

SOCIETY.

By Beatrice Lilly.

Since college has begun in earnest and the strenuous excitement of the first few weeks has past, University Society is awakening to its usual state of wide-awake strenuousness. The social activities in connection with the installation of Delta Gamma filled a great part of the weekend. However, in addition there were a number of informal teas and receptions.

The newly installed members of Delta Gamma were hostesses at a luncheon, for their visiting members, on Saturday. The tables were decorated in autumn leaves and the place cards were suggestive of the autumn season.

Saturday evening Delta Gamma entertained with a formal reception, for the students of the University, in honor of their guests. The rooms were decorated in pastel colors and the lights were covered with softly colored shades. Hendershott's orchestra furnished music. Those in the receiving line were: Miss Aline Noreen, Mrs. Dunn and Miss Amy Dunn, Mrs. Bean of Portland, and the visiting members of Delta Gamma. Following the reception a banquet for the members of Delta Gamma was given at the Osburn hotel. The tables were decorated in white roses, the fraternity flower and the place cards were of white leather engraved with the Delta Gamma seal.

Pan Hellenic entertained with an informal tea at the Gamma Phi Beta house on a Saturday afternoon in honor of the newly installed Delta Gammas and their out of town guests. The rooms were decorated in pink and blue, the Delta Gamma colors.

The Oregon club gave their annual reception for old members and new students in Villard Hall on Friday evening. The hall was decorated in yellow and green, the club colors. Games were provided by means of which the guests might become acquainted. Charades were given and refreshments served. Miss Guppy and Mrs. Prescott acted as patronesses.

The Kappa Alpha Thetas were hostesses at a tea in honor of their house mother, Mrs. Steffa, on Saturday afternoon. The rooms were attractively decorated in trailing vines and autumn leaves. Mrs. Bancroft, Mrs. Campbell, Mrs. Watson and Miss Norma Hendricks were in the receiving line.

Small Number From Oregon.
Dr. Wm. House, of the M. D. U. O. faculty suggested that the graduates and the alumni association get together in the spirit of good fellowship and perhaps at a banquet at graduation time. He said that at present only a small proportion of the physicians coming to the Pacific Northwest each year are from the Oregon schools and that a larger number should be educated here.

The House of Applegate

FURNITURE A BIT BETTER FOR LESS

It is a delight to choose the needed pieces from a collection of furniture which has one's unquestioned confidence. It is doubly agreeable when one has the feeling that no excess is being paid, or asked for the faith itself. In other words, people enjoy paying full value for superior things, but they do not like to feel that they are paying an additional sum for the privilege of exerting their own good judgment. People who buy at the House of Applegate know that not only are they getting the bit in Furniture—but the best in prices.
