

# MRS. CAMPBELL DIED YESTERDAY

## DEATH COMES TO PRESIDENT'S SISTER-IN-LAW AFTER LONG ILLNESS

## UNCLE FOUNDED CHURCH

## Services to Be Held From Home of P. L. Campbell, President Expected in Eugene From Boston Tomorrow.

Mrs. Mary Grafton Campbell, a cousin of President P. L. Campbell, and sister-in-law of Mrs. Campbell, died at the home of President Campbell yesterday morning after an illness of four years.

Mrs. Campbell was a daughter of Samuel Grafton, a prominent West Virginian physician, and a niece of Alexander Campbell, founder of the Christian or "Campbellite" church. She was a woman of brilliant mind, a graduate physician, trained in New York and at the University of Heidelberg and in Vienna, and not many years ago was the recipient of an advanced degree from Stanford University. Her husband, Ernest L. Campbell, brother of Mrs. P. L. Campbell, was a leading lawyer of the state of Colorado, a member of the firm of Markham, Patterson, Thomas & Campbell, of Denver, two of whose members have since become United States senators and one a judge. Mr. Campbell and Senator Thomas represented the firm in Leadville in the early 80's and Mrs. Campbell was a witness of the wild frenzies of the mining excitement of the first rush. In 1884 her health began to fail, and for her sake Mr. Campbell removed from the high altitude, and became prominent in legal practice in San Francisco, where he died 10 years ago.

During her widowhood, Mrs. Campbell has been a member of the president's household. About four years ago she suffered an attack of paralysis, from which she never entirely recovered.

Mrs. Campbell's elder daughter, Mrs. M. D. Hall, of Berkeley, California, arrived this morning, and the arrangements for the services will be made immediately. These will probably include the presence of a few friends only at simple ceremonies at the president's house.

President Campbell is hurrying home from Boston and is expected in Eugene tomorrow.

## COFFEE CLUB IS FAVORED

### Prof. DeCou Says Salem People Interested in Eugene Project.

Prof. E. E. DeCou, president of the board of managers of the Eugene Coffee club, yesterday returned from Salem, where he met a delegation of prominent citizens of that place who gathered around a banquet given by the Six O'clock club to discuss ways and means for establishing a Coffee club in the Capital City. Altogether 200 citizens representing the various interests of the city, were in attendance on this occasion. They included Mayor Steeves, who presided over the deliberations, members of the common council, ministers of the various churches, several of the Willamette University faculty and press representatives together with a gathering of laymen.

The Coffee club project was looked upon with much favor and as an outcome of the meeting a committee of three was appointed to meet with the committees of various organizations of the city to outline plans for the establishment of the enterprise. Those who are taking an active interest in the proposed club, have tentatively agreed upon an establishment similar to the one in operation in Eugene.

Several hundred balloons were anchored on the side lines during the Wisconsin-Minnesota game. They were to have been released in case Wisconsin won, but even though they lost, the balloons were released before the end of the game.
