

COMMITTEE ON ENTRANCE REQUIREMENTS REPORTS

Dr. Boynton's report, as chairman of the committee on entrance requirements was the most important business to come before the recent faculty meeting. The Faculty considered favorably the committee's recommendation that of the fifteen units required for entrance, nine and one-half or ten should be specified, and that not more than four should be industrial or vocational, including all studies from manual training to stenography. A plan for making the requirements in foreign language and mathematics optional was discussed, but action was postponed until after the High School conference in July.

Freshman Class Hour Wednesday.

Next Wednesday the Freshmen will endeavor to surpass the Sophomores by making their class hour the most interesting and novel of any class hour held this year. The program will not be given out before hand, which lends an air of mystery to the affair, increased by the promises of the committee that there will be many surprises. The program will not be unlike that of the Sophomore class hour, but many original features will be added. The committee in charge is composed of M. Batley, chairman, K. Robinson, W. Burgard, P. Cowden, L. Bigbee, R. Sweeney, W. Church, C. Miller, Pauline Coe, Marguerite Belat, and K. Stanfield. About fifteen Freshmen will appear on the program.

The colleges belonging to the league are, Oregon Agricultural College, Willamette University, Pacific University, McMinnville College, Monmouth Normal School, and the University of Oregon.
