

GYM TANK SOON TO BE FINISHED

ONLY DELAY CAUSED BY NON-ARRIVAL OF SCUM GUTTER

CONSTRUCTION IS DURABLE

Concrete Reinforced by Steel, Walls Waterproofed by Asphalt. Whole Will Cost Nearly \$5000.

"The swimming tank will be completed and ready for splashing within thirty days." This was the statement of W. E. Fields, the contractor yesterday afternoon. "The tank by contract was to have been completed by November 1, but delays in the arrival of material have lengthened the time. The only thing which is delaying us now is the scum gutter which is being manufactured in Seattle."

The tank which has a capacity of 100,000 gallons, is 60x30 feet. The stairs and ladder leading into it, will not project directly into the main inclosure, as allowance has been made for them. This is a similar feature to the Multnomah club tank.

"It is the plan to change the water in the tank at least once a week," said Professor C. A. McClain, the designer of the tank. "Solutions of hypo-chloride will be used as a disinfectant. While the tank is in use, a constant flow of fresh water will maintain the circulation, the overflow being cared for by the scum gutter. The tank will be lighted by inclosed electric lights from the side, this being a new feature in lighting. Jewell Pressure Filters, one in the Men's gymnasium, and one in the women's gymnasium, will remove the impurities from the Mill Race water which will be used. The water will be heated by 1200 feet of brass coil located in boilers in the men's gymnasium.

Many have remarked that the completion of the tank has been rather tardy since it was begun in the latter part of August. W. E. Fields, contractor, stated in regard to this, "I was instructed in the beginning to make the construction just as durable as possible. Six and a half tons of steel have been used to reinforce the concrete, and the walls, sixteen inches thick, are waterproofed with the highest grade of asphalt, costing fifty dollars a ton. When finished the tank will cost nearly \$5,000 dollars.

FINANCIAL OUTLOOK FOR FOOTBALL GOOD

Deficit in Saturday's Game Will Be Covered by Later Receipts

"Despite the fact that the gate receipts do not offset the expenses of the Oregon-Idaho game, played here last Saturday, and the report shows a deficit, I am very well satisfied with the outlook," is the statement of Graduate-manager Dean Walker made yesterday.

"Considering the fact that the game was an early season game and that there was no special attraction outside of local interest to draw a crowd, I have no complaint to make. The showing made by our team, though it was crippled, was one that will make the attendance at the later games all the larger. The games at Albany and Portland will pull much larger crowds than ever before I think, and the fact that neither our team or Washington's has been beaten will only add to the interest that will be taken."

Following is the report of Saturday's game taking in no count of the studentbody tickets used:

Expenses for Idaho team..	\$650.00
Officials	118.75
Total Expense	\$768.75
Gate Receipts	\$453.30
Total Deficit	\$315.45

SOPHOMORES ARE PLANNING DANCE

Committees Are Appointed to Arrange for Annual "Hop"

Already, the Sophomore Class is forming tentative plans for the Sophomore Formal to be given Saturday, December 13. The President of the class, Lamar Tooze, has appointed Chester Miller as the head of the committee which has charge of the affair. Last Thursday the committee met in Prof. Straub's room for making preliminary plans. It was decided to divide the main committee into four sub-committees: Decoration committee, Robert Bean, chairman; Earl Bronaugh, Wallace Eakin, Genevieve Shaver, Eva Brock, Robinson and Jennie Huggins; Music Robins and Jennie Huggins; Music committee, Claud Hampton; Floor committee, Paul Davis, chairman, and Clairrel Ogle; Program committee, Fred Dunbar, chairman, and

Gladys Graybill. There will be sixteen dances on the program.

The decorations will be natural and not artificial. Fir boughs, ferns and other greens will be used in abundance. Something new in this line can be expected. Punch will be served by the most up-to-date method. Individual paraffin drinking cups will be used. As usual Hendershot's orchestra will furnish the music. The orchestra will consist of eight pieces. A line of new music will be played, consisting of the most popular pieces. The general committee will hold a meeting every Thursday afternoon at 4 o'clock in Prof. Straub's room, up to the time of the dance.

The sub-committees will meet often. In this way those who have the affair in charge believe that the best results can be secured.

Chairman Miller states: "Last year the class of 1916 gave the best dance of the year and it is our intention to live up to this standard. Everybody is taking hold of the work. We intend to introduce several new features, these we will keep to ourselves until the formal."

Collies, Spitz, Poodles, Terriers, eat 'em hot at Obak's.

Scene from "The Rainbow," Eugene Theatre, October 30.

HENRY MILLER'S VARIOUS CREATIONS.

In the past seven years Henry Miller has appeared continuously and in that long period he has played but four roles. But these roles form a gallery of contrasting types and because of the actor-manager's success in them he has played nearly three seasons each in two of them and two seasons in the others. The characters created by the notable actor range from the serious role of "Stephen Ghent" in "The Great Divide," to the appealing "Neil Sumner" in "The Rainbow." "Stephen Ghent" was a man of the crude West, vital with life and hiding beneath the rough exterior of a prospector the heart of a man. "Neil Sumner" is a man of worldly polish, a bit cynical from loveliness, a seeker for amusement among the fast set, a man of sentiment. Both the rough miner of "The Great Divide," and the polished man of the world in "The Rainbow" are redeemed by love, the first by a wife, the last by the love of a winsome daughter. Mr. Miller will be seen in his newest role at the Eugene theatre on October 30. Many believe it the best part he has played in recent years.

Missionary From China Gives Talk Before Meeting of Women

Mrs. McClintock, a missionary from Hainan, China, addressed the women of the Y. W. C. A. Monday afternoon in the Bungalow. Mrs. McClintock has been in the United States since June on a furlough, but she will return the first of November to China, where she has been a missionary for 21 years. She has learned to read and speak two of the Chinese dialects.

"The Chinese are not satisfied with their religion," said Mrs. McClintock. "Confucianism is the best of their religions. It teaches reverence of ancestors, which has been the cause of the long history of China. But the killing of innocent children and the position of women are the product of Confucianism. Do they still kill little children? Yes. Many of them! Are the women slaves? Yes. Do they have rights? No! Confucianism gives no rights to women and many of them kill themselves just to be rid of the too burdensome life."

Mrs. McClintock then gave an illustration of a Chinese girl who had struggled to get an education. Few girls there are allowed an education and this one was an exception. She finally was allowed to attend Mrs. McClintock's school and two years ago graduated from a large medical school. Now she holds a good position in a government hospital at Honkong.
