

UNIVERSITY MILLAGE BILL

Measure Providing Oregon Maintenance, Which Waits Signature of Governor.

A Bill

For an Act levying an annual tax of three-tenths of one mill on the dollar on all taxable property of the State for the support and maintenance of the University of Oregon, beginning January 1, 1915.

Be it enacted by the People of the State of Oregon:

Section 1. Thereby is created a fund to be known as the University of Oregon Fund.

Section 2. For the purpose of raising the money for such fund, there is hereby levied, commencing with the year 1915, and annually thereafter, a tax of three-tenths of one mill on the dollar upon all taxable property within the State of Oregon, for the support and maintenance of the University of Oregon. The total amount of such tax as computed and determined each year shall be apportioned among and charged to the several counties of the State in the same manner that other revenue required for State purposes is apportioned and charged. The amounts apportioned to and charged against the several counties shall be levied and collected, and shall be paid into the State Treasury in the same manner as other requirements for State revenues are paid.

Section 3. The State Treasurer shall credit each year under this Act the funds so provided to the University of Oregon Fund, and all sums of money produced by said tax and placed in said fund are hereby appropriated to the University, for the support and maintenance thereof, including the payment of salaries of instructors and employees, current expenses, construction of additional buildings, purchase of land, purchase of equipment, library books, laboratory supplies and apparatus, making necessary repairs, and in general for the payment of all such expenses connected with such management of the institution as the Board of Regents thereof may from time to time determine, and the same shall constitute a continuing appropriation for the benefit of such institution, and any amount remaining to the credit of the University at the close of any fiscal year shall be carried over and credited to the account of the institution for the succeeding year, and any claim otherwise payable shall, when duly approved, be paid from such funds regardless of the time when they were incurred. Said funds shall be paid out only on warrants of the Secretary of State on the State Treasurer, based on duly verified vouchers, in the manner that State claims are paid, provided, however, that the Secretary of State shall from time to time, as requested by the President and Secretary of the Board of Regents of the University of Oregon, draw his warrant in favor of the Secretary of the Board for a sum not to exceed twenty-five hundred (\$2,500.00) dollars in any one amount, to be used for the purpose of paying for postage, expressage, freight, telegraphing, telephoning, traveling expenses, and other incidental expenses for which payment must be made in cash; and it shall be the duty of the Secretary of the Board of Regents to file with the Secretary of State from time to time, itemized accounts of the expenditures of amounts so drawn by him with accompanying vouchers therefor. And, provided, further, that before the Secretary of the Board of Regents shall receive any moneys to be expended for incidental expenses, he shall file in the office of the Secretary of State, a bond running to the State of Oregon for the benefit of whomever it may concern, in such sum and amount as the Secretary of State may require, not less; however, than the amount of money to be kept on hand by him in said fund at any one time, with an approved surety company as surety, conditioned that he will properly account for said money, provided the premium on any such bond shall be considered an expense of the State, and payable from any funds appropriated for the benefit of the University.

Section 4. All laws, other than this Act, appropriating funds for

the support and maintenance of the University are hereby repealed from and after April 1, 1915; except funds appropriated for the support and maintenance of the Medical Department of the University, and provided further, that any balance carried over in any continuing fund heretofore provided by law shall be available for the support and maintenance of the University until such fund is entirely exhausted.

"Dad" Moulton, the successful trainer of Stanford College, uses few training rules, but these he insists on. The athlete must rise at 7:30 and be in bed at 10:30. He allows no booze or tobacco and no dances within four days of the meet. These rules with regularity of training is his receipt for point winners in track.

According to intimations from Dr. D. C. Hall, of the University of Washington, the track athletes there entertain little hope of taking first place in the Northwest meet this year.

HELP WANTED
Insertions Free.

Student to wash dishes and do odd jobs around the house, for board and room. Y. M. C. A. Bureau.

Business Men—The Association's Bureau has several men in need of regular work for several hours during the week. This student help gives satisfaction.

Students—Students needing and desiring to do odd jobs, should see the general secretary of the Association in the Book Exchange and leave schedule of the working hours.

CONTEST RULES MADE

(Continued from first page.)

The Pullman line up will probably be Love, center, Lowry and Sampson, guards, and Bohler and Anderson, forwards.

Blackman Organizes Rooters.
Organized rooting under the direction of Yell Leader Abe Blackman will be a feature of the W. S. C.-Oregon basketball games Wednesday and Thursday evening. This announcement was made this afternoon by Blackman, as a result of the attempt made Saturday night at the last Washington game, which made apparent the willingness of the men to cheer at the indoor games under proper direction.

The bleachers at the north end of the Gym will be reserved for all of the men attending the game without partners, and Blackman declares that a strenuous effort will be made to get the rooters together.

Captain Ole Sims, of the Varsity five, is heartily in favor of the rooting at the games and hopes it will be a permanent feature hereafter, as is Bill Hayward, who said this afternoon, "I wish we had had some rooting in that first Washington game, we would have won it."

BILL HAYWARD WANTED BY GERMAN ATHLETES
(Continued from First Page.)

elimination meets. The winners will be placed under capable coaches. They in turn will compete in the Stadium and the ultimate winners will be the pick of Germany's youthful athletes.

"We are sifting the army. For years army officers have been taught to instruct their men to spring, throw the hammer, and run distances. We will hold an elimination meet in the army, and a young German, who is now a soldier, will be a plain citizen in 1916, because he has but two years to serve, and will be qualified to compete in the games."

Bill Hayward had little to say of the proposal that he train the German team, preferring to wait until he had an authentic offer. Such would not be his first offer from European countries.

"Before I left Stockholm I received an offer from the Finns," he says, "but what could I do with a language like theirs."

"Bill" evidently believed that the Finnish language would prove his finish, in spite of his abilities to train athletes. He admits, though, that he can understand "Dutch"—at least enough to ask for his meals.

PRES. CROOKS, ALBANY COLLEGE, TO SPEAK THURSDAY

President H. M. Crooks, of Albany College, will be the speaker, without fail this time, at the regular Y. M. C. A. meeting Thursday evening. His subject will be "A Sixth Sense Needed."

A hoodoo has been following the Y. M. C. A. meeting recently, as a number of speakers have not been able to speak when they were scheduled. But Secretary Koyle declares that President Crooks will be here on time. The Baraca Quartette of the Baptist Church will furnish the special music for the meeting.

President Crooks is a forceful and effective speaker.

Harvard's athletic teams are greatly embarrassed because of the rule which requires Sophomores to pass an oral examination in French and German before they can enter the Junior class. Many men who could pass a good written examination fall down on the oral examination, thus placing them on the probation list.
