day Night

# OREGON EMERALD

RECEPTION  
To Conference delegates,  
Lambda Rho house to-  
morrow evening.

PUBLISHED THREE TIMES A WEEK

UNIVERSITY OF OREGON, EUGENE, THURSDAY, MARCH 20, 1913.

Vol. XIV; No. 70

## SUMMER SCHOOL GETS RELATIVE OF W. WILSON

PROFESSOR AXSON, BROTHER-  
IN-LAW OF CHIEF EXECUTIVE,  
WILL BE IN ENGLISH DE-  
PARTMENT

## LONDON PROFESSOR SECURED

Noted English Educational Critic Will  
Lecture—Beloit Instructor Will  
Give Course.

Professor Stockton Axson, Litt. D., A. M., brother-in-law of President Woodrow Wilson, will be instructor and lecturer in English literature in the University of Oregon Summer School this summer. Professor Axson, who has, since 1904, been Professor of English in Princeton University, is known as one of the most brilliant lecturers on English literature in the United States.

### Axson Popular at California.

Last summer he was lecturer in the University of California Summer School, and there was proclaimed the most popular instructor in the school. Crowds attended his lectures each day, to such an extent that the University was forced to charge a fee for his lectures, to limit the attendance. The large audiences could not be accommodated by the lecture rooms.

Professor Axson is a graduate of Wesleyan College, and a post-graduate of Johns Hopkins University. He received his A. M. degree from Wesleyan in 1892, and degree of Litt. D. from the University of Pittsburgh in 1909. He has been professor of literature in the University of Vermont, Adelphi College, Brooklyn, and a staff lecturer for the American Society for University Extension. Since 1904, he has been Assistant Professor and Professor of English in Princeton.

Professor Axson is the brother of Mrs. Woodrow Wilson, and was born in Rome, Georgia, the home of the Axson family, once prominent in the South.

### Hayward, Noted Londoner, Secured.

Doctor F. H. Hayward, of London, England, is another famous writer and educator that has been secured by Professor Schafer for a series of lectures on various educational subjects. Doctor Hayward is the author of several books, among them "The Critics of Herbartianism," a defense of his school of education, and a treatise on the "Reform of Moral and Biblical Education." Hayward is noted both in America and on the Continent as a severe critic of Henry James, the noted American psychologist.

Professor Harold G. Merriam, of the department of English of Beloit University, will be another member of the English staff of the Summer School. He will give a course in the teaching of English.

Several members of the regular faculty that have not been on the Summer School faculty previously, will give courses in the coming sessions, but plans and their courses have not been completed.

## Y. W. C. A. JOURNALISTS WILL HAVE CHARGE OF SATURDAY'S EDITION OF THE EMERALD

The Y. W. C. A. will take charge of Saturday's edition of the Emerald for the first time in the history of the paper. The regular Emerald staff will be employed, but there will be special articles by members of the organization. The following are the special assignments:

Maude Mastic—Bible classes.  
Edna McKnight—Employment bureau.

## AMBITIOUS EMERALD REPORTER FALLS THROUGH SHOW CASE SEEKING STORY

Makes Story of Own Misfortune and  
now this Reporter Stands Near  
Top in Prize Contest.

The news contest was on and the cub reporter "Scoop" had searched the campus o'er in vain. Anon there came tidings of plans for a Y. W. C. A. afternoon tea and Mrs. Fletcher, secretary of the organization had the story.

Search of Deady gave no results, but Professor Dunn suggested the Shack,—another futile attempt and in desperation "Scoop" grabbed the telephone which rested on the frail glass showcase, determined to do or die. Having much weight on his mind, the reporter leaned heavily on the counter and as central called, "Number?" the glass gave way and "Scoop" fell with a crash into the midst of "Cremos and Spearmint."

Blushing, pleading forgiveness and promising to return some time to pay the bill, the Cub rushed out muttering something about "expensive news and the general high cost of living anyway."

## FENTON TO LEAD BALL TOSSERS NEXT SEASON

BIG CENTER, WITH EIGHT "O'S,"  
ELECTED CAPTAIN

Is All-Around Athlete, Winning Let-  
ters in Both Football and  
Baseball.

Carl Fenton, '14, was elected cap-  
tain of the 1913 basketball team yes-  
terday at a meeting of this season's  
"O" men in the gymnasium. Fenton

ELECTED 1914 BASKETBALL  
CAPTAIN

Carl R. Fenton, '14.

is a graduate of the Dallas High School and played forward in 1908 on the famous Dallas basketball team that toured the United States, winning sixty out of sixty-eight games played.

Since coming to the University of Oregon, Fenton has distinguished himself in football, basketball, and baseball, with a leading part in each event. For three years he has played football, and last fall while holding down right guard, he kicked the win-

## DEADLOCK PREVENTS COACH SELECTION

FACTIONAL ELEMENT ENTERS  
INTO ATHLETIC COUNCIL'S  
SELECTION OF OREGON'S  
FOOTBALL DIRECTOR

## PLANS OF COMMITTEE GO AWRY

After Nearly Four Hours of Discus-  
sion, Council Adjourns to Meet  
Again on Saturday.

Overriding plans for cut-and-dried election of football coach, the Athletic Council, in a spirited four hour session Tuesday night, divided into factions, disregarded the recommendation of its coach committee, matched coach against coach, and finally adjourned, completely deadlocked, to meet again Saturday afternoon.

Although opposition to the committee's selection was expected, its members were confident that their man would be selected within a hour after the opening of the meeting. Their plans went astray.

The name of J. G. Swetland, coach of Willamette University, but whom the committee emphatically maintains is a candidate only through the efforts of his friends, met with unexpected opposition. Members of the council feel that there is little chance that he will be reconsidered Saturday. Against Swetland as a counter proposal was played an eastern coach, a Virginia Pyrotechnic Institute man, whose name is withheld, but who likewise fell before factional opposition.

The council virtually went through the whole list of coaches. Leonard

## GEARHART LUNCHEON CONVENTION FEATURE

Arrangements Completed for Entertain-  
ment of Sixty Visiting  
Representatives.

About sixty guests are expected at the Y. W. C. A. Cabinet Conference to be held here the week-end of March 21 and 22, who will represent the different associations of the Willamette Valley. Elizabeth Busch has charge of the placing of the guests who will be entertained at sororities and private homes. All trains will be met and the guests afterwards registered at the Y. M. C. A.

An informal reception will be held Friday evening at the Gamma Phi Beta house, to which all University women are cordially invited. All visiting delegates will be present.

All of Saturday will be taken up with meetings at which addresses will be made by representative Y. W. C. A. women of the Northwest. The conference will close Sunday afternoon with a farewell meeting. Sunday morning the delegates will attend one of the churches in a body.

Probably the event of principal interest during the conference will be the Gearhart luncheon, Saturday, at 12 o'clock, at the Y. M. C. A. The following toasts will be responded to:

Our Guests—Edith Clements.  
The Spirit of the Conference—Lillian Thorderson.  
Good Times at Gearhart—Catherine Fowle.  
Leaders—Lola Billinger.  
Preparation for Gearhart—Dana Cushman.  
On to Gearhart—Adah Latham.

This luncheon will be open to all women of the University. All visiting delegates will be present. Anyone wishing to attend, must register with Verena Black and pay a fee of twenty-five cents.

## WOMEN LEAD NATION IN SOCIAL REFORMS

THIS SHOWN BY MISS GUPPY  
AND MISS BURGESS IN AS-  
SEMBLY PAPERS YES-  
TERDAY

## VIOLINIST SOUTH ON PROGRAM

"Association of Collegiate Alumnae"  
and "Federation of Women's  
Clubs" are Topics

Women are doing things in social and civic work which challenge the activities of men for supremacy in these lines. This was shown in the two papers read at Assembly yesterday morning, by Miss Ruth Guppy, Dean of Women, and Miss Julia Burgess, of the English Department.

Miss Guppy's subject was "The National Association of Collegiate Alumnae." She outlined its history, organization and work. Started in 1882 with seventeen members, representing different Eastern and Middle Western colleges, it now has a membership of over 5,200, and has branches all over the United States. The purpose of the organization is to keep alive and stimulate interest in college work, as well as to cope with social and civic problems.

### U. of O. Not Eligible.

The United States is divided into ten sections, of which Oregon and Washington comprise the North Pacific section. There are now branches in Portland, Seattle, Tacoma and Eugene. "The University of Oregon alumnae are not yet eligible to membership," said Miss Guppy, "but it will be one of the purposes of the Eu-  
(Continued on last page.)

## HUMORISTS WILL HAVE OPENING ON EMERALD

Funny Section, Edited by Bill Cass,  
Will Be Added to Paper  
Weekly.

A humorous section is to be added to the Emerald. Since the death of the Oregon Monthly the stray bits of humor of the campus have been going to waste and the editor, feeling the serious need of a comic supplement, has decided that hereafter a portion of the back page of the Emerald shall be reserved once a week for such a purpose.

### Bill Cass to be Editor.

The new department will be edited by William Cass, '14, assisted by Lucia Macklin and Alfred Davies, and others will be added as their ability is shown. Any one will be eligible to contribute, the purpose being to build up a section interesting to the reader, to print the jokes and funny events of the campus. Arrangements are being made with Cartoonist Murphy of the Journal to become a regular contributor of cartoons.

At present it is planned, providing the section is a success, to run a colored insert, which may pave the way for an independent paper next year.

### Section to Appear Next Week.

Four years ago Lair Gregory edited and circulated "The Doughnut," a four page comic weekly, though it was not a Student Body activity, and it died on account of lack of support. With this department it will be possible to print more feature stories, though two will still be reserved as usual for the front page. The new section will appear next week.

This will be the third Cabinet Conference of the Y. W. C. A. and will be held in Eugene for the first time. Last year it was held at Corvallis and the year before at Albany.

## UNIVERSITY HAS STUDENT WHO IS ALSO GRANDMOTHER

Mrs. A. Ella Stearns, Majoring in  
Journalism, Has the Distinction—  
Son born to her Daughter.

It is unusual for a University student to become a grandmother. But this is what happened last week when Mrs. A. Ella Stearns, who is majoring in the Journalism department, and who is also perceptress at the Mary Spiller Hall, was called to Portland last Saturday by her daughter, Mrs. Stanley C. G. Smith, and returned Monday evening the grandmother of a bouncing boy.

Mrs. Smith is the only child of Mrs. Stearns. She is a graduate of Pacific University, and for over a year and a half was Society Editor on the Oregonian staff, leaving there to marry Mr. Smith.

Mrs. Stearns is greatly elated over the coming of the youngster, and intimated that it would mean one more student for the University.

## CONVERSE INTRODUCES NEW GRADING SYSTEM

PROFESSOR TO GIVE SERIES OF  
SHOP LECTURES

Students in Engineering Department  
Keep Own Grades Through  
Plot and Chart.

Grading the students by means of a plot and efficiency chart, is a new system which is being tried by Professor C. W. Converse, in his classes in forge, machine shop, and prime-movers.

Each student fills out his own chart, putting down the kind of work, ma-

ORIGINATES NEW GRADING  
SYSTEM

Professor C. W. Converse, '02.

chine, tools, when begun, when finished, time, standard time, rate, cost, standard cost, cost in per cent, quality per cent, efficiency in per cent, grade and remarks by the instructor. The cost in per cent divided by 100, plus the quality of the work, gives the student the efficiency in per cent.

On the back of this chart the engineer plots his efficiency and grade for each day, thereby keeping a strict record for improvement or deterioration in his work. Cost and quality has not been plotted as yet, but a com-

## WORLD'S NEWS SUMMARY--KING ALPHONSO IS ILL--MORGAN DIRECTOR IN 78 COMPANIES

MADRID—Much concern is felt over the present condition of King Alphonso's health. His lungs are seriously affected, and since his father died of tuberculosis, it occasions additional concern.

ATHENS, Greece—King George, who was assassinated here yesterday, was related to the royal families of many European courts, being the brother of the Dowager Queen of England, and of the Dowager Empress of Russia, uncle of the King of Denmark,

## CHICAGO GIANTS MAY MEET OREGON APRIL 2

COLORED TEAM WHICH BEAT  
PORTLAND BEAVERS IS  
PLANNING NORTHERN  
TRIP

## CHEMAWA PLAYS HERE 29TH

Varsity Nine Has Eight Games sched-  
uled for Northwest Tour During  
April Vacation.

According to arrangements by Manager Geary, four possible practice games have been scheduled to prepare the baseball team for their trip north during the Easter vacation. The Chemawa Indian School will play here March 29, Portland Colts of Portland, members of the Northwest Baseball League, April 8, with chances that a game will be arranged with Albany College between these two dates. The Chicago Giants, the crack colored team of Chicago, which has won a strong name for themselves during their sojourn on the coast, have signified their intention of coming north, providing a schedule of twelve games can be arranged for them. Should they come, April 2 has been given to Oregon.

On April 11, the team will leave on their circuit of the Northwest colleges. The itinerary includes eight games as follows: Salem, April 11; Multnomah Athletic Club, April 12; Idaho, April 14, Washington State College, April 15 and 16; Gonzaga College at Spokane, April 17, and the University of Washington, April 18 and 19, for the last of the series.

Because of the rainy weather during the past week, the diamond experts have been forced to continue their operations in the gymnasium, where work outs for the squad have been undergone daily.

Coach Ayer has divided the baseball practice into three periods. At 4 o'clock and until 4:30 the team receives individual practice and the pitchers warm up, reserving their final work outs for periods two and three. From 4:30 to 5 o'clock the two teams are busy with batting, sliding and base running. During the last period, from 5 until 5:30, the first and second teams line up for a short practice game, where the pitchers receive their final workout.

The inter-fraternity games of the "Doughnut League" will be resumed Saturday morning, when the Alpha Tau Omegas meet the Avava Club. In the afternoon the Sigma Chi are scheduled to take on the Phi Delta Thetas.

Gilmour Dobie, Washington's football coach, attributes the success of Thorpe, the Indian Athlete, to many years of consistent training. He maintains that other athletes could be developed like him, if the same system of training was used.

and closely related by marriage to the Czar of Russia.

WASHINGTON—President Wilson established a record for hand-shaking today when he shook hands with 550 visitors in the East Room of the White House in twelve minutes.

VANCOUVER, Wash.—A gold pen, in constant use for 43 years, is the property of C. C. Gridley of this city. It is estimated the lines drawn by the
