, the scholarship amounting to \$150.

In the awarding of this scholarship, character, scholastic standing, social-ability and capability are considered.

Miss Boydell had an average for four year's work of 97 per cent, and received the highest recommendation.

That this scholarship is much sought after is evident from the fact that there were 25 applications considered.

Miss Boydell has entered college for a four year's course, majoring in mathematics with Professor DeCou.

Hand-Books Are Plenty.

Secretary Koyle, of the Y. M. C. A., announces that there are still plenty of hand-books for those who will call for them.

Although over 400 were printed, none were sent away this year as formerly, making the supply still generous.
