REBECC SHOWS GROWTH OF EXTENSION WORK

EMPLOYEES OF PORTLAND RAILWAYS TAKE COURSES IN UNIVERSITY WORK.

LECTURES ARE IMPORTANT

Five Oregon Professors Make Dates to Speak Before Portland Organizations.

Dr. George Rebec, extension lecturer and organizer, was at the University Sunday and Monday, and outlined the growth of the work throughout the State. The extension is rapidly gaining favor and encouragement. The Harriman and Hill lines in Oregon have both offered free transportation for the University instructors in Extension, and any members of the Faculty engaged in the same work.

For some time there have been three extension classes among the employees, both official and clerical, of the Portland Railway, Light and Power Company. Friday of last week three classes were started among the employees of the Harriman lines; and yesterday classes were organized for the employees of the Hill lines. The Hill Company gave all the men one-half hour from working hours to hear Dr. Rebec explain the work. English was the favorite subject of the classes in the last two companies.

Preliminary steps have also been taken for the organization of several private groups among the young business men of Portland.

Dr. Schafer in Portland.

Individual lecture courses are playing an important part in the extension work. Dr. Joseph Schafer, of the history department, is just concluding a series of lectures on Northwest history before the Irvington Club of Portland, and before a group of extension students in Salem. On Saturday of this week Dr. Schafer will begin the same series of lectures before the Portland Heights Club of Portland. His success in the first instance led to the continuance of his work in another field.

Last Friday Dr. E. S. Conklin, instructor in psychology, started a course of lectures before the Portland Y. M. C. A., on Mental Hygiene. He also addresses the business men at noon on Saturday. Dr. Conklin will lecture there tomorrow and Saturday, and for a few weeks following.

Reddie to Give Readings.

Professor A. F. Reddie, of the public speaking department, is to give a reading of the "Tale of Two Cities," at St. Helens, Ore., tomorrow evening. He will give the same reading before the Portland Y. M. C. A. on Saturday evening. Professor Reddie will give other readings at the Portland Y. M. C. A. at future dates. The plan of the Y. M. C. A. is to have these readings (Continued on last page.)

SENIOR DANCERS WILL GET PARTNERS BY LOT. SPENCER AND PICKETT TO ATTEND ORATORICALS

A lottery dance in which partners are chosen by chance is an innovation to be given by the Senior class at the first available date within the next month. There is to be no worrying on the part of the women whether or not they will receive "bids"; there will be none of that embarrassing uncertainty among the men as "Who is it safe to ask?" Everyone goes; and he takes whom he is told to take. Partners are drawn by lot. A committee has details in charge.

At the meeting of the class held

TRIPLE-"A" GIRLS WILL ASCEND SKINNER'S BUTTE, RAIN OR SHINE

Hike Will be Strictly Informal—Thirty Freshman Women to Take Trip.

Rain or shine, the Triple "A" Society of Freshmen girls will assemble in the East Park, corner of Eighth and Oak streets, next Saturday afternoon, at 1:30 o'clock, for their first mountain climbing expedition, or informal hike.

About twenty-five or thirty Freshmen are expected by President Bailey to make this initial trip. The women will climb Skinner's Butte, just north of the Southern Pacific depot, ascending the hill by easy stages. The return will be made after a short rest on the summit.

The committee in charge of this hike consists of Gladys Graybill, Georgia Kinsley, and Helen Robinson. It is the intention of the society to go on these short trips every week.

All Freshmen women are invited.

The rifle team of the University of West Virginia has defeated all the contenders for the championship in marksmanship with the exception of the University of Iowa.

M'CLURE TO ENTER IN PACIFIC CLUB MEET

EXPENSES PAID BY OLYMPIC CLUB

Inter-Class Cross Country Postponed to Allow Track Captain to Compete.

Captain Walter McClure left Eugene last night on the Shasta Limited, bound for San Francisco, where he will represent the University of Oregon, Saturday, in the annual indoor meet of the Pacific Amateur Athletic Club, held under the auspices of the Olympic Club of that city.

McClure had decided not to enter the meet until yesterday, when he received a message from Peter Gearhart, urging him to be present to run against Vlught, of St. Mary's College, who is announced as the probable winner of the 3,000 meter run. McClure's expenses on the southern trip are paid by the Olympic Club.

The annual inter-class cross country run, which was scheduled for Saturday, February 22, will be postponed until the following Friday, because of McClure's departure. It is the desire of Hayward to have McClure and Windnagle run again over the three mile course. Although Windnagle succeeded in crossing the tape before McClure in the former race, it is doubted whether he will be able to repeat the feat in next Friday's race.

The University of Michigan has won 28 debates out of 40, that have been held the last twenty years with the University of Chicago and Northwestern University.

GLEE CLUB DEFICIT AMOUNTS TO \$15.26

EMBLEMS FOR SINGERS, HOWEVER, WILL CAUSE SHORTAGE OF \$60 MORE

IS BEST SEASON SINCE 1909

Club Made Good in Eastern Tour, Says Geary, But Fell Short in Eugene.

The financial report of the Glee Club for the season 1912-13 as submitted by Manager Arthur M. Geary shows receipts to be \$1,117.15 and expenditures \$1,133.41, making a deficit of \$15.26. There is a disputed bill of about \$15 which has not yet been settled and also the emblems for the club members, amounting to about \$60, which are yet to be settled.

For the season of 1907-8 there was a deficit of \$478.36; 1908-9, a deficit of \$436.70; 1909-10, a surplus of \$177.63; 1910-11, a deficit of \$254.04; 1911-12 a deficit of \$234. Hence the season just passed is the best one on record, in that no appropriation has been received from the Student Body as in former years, with the exception of the 1909-10 season. The main item of expense outside of traveling was \$400 salary for Director Bowman. Oregon is the only institution in the Northwest to pay a director for Glee Club work.

Manager Geary states that the club came out ahead on the Eastern Oregon (Continued on last page.)

CONTRACT SIGNED FOR CHORAL CLUB CONCERT

Theatre Grants Women Liberal Terms—Ogden Quiet as to Program.

Manager Arthur M. Geary and Melvin Ogden, for the Student Body and the Choral Club, and George H. Smith, for the Eugene Theatre, have affixed their signatures to a contract calling for the production of the Choral Club concert, March 14, in the Eugene Theatre.

The terms granted by Manager Smith to the women's organization were liberal, 75 per cent of the proceeds going to the club, while out of the theatre's share of 25 per cent, Manager Smith agrees to pay the advertising expenses and provide the orchestra. This should leave a considerable margin for the Choral Club, for the seat prices have been fixed at 50c, 75c, and \$1.00. The seat sale will open several days before the production, and the management intends to use every possible means to push the sale.

Director Melvin Ogden arrived in Eugene this noon on the Oregon Electric, and will remain in Eugene the remainder of this week. "No, I am not prepared to divulge any of the details of the program that the girls will put on," he replied to a question, "but I must say that they are doing dandy work, and deserve credit and praise for the manner in which they are taking hold of this long deferred performance."

Several other new members will be added to the club membership, probably tomorrow or Saturday. Miss Florence Avery, president of the club, has been conducting the rehearsals during the absence of Mr. Ogden.

The javelin has been eliminated from the list of track events sanctioned by the Missouri Valley Conference of Colleges.

Eugene W. Chafin is scheduled for a series of lectures at the University of Wisconsin.

INFLUENCE OF OREGON GRADUATES IS FELT

GRADUATES OF UNIVERSITY IN LEGISLATURE MIX IN AFFAIRES OF STATE

LATOURETTE GAINS APPLAUSE

Gives Credit for Parliamentary Success to the Training from Laurean Society.

The Oregon Grads have not only made good by securing seats in the two houses of the State Legislature as representatives of the people but are keeping up their records by taking active parts in a number of recent oratorical and parliamentary contests, which have arisen over various bills put before the Legislature at its present session.

"Pat" McArthur, from Multnomah county and speaker of the House of Representatives, heads the list. "Pat's" word in the House is considered as law. Dan Malarkey, who is in the Senate, is a graduate of the University's Law School, and is making his mark.

Latourette Wins Applause.

Jack Latourette, representative from Multnomah county, who was one of Oregon's famous football quarters, is chairman of the Judiciary Board and author of a bill which abolishes the county courts in the (Continued on last page.)

ASSOCIATIONS PLAN JOINT CABINET PARTY

Y. M. C. A. Emerald Breaks Precedent by Not Losing Money This Year—Annual Election Planned.

"The annual Y. M. C. A. cabinet party, which will be given March 5, will be a joint affair with the Y. W. C. A. cabinet," said Secretary Chas. Koyl yesterday. "Last year the expenses of this party were paid by the Association, but this year each member of the cabinet will have to pay his own share of the cost."

The report of Alfred Collier shows that the recent edition of the Y. M. C. A. Emerald broke exactly even financially. Last year there was a deficit of \$40.

The election of officers takes place next month, March 6. President Cash will appoint a nominating committee to name the officers of the Association for the ensuing year, beginning the last of March. March 13, the report of the nominating committee will be given in the regular meeting of the Association, and on March 20, the annual association election will be held. The annual association banquet and installation of new officers and announcement of department heads will be given at the City Y. M. C. A. building.

Whitman College has received an endowment of \$125,000 from the Rockefeller Organization of New York City, provided the institution raises \$375,000 by June 30, 1914. Committees are already at work to secure the \$375,000.

Princeton University students will be apart of President-elect Woodrow Wilson's escort on March 4th. There will be one thousand students taking part in the parade. Gov. Wilson has approved of the plan.

Drake Medical School will be merged at the end of this school year with the State University of Iowa.

HIGH SCHOOL TEACHERS REQUEST INSTRUCTION IN NEWS-WRITING

Professor Allen Meets Pedagogues for First Time Last Evening—Editors Study by Mail.

The journalism bug has invaded the Eugene High School, with the result that Professor E. W. Allen, professor of journalism in the University, met several members of the faculty of that institution last evening in his office;—the first of a series of meetings for the teaching of the general principles of news writing.

The class was formed at the request of those present at the first meeting, including Professor and Mrs. George Hug, Miss Norma Hendricks, Miss Susan Dinsmore, Miss Hattie Hyde, Mrs. Thurston, and Mr. Ray Fisher. The class will meet regularly hereafter, every Wednesday evening. It is probable that certain principles explained will be incorporated in the High School English course.

At the present time there are four or five newspaper editors of the State enrolled in the journalism correspondence department, studying by mail how to run their papers, while one woman in Eastern Oregon is taking a course in proof reading by mail.

HOT GAMES EXPECTED WITH U. OF W. QUINTET

TWO VARSITY FIVES MEET FRIDAY AND SATURDAY

Fenton Out of Game—Washington Team Composed of Young Basket Shooters.

Standing of the Conference Teams.	Won.	Lost.	Pct.
W. S. C.	8	0	1.000
Washington	8	2	.800
Oregon	3	5	.375
O. A. C.	3	5	.375
Idaho	2	14	.125

Friday and Saturday nights of this week the varsity five will meet the University of Washington basketball team in Hayward Hall, in what promise to be two of the most hotly contested basketball games played in the Northwest this year. The Washington players come with a string of eight victories and but two defeats thus far this season and have expectations of repeating the 25 to 10 score made against Oregon in Seattle. Although Fenton will be out of the game on account of injuries to his back, Coach Hayward and Captain Sims feel confident that with the last few days of practice, the varsity team-work has been greatly improved, and expect to walk away with the long end of the scores, Friday and Saturday.

Bradshaw or Walker will be used (Continued on last page.)

JOURNALIST'S JOKE ON FIRST YEAR CLASS RESULTS IN UNEXPECTED DEVELOPMENTS

A class room experiment in newspaper psychology, which worked almost too well, nearly resulted in the mill-racing of a Freshman and a Sophomore, created an uproar in the department of journalism for an hour and finally aroused the police and newspaper men of two cities, in an effort to locate a trumped up automobile theft. Professor Allen, of the department of Journalism, to test the accuracy of his student journalists at reporting facts, laid the plans for the episode, using Clarence Ash and Max Sommer as confederates.

Just after the Freshman journal-

OREGON IS BEAUTIFUL BUT STILL BARBARIC

SAMUEL HILL COMPARES EUROPEAN HIGHWAYS WITH IMPASSABLE ROADS ON COAST

U. TO TRAIN ROADMAKERS

Speaker Praises Quality of English Spoken in Oregon—Champions Equal Suffrage.

"No country in all the world ranks with your own Oregon in natural beauty; and there is yet no country more barbarous. Especially is this true in the great problem of the day, in highway development," said Samuel Hill yesterday morning to the largest audience that has greeted an Assembly speaker this year.

European Roads Are Model.

And one hundred and fifty pictures flashed upon screen on Villard platform proved his assertions to the satisfaction of his listeners. The splendid highways of England, France, and Germany, were shown in contrast with our own almost impassable roads, where it takes a horse to pull the same load that a dog will haul easily on European highways. There were pictures shown from our own state; where rugged, muddy roads have been converted into beautiful macadam highways with easy slopes, and safe bridges—marvels of expert construction. This has been done by convict labor. The state has by the cheapest possible means facilitated traffic by highways that will endure for hundreds of years. Then came scenes of our natural beauties; rivers, mountains, lakes, forests, falls, cliffs, and flowers; all so perfectly colored as to bring out every line, shadow and color. Mountains, falls, and trees were shown in the varying lights of morning, noon, and evening. These pictures were mostly taken by Mr. A. H. Barnes, who has made Oregon photography his life work. He sometimes waited weeks to gain the right effect of light. "Do you like them?" asked Mr. Hill. "All these beauties could be made accessible to all through the construction of proper highways."

Tariff Relatively Unimportant.

"Road building is the greatest problem of the day; not tariff. This question is five times as important as the tariff controversy. Let's quit bothering about these obsolete subjects and get down to something that vitally concerns us," said Mr. Hill. We must make it possible for the farmer to haul his produce cheaply, for he is the great food producer; and facilitating his work means advantage to all. Concentration on the cities invariably means decay, for that is not the essential part of our development. Do you know that nine-
