

**STUDENTS RALLY**  
(Continued from page one)

established, over forty years ago. We look at this battle as a most hardly-fought one. But it cannot compare with the fight waged in '72, when the citizens of Eugene raised the \$50,000 necessary to secure the University in this city. That was the real fight.

"Under our present political system in Oregon every state institution is in jeopardy of its very existence. I am not criticizing the initiative and referendum, but I do contend that it should not be possible for a small group of men to retard the growth of a state institution."

Following Senator Bean Coach Bezdek, "Bill" Hayward and Bill Main gave short talks.

Resolutions were unanimously passed by the Student Body, thanking the voters of the state and those who assisted in the campaign for their support of the University bills. The Glee Club and band were also on the program.
