The Sophomore matinee dance scheduled for Friday afternoon has been postponed because of the death of Mrs. Mary Grafton Campbell, sister-in-law of President P. L. Campbell.

Two frosh were ducked and another was hot-handed for violation of traditions of the U. of Washington last week. A Sophomore was also ducked because he was said to be lacking in school spirit.

SANITARY DRINKING CUPS AT GYM DANCES

Sophomores Making Final Plans For First Hop of the Season

Following a recent action of the Faculty requiring individual drinking cups at all social functions given in the gymnasium, paraffin cups, enclosed in attractive nickel holders, will be used at the Sophomore dance in dispensing refreshments. Heretofore, there has been much criticism over the matter and it is largely due to the efforts of Professor Bovard that the sanitary cups were purchased by the University.

The committee in charge of the first formal dance of the year promises many new and original features. Much attention will be paid to the condition of the floor.

PRELIMINARY DEBATE TRYOUT COMES NOV. 22

Ten Men Will Be Chosen From the Big Squad of Contestants

The first preliminary debate tryout will be held Saturday morning, November 22, at 9 o'clock, room 31, in Deady Hall. The question will be, Resolved, That the executive department should be made responsible for the National Budget. It is agreed that the term "Responsible" within the meaning of this Resolution shall be interpreted as laying upon the executive the duty of introducing the Budget into congress, the right being reserved to congress to amend by reducing items only. About twenty-five men have signified their intention of trying out and the contest for places promises to be very close and hard fought, for each man has been studying hard on the question. At this tryout a squad of ten men will be picked which will later be reduced to six or eight from which number the two teams will finally be chosen. Each man will be given five minutes for constructive argument and two minutes for rebuttal. Coach Prescott urges that all contestants be on hand Saturday morning promptly, for lots will be drawn to determine the order of speaking.

DEBATE COMMITTEE IS APPOINTED THIS MORNING

Are to Confer With Prof. Prescott and Take General Charge

The Student Body Executive Committee this morning appointed Willard Shaver, chairman; and Dal King and Bert Lombard as associate members of the debate committee, to take charge of debate for the Student Body.

This committee will confer immediately with debate coach, Bert Prescott on dates both for tryouts and inter-collegiate contests, and other matters concerning Oregon's debate activities.

Dal King was a member of the debate team which won the Pacific Coast championship last year; and Bert Lombard is a prominent runner-up in the race for position on the team. Willard Shaver keeps in close touch with all student body activities and is a member of the Student Body Executive Committee.

MRS. DUNIWAY REMINISCENT

GRAND OLD WOMAN OF OREGON TELLS OF EARLY EXPERIENCES

HAS ALWAYS WORKED FOR "U"

Record Assembly Audience Hears Famous Suffrage Leader Contrast Opportunities of Present and Past.

Introduced by S. H. Friendly by her popular title, "the grand old woman of Oregon," Mrs. Abigail Scott Duniway, of Portland, aged leader of the woman suffragists in Oregon, held the attention of the assembly for an hour yesterday morning while she contrasted the educational advantages of the present time with those of a half century ago.

Mrs. Duniway did not overlook her favorite subject of women suffrage and spoke of the long fight that had been made in Oregon before women were finally given the same rights as men.

Interested in University.

"I am so glad to be here this morning to speak to the boys and girls of this great institution. I have always taken a great interest in the University of Oregon. One of my sons was a student here at one time and one of my best friends, Frances Villard, is a daughter of the man after whom this building is named. Even as far back as the inception of this University I had the vision of a great school of higher learning here in Eugene and I hope that I may live to see this institution rank among the greatest in the United States.

"Educational advantages when I received my education were not what they are now. I was born in Illinois and lived there for the first seventeen years of my life. In those days it was not thought necessary for a woman to have any education, but rather to spend her time in domestic duties. Consequently, my education was sadly neglected, consisting only in what I could glean from an old spelling book which I possessed.

Crossed Plains When 17.

"When I was seventeen years of age, my father got the Oregon fever and we crossed the plains by ox teams to make a new home in the great west. A year after our arrival in Oregon, I secured a position of teacher and commenced teaching. I didn't know anything, but studied as I went along. In this way I obtained my education. How different are the conditions which prevail today. You should be thankful for your wonderful opportunities and not neglect to take advantage of them.

Worked For Women.

"I am glad that I have been permitted to see the day when, after forty years of labor, men and women enjoy equal rights in this state. Through advanced educational ideas there has been a revolution of old ideas and equal suffrage has been removed from the arena of ridicule and crowned with success.

"Although Washington and California had women suffrage before Oregon, yet I feel that this state has been the pioneer of the movement on the Pacific coast.

"During the last campaign I always took occasion to boost for the University appropriations whenever possible. When the campaign for a \$2,000,000 endowment is successful I will be satisfied."

Special musical selections were rendered by the University string orchestra.

TEAM TRAINS FOR BIG GAME

CONTEST WITH M. A. A. C. THANKSGIVING WILL CLOSE SEASON

DOPE ON SCORE UNCERTAIN

With Exception of Cornell and Beckett, the Oregon Men Are in Good Shape and Ready for Fray.

(By Raeman T. Fleming)

A week from today, if we can leave the turkey long enough to go out to Multnomah field, we will see an exhibition of football between the University and the Multnomah Club teams. We all know what kind of a team the University has, but we do not all know what the Multnomah team is this year. The only way that a line can be drawn is by comparing scores, which is in itself unsatisfactory.

On the Multnomah team are a number of Old Oregon players who gained glory for themselves while wearing the lemon-yellow. Then, too, there are a number of men from the eastern colleges who were stars in their playing days. Multnomah has beaten O. A. C. once and tied them once this year. Scores do not count for much as has been shown many times, but this is the only way that there is of comparing the strength of the two teams. The Bremerton Navy team which has a number of good men on it, was beaten by Multnomah, although by not so large a score as the Oregon team piled up on them.

The varsity team has been out practicing all of this week and although some of the men are not in the best of condition, there will be enough of the men in the game to give a good account of themselves. Beckett is still nursing his ankle which he hurt in the Washington game last Saturday. Cornell is still lame and it is a little doubtful if he will be up to his old time form. With the exception of these two men the team is in good condition and will give Multnomah a run for their money Thanksgiving day.

Y. M. C. A. TRYING TO RAISE \$1,155 IN A WEEK

Amount Necessary to Complete Annual Budget Is Sought

Beginning Monday, a joint campaign was started by the University Y. M. C. A. and the city Y. M. C. A. to raise their yearly budgets.

The University budget is \$2293, \$1155 of which the "U." team is endeavoring to raise in Eugene. The remaining \$1138 is supposed to come from the students, and friends and alumni outside of Eugene. The city budget is \$3709 and this is absolutely needed over and above membership dues and rentals to maintain their work.

The teams representing the two Y. M. C. A. are working in conjunction and will take lunch together at the Y. M. C. A. Cafeteria until the amounts are raised. In two and a half days \$1400 has been pledged.

At the last of this month a campaign among the students will be instituted.

Those representing the University Y. M. C. A. are: Professor E. E. De Cou, Curtis Gardner, Professor Carl McClain, C. A. Dalzell, Dr. C. W. Southworth, Charles Koyle and E. K. Wheeler.

PLAYERS IN THANKSGIVING GAME WILL BE NUMBERED

Method Will Enable Spectators to Distinguish Men by Use of Programs

The plan which was proposed some time ago by a member of the Multnomah club that the members of the Oregon and Multnomah football teams shall wear numbers on their backs during the game is to be used next Saturday in Portland. Those unfamiliar with the players when in suits will be able to distinguish the men and give their applause where it is due through this method.

A list of numbers will also appear in the program which will correspond with the numbers on the players' backs and those sitting in the grandstand will be able to easily tell what players are playing the prominent parts in the drama.

Multnomah field is acknowledged the best in the Northwest and is surprisingly barren of mud, so that where ordinarily the numbers would not be legible in a few minutes after the game had started if the game was played any other place, it is thought that the numbers will aid materially those in the grandstand at Multnomah field.

BASKET-BALL SOON TO SUPPLANT FOOTBALL

Immediately After Thanksgiving Practice Will Begin for Games

Basketball practice will begin immediately after Thanksgiving. No games have been scheduled as yet. The schedule will be arranged December the 5th and 6th in Portland, where the representatives of the teams in the conference will meet. The conference will probably be divided into two sections and the winning team of each section will play a game or a series of games for the championship.

Class teams will be organized immediately after the Thanksgiving vacation and a series of inter-class games will be played before the Christmas vacation.

Union of Miami, Ohio University and Ohio State into the University of Ohio at Columbus is the proposal of state officials of Ohio who will present the matter to the next session of the state legislature.

CHANGE PLANS FOR SINGERS

CLUB TO MAKE FIRST TRIP THANKSGIVING, LEAVING OUT PORTLAND

26 WILL LEAVE EUGENE WED.

Warblers Rapidly Round Into Shape for What Is Predicted Best Club Ever. Lyman Enthusiastic Over Gillette.

The plans for the Thanksgiving Glee Club trip have been entirely changed. The club will now take its first trip during the Thanksgiving holidays and will show at Independence, McMinnville, Silverton and Woodburn; instead of Portland and Astoria, as formerly intended.

The club will carry Albert Gillette as soloist and will be accompanied by Assistant Manager Don Rice who will have charge of the business end of the engagements. Twenty-six men will make the trip, including Rice and Gillette.

Owing to the charity play, "Jappyland," which is being put on in Portland during the holidays, Graduate Manager Dean Walker deemed it wise not to make the Portland trip at this time. The appearance in Portland, however, will be made at a later date, perhaps between semesters.

The club practices in Villard daily and it is predicted that under the management of Director Lyman the club will render the best programs that it ever has. Mr. Lyman speaks very highly of his soloist, Mr. Gillette, who is a son of the local Southern Pacific agent, and expects great things of him in the future.

The personnel of the club as it will be throughout the year is as follows: First tenors—Motschenbacher Fariss, Phillips, Rowell, Lewis, Apperson; second tenors—Jerard, Cowden, Staggs, Williams, Langley, Dyott; first bass—Shaver, Giles, Fortmiller, Martin, Mann, Bartley; second bass—Stannard (president), Heidenreich, Reynolds, Brotherton, Baker, Skel. Soloist, Gillette.

WOMEN'S BUILDING TO BE DUNIWAY HALL

At Close of Assembly, Oregon Women Name Future Structure After Pioneer

As a result of the Women's League meeting yesterday, the proposed new building for the women of the University will be officially known as "Duniway Hall."

At the close of Mrs. Abigail Scott Duniway's address before the assembly, a meeting of the Women's league was called by Eleanor McClain, and it was unanimously voted to name the building in honor of "the grand old lady of Oregon."

The matter of a building for the exclusive use of the women of the University is receiving the attention of the Women's League, the educational committee of the State Federation of Women's Clubs and of the Collegiate Alumni association of Portland. The Collegiate Alumni association are planning to establish a branch here should the building be erected.

The building will cost \$30,000 and will contain a gymnasium, study rooms, kitchen and dining rooms.

Provisional candidates for graduation in January at Stanford number fifty.
