

COACH BEZDEK SAYS NOTHING

OREGON TRAINER NONCOMMITTAL REGARDING NEW LINE-UP

THE LINE-MEN ARE IMPROVING

Game Scheduled With Law School for Today Is Cancelled. First Conference Contest Comes With Idaho

(By Raemon Fleming)

The Law school in Portland cancelled its game with the University squad which was scheduled for today; so the chance of seeing the men in action after the change in lineup will not come to the rooters today.

When interviewed last night Coach Bezdek had little to say in regard to the changes that had been made except to say that they were merely temporary in character. When asked in regard to the squad, he was not very enthusiastic, as he said the members looked only fair to him but since he has seen so many good teams in action this is taken as an indication that there may be a chance to bring home the pennant this season after all.

Heusner Out of Game.

The linemen are fighting like they never fought before and although on the left side of the line there are two men playing positions that they have never filled before they are spilling up the plays like a couple of veterans.

A recent loss to the squad was Bill Heusner. On account of his eyes and the course which he is taking he had to drop out. Bill is an artist but he has been incapacitated on account of his thumb being out of place since he came out the first night. "Allie" Grout is suffering with a pair of cracked ribs which puts him out of the game for the time being, but he is out in a suit every night and lends his hand wherever possible.

Malarkey, the fighting blonde half back, has been put on the training table and the diet seems to have been doing him good as he shows the same fight as usual with about twice the vigor in it.

Bryant Shows Up Well.

Bryant, the man who is getting a tryout at fullback although he was told that he needed more vinegar last week, has been arevelation as to speed. He starts quickly and runs hard. If there could be a combination of Cornell's shiftiness with this speed there would be something doing. Cornell has shown a vast improvement in the past week in the throwing of passes and running back punts.

Fenton has been punting farther and more accurately than he did a week ago. The old reliables are still as reliable as ever and are fighting all of the time which seems to please the coach as he has been howling them out but very little.

ASH NEEDS AN EDUCATION

Person Who Has His German Book Should Take Pity on "Scoop."

Although many strange announcements have appeared on the Library bulletin board during the last few weeks, the earnest plea posted by "Scoop" Clarence Ash, yesterday is entitled to highest honors. The following is the winning announcement:

GONE!

"Ein Sommer in Deutschland" from Dr. Barnett's room. I need the education, but if you want it worse than I do, KEEP IT. Otherwise please leave it at the Library desk.

(Signed) "C. E. ASH."

Y. M. LEADER WARMLY WELCOMED AT REX

John Black Assists Dancers in Pleasing Spot Light Tableau

The soft talcum covered arm of a Rex song and dance artist encircling the neck of John Black last night, met with a frigid reception from the Y. M. C. A. president and caused him to shake himself vigorously when the make-shift necktie was at last removed.

The Fiji chapter was attending the Rex in full force, but Black, coming in late, was forced to take a seat on the aisle in the bald headed row. During the course of the Lee and Chandler act, the smaller dancer pirouetted down an inclined plane from the stage, but just as she reached the floor, the spot light was turned full on the Y. M. C. A. president.

She spied him, and in spite of his protestations, succeeded in effectually hiding his La Salle from the public gaze. The dancer's embraces however, met with no response, and she conquered an evident desire to engage in osculation, and resumed the scheduled part of her act.

It is rumored that the entire catastrophe was the result of conspiracy on the part of Black's fraternity brothers, but no evidence can be collected on this point.

EDITORIAL ASSOCIATION SENDS OUT INVITATIONS

Unique Bids Request Attendance at Convention Next Friday

Prof. E. W. Allen, of the department of Journalism, has received a unique invitation from Phil S. Bates, secretary of the State Editorial Association, to attend the convention to be held in Portland Friday, October 17.

About thirty students of journalism will accompany Prof. Allen to Portland, where they will inspect the newspaper plants of the morning Oregonian and the Oregon Journal. A round trip fare of \$4.80 has been granted by the Oregon Electric.

The invitation, in the shape of a court summons, follows:

The case of Phil S. Bates, Secretary, Portland, Or., Plaintiff, vs. Eric W. Allen, Eugene, Or., Defendant.

To the Above Named Defendant:

Take notice, that the above plaintiff claims your attention long enough to duly demand that you appear at the plaintiff's headquarters at the Press Club in the Elks building, corner of Stark and Broadway, and opposite the Imperial Hotel, Portland, Oregon, on the morning of Friday, the 17th of October, at 9 a. m., and then and there subscribe your name to the Great Register, and in all due solemnity swear that you will do the best you can for you and yours to enjoy the proceedings arranged for your instruction and delectation during such time as may be set aside for this purpose by the plaintiff in the case. To those who faithfully perform their duty as herein set forth will be given the privilege of taking part in a series of literary exercises prepared by some of the greatest judges of the profession during the sessions of Friday morning and afternoon. In the evening the case of the people and a monument to Homer Davenport will be heard. Among the celebrated jurists who will argue the case will be Hizzoners Oswald West, Sam Jackson, E. Hofer and Johnny Stevenson. The court will sit "en banquet" by the Silverton band and the

OREGON BAND SHOWS CLASS

FIRST REHEARSALS GIVE PROMISE OF UNUSUALLY GOOD ORGANIZATION

SELECTIONS ARE DIFFICULT

Director McCosh Is Enthusiastic Personnel of the Band Now Includes Some Twenty-One Members.

(By Mandel Weiss)

The University of Oregon will soon boast of a band. Not of the type that has previously existed, but an excellent organization which will deliver first class music and be recognized as a prized asset to "Oregon's" activities. The band thus far numbers twenty-one members but Director Dudley McCosh hopes that many more will be attracted.

Rehearsals are being held twice a week and the men are showing more confidence in the band and much of the pardonable nervousness of the first assemblages is fast disappearing. Considering that Director McCosh has only been able to rehearse a few times, the results that he is obtaining are remarkable and full of promise of what his men will accomplish when they have played for a few more weeks.

Already the band is playing such difficult selections as "The Tales of Hoffman" and "Lustspiel," two pieces which are suitable for concert work. A hope that a few more weeks will see the men in concert, is entertained by the director.

The band is planning to be self-supporting, and McCosh hopes that the students and the people of Eugene will lend their right support when the time is ripe. "We will do our best," continued the director, "and it is up to our friends to do the rest."

The personnel of the band at the present is:

Cornets—Frank Johnson, Claud Hampton, Fred Dunbar, Rollo Ralston, Walter White, Maurice Hyde.
Clarinet—Vernon Motschenbacher, Leo Potter, C. Connelly.
Piccolo—A. Hamstreet.
Flute—Augustus Schall.
Trombone—Bert Jerard, Floyd South.
Bass—Frank Lewis, Vernon Montjoy.
Alto—Frank Rae, Earl Fortmiller.
Baritone—Giles.
Drums—Ira Staggs, Vern Aperson.
Saxophone—W. Murphy.

CHINA NEEDS CHRISTIANITY

Kenneth Latourette Gives Reasons at Y. M. C. A. Meeting Thursday

That China is a nation with a great past in art, science, invention and literature was brought out by Dr. Kenneth L. Latourette in his address on "China and Its Needs," last Thursday night at the Y. M. C. A. meeting in Dr. Schmidt's room, before a somewhat larger audience than usual.

Dr. Latourette dwelt at length upon the natural resources of China. He concluded by saying: "China's future is uncertain, but we will have to help her to become a great nation by supplying her the tremendous need for strong, virile Christian men and institutions.

"They are open-minded in studying it, as is evidenced by the thousands of interested students who thronged to hear Dr. John R. Mott on his recent tour of China's centres of population."

PRESIDENT TO GIVE ADDRESS

UNIVERSITIES ASSOCIATION INVITES PRESIDENT CAMPBELL

MEETING AT WASHINGTON

Address to Cover Difficulties Which State Universities Must Meet as a Result of Changes in High Schools.

President P. L. Campbell will address the Eighteenth Annual meeting of the National Association of State Universities at Washington, D. C., on the tenth of next month. This Association, an assemblage of representatives from all the state institutions in the United States, will meet on Monday and Tuesday, November tenth and eleventh, at the New Willard Hotel in Washington.

Pacific Coast Representatives.

President Campbell is the only speaker on the program who represents the Pacific coast. The subject of his paper will be, "New Studies in the High School Course, and How to Value Them in Units for Admission to College," a discussion of the universal changes which have been made in the study courses of the High Schools of the United States. The High Schools during the last four years have been changing their courses to meet local demands, introducing vocational subjects, and increasing the number of elective studies, until it has become necessary for the state institutions to alter their entrance requirements to meet the demands of the High School. At the present time these changes present problems which it is difficult for some of the State Universities to solve, and it is in regard to a solution of these difficulties that President Campbell will devote his paper.

Other Noted Speakers.

A number of addresses of special interest to those connected with our own state University will be given. Notable among these are an address by Chancellor Kincannon of the University of Mississippi, upon "The relation of the State University to the College of Agriculture and Mechanical Arts in States where Management and Location are Different," and one by President Dunway, of the University of Wyoming, upon the subject of "Courses in the State University for Consular and Diplomatic Service."

Will Leave Nov. 5.

Other speeches will be made by some of the most noted educators in the country.

President Campbell will leave the fifth of November for Washington, D. C., where he will remain during the session of the Association. He will then take an extensive trip throughout the East and Middle West, visiting the higher educational institutions of the East and becoming acquainted with educators. The object of President Campbell's trip is to look over men who might be desirable as members of the faculty at Oregon.

He will be at the University until the fifth of November, and after the first of December, but practically all of his time during November will be devoted to his trip East.

Herman Siglin, '13, now city engineer at Independence, is visiting friends in Eugene this week-end.

The Sophs were worsted in the annual inter-class mix at the University of Ohio last week.

Herman Oberteuffer has returned to college and will register Monday.

UNKNOWN JOKER BRINGS MOUSE INTO LIBRARY

Threatened Panic Among Feminine Students, Ernie Vosper Proves Himself Hero

Panic threatened to disturb the quiet and austere atmosphere of the library yesterday morning, when some unknown joker turned loose a mouse during the busiest study hour.

The advent of mouse was signaled by a general exodus from the tables usually occupied by sorority members. A flutter of skirts, and squeals of alarm accompanied the navigation of the frightened rodent about the room.

Ernie Vosper proved the hero of the day by dispatching the beast and triumphantly dragging its corpse away. Feminine Pinkertons are busy attempting to solve the mystery and bring the perpetrator of the outrage to justice. Although they have not yet succeeded in ferreting out the miscreant, suspicion points strongly to Vosper himself, the theory being that he liberated the animal in order to demonstrate his gallantry and courage before the ladies.

VOTERS PAMPHLET BOOSTS UNIVERSITY

Argument All in Favor of Appropriation. Pictures Are Printed

Seven pages of closely printed matter are devoted to argument for supporting the University appropriations at the election November 5, in the voters' pamphlet, recently issued by the Secretary of State. Besides this, two additional pages are employed in stating the measures. The matter appears in the first part of the pamphlet, a copy of which is sent to every voter in Oregon who registered for the last general election.

Statements from the Board of Regents, Governor West, the University of Oregon Alumni Association, State Grange, Willamette Valley Division of the State Press Association, and the People's Higher Education League, are among the arguments contained in the pamphlet. A number of pictures of University scenes lend a great deal of attractiveness to the matter.

This pamphlet is issued under the law, which requires the Secretary of State, before each general election, to send to the voters of the state a list of the Initiative and Referendum measures to be voted on at the coming election, with pro and con arguments submitted by interested organizations or individuals.

GYM CLASSES TO EXHIBIT

Planned for Early Spring. Indoor Work Starts Nov. 5.

Arrangements are being made for the annual Women's Gymnasium Exhibit, which will be held early in the spring. It will closely resemble the exhibit of last year with Swedish work, fancy dancing and games. All classes will be entered.

The exhibit will probably take place in the Men's gymnasium.

Regular work in the gymnasium classes will begin November 5.

John Moore, ex-member of the class of 1912 and a member of the local chapter of Sigma Chi, is the father of a fine boy who bears the name of John Moore, Junior. Mr. Moore is employed at the First National Bank of Klamath Falls.

Roberta Veal has gone home for the week end.

NEW COURSES ARE STARTED

EXTENSION DEPARTMENT IS OFFERING FOUR ADDITIONAL SUBJECTS

CLASSES HELD IN PORTLAND

Instruction Along Practical Lines Given to Workingmen of Cities. Southern Oregon People Study Sociology.

"The University Correspondence and Extension department is growing more and more. Every day new registrations are coming, and prospects are brighter than ever before," said Miss Mozelle Hair, Secretary of the department, when interviewed this morning.

Four new courses have been added to the correspondence department this year. In the German department Dr. F. G. G. Schmidt offers a new course in Elementary German.

Miss Mary H. Perkins offers a course in American Literature. Dr. Edmund S. Conklin, offers a new course in Elementary Psychology. And a new course in American history is offered by Mr. J. O'Hara.

In accordance with an act of the last legislature, the extension department of the University offers courses in Structural Designing, Hydraulic Power Plants, Railway Construction, Electric light and Telephony, and Electric Railways to be given in the city of Portland. The aim of this work is to offer instruction in Engineering subjects to young men of suitable preparation, who are obliged to work for a living and cannot attend the regular classes at the University. The time required to complete one of these courses depends entirely upon the ability and industry of the student. It is expected that three years will be the average time.

Three classes in Sociology have been formed in Southern Oregon, one in Medford, one in Ashland, and the other in Jacksonville. These are visited monthly by Prof. F. G. Young, head of the Economics department or some one designated by him to do so.

DR. STUART SPEAKS TO ATHLETIC ASSOCIATION

Revised Constitution Adopted Allows Freshmen Women as Members

A special meeting of the Women's Athletic Association was held Thursday afternoon in the Women's Gymnasium. Dr. Stuart spoke of the new Oregon Trail movement and its connection with the High School girls of the state.

The revised constitution was then adopted by the association. This provides that all Freshmen girls having a good scholastic standing may become members during their first semester.

The next regular meeting will be held the thirteenth of November, but a special meeting will be held before then to elect the heads of the different sports.

Graduate Manager Dean Walker left for Corvallis this morning to attend the Multnomah-O. A. C. football game and to complete arrangements with Dr. Stewart for the Oregon-O. A. C. game at Albany, November. Manager Walker will go to Salem Sunday to confer with Dr. G. J. Sweetland concerning the Willamette game scheduled for the first of November.
