

P. L. CAMPBELL TELLS PLANS

PRESIDENT IN ASSEMBLY SETS 1915 FOR COMPLETION OF BUILDINGS

TO ADD SCHOOL OF COMMERCE

Speaker States That Much Time Will Be Needed in Letting Contracts. Law Department May Be Reorganized.

"The new building, for the construction of which the last Legislature appropriated \$100,000 will be ready for occupancy by the second semester of next year," said President Campbell at yesterday's assembly.

"Preliminary work, such as drawing plans and letting contracts, requires as much time as the construction of the building itself and this accounts for the seeming delay in starting actual work. The location of the new building will probably be definitely decided during the next two weeks.

"The appropriation of \$75,000 for repairs on various buildings will be expended during the coming summer. It is expected that by September 1 the fire-proof book stack for the library and the new heating plant will be installed and repairs completed on the Dormitory and Deady Hall.

New Schools Planned.
"With the appropriation campaign over, we are now in a position to take constructive steps toward increasing the efficiency and scope of the various University departments," continued President Campbell. "The University has been given the Fine Arts, School of Music, School of Architecture, School of Education, Graduate School and School of Commerce.

"Our present plans are to build up a strong School of Architecture where various kinds of structural designing will be taught. An architectural course will be a long-needed addition to the University.

"The School of Fine Arts will include courses in home decoration and painting. The main purpose of this school is to cultivate an interest in art so that it may be appreciated.

Commercial Training Demanded.
"A school that should become an important one and which we hope to establish in the near future is a School of Commerce. This school will not give book-keeping courses or duplicate the work given by business colleges. Instead, its general object is to prepare men for the consular service and commercial operations in the foreign fields. There is now considerable demand for competent men to act as agents for large business concerns in foreign countries. Large business concerns of Portland have openings for well-equipped young men to represent them in other countries. The young man competent to take any of these positions must have a knowledge of economics, finance, foreign languages and sciences.

"A committee of the Board of Regents has been appointed to consider a reorganization of the department of law located in Portland."

OREGANA PICTURES
All Oregana photographs must be taken before Saturday. Prints must be in hands of Manager Dorris by Saturday at the latest, otherwise pictures can not be included in book.

DR. HODGE TO CONDUCT PORTLAND FLY CAMPAIGN

Citizens Meet to Make Plans for Exterminating the Pest

Dr. C. F. Hodge, of the Extension Department, has been chosen head of the committee in charge of the campaign to exterminate the flies in the city of Portland. The campaign will cover a period of 20 days, from April 10 to April 30. This appointment was made at a large meeting of citizens which was held in Portland last week under the auspices of the Parent-Teacher Association. At this meeting were present prominent men from all over the city, among them the president of the Commercial Club, the president of the Ad Club and representatives of civic improvement societies.

It was the plan of the meeting to organize every possible club and organization in Portland to work in co-operation with them, and under the personal direction of Dr. Hodge.

OUTLOOK GOOD FOR CO-ED TENNIS TEAM THIS SPRING

Racquet up for Tournament Prize Contests With O. A. C. California Scheduled

A "Pim" racket, offered by the Eugene Gun store, will be the trophy at stake in the women's tennis matches this spring. Only women belonging to the Tennis club can take part in the tournament which will probably be played off in May. Anyone who desires to take part in the club tournament or to try for a place on the College team, may do so by joining the Woman's Athletic association and presenting a recommendation from Freda Goldsmith, to Miss Cowden, president of the club.

A match with O. A. C. has been arranged to be played in May and a match with the University of California, to be played at Berkeley is awaiting the decision of the Athletic Council.

Miss Winifred Bent, formerly a student at Berkeley, has registered here and from her past record at the sport it is expected that she will easily make the University team.

Miss Bent made a mark for herself in the Portland matches last summer and since she did not play on the Berkeley team while attending college, there will be no difficulty about her representing Oregon in the spring matches.

JUNIORS MASK MARCH 6

Committee of Affairs Has Arranged For Catchy Music.

"March 6 is the new date arranged for the Junior mask ball, and it is going to be the best ever," says Morris Bigbee, chairman of the committee of affairs. "Catchy music, good floor to dance upon, with surroundings beautiful decorated, will be provided; and every one will have a royal good time." Bigbee stated that prizes will be awarded to the most comically dressed couple, and to the wearer of the best original costume.

"This mask dance, given by the Class of '15, is going to be the gala event of the year," says Bert Jerard, president of the Junior Class, "and no one can afford to miss it. We cordially invite everyone to come and have a grand old time."

DATE SET FOR CONCERT

Women's Glee Club Will Give Entertainment on March 21.

March 21st is the date fixed for the Women's Glee club concert, which will be given as usual, at the Eugene theatre. Catharine Carson, manager of the club, said this morning that the stunts have been planned and the rehearsals are promising well. The main stunt is to be in the nature of a "surprise."

PROFS. SHOW NO QUARTER

COMMITTEE REFUSES TO RE-INSTATE 32 OF THE FLUNKERS

EIGHT DOUBTFUL ONES REMAIN

Present Method of Receiving Petitions From Students Who Fail to Make Necessary Hours Will Be Abandoned.

The decisions of the faculty, at the meeting held on Tuesday at 4 p. m., left 32 flunkers without hope of being reinstated; eight others, whose cases had been doubtful, were allowed to go on with their courses.

Dean Straub submitted to the faculty a proposal which will be passed at the next meeting. It is intended to do away with the present method of hearing the petitions from students who may be "wishing there were more hours on their cards," which necessitated six faculty meetings during the last few days. Removal from the university, upon failure to make the required number of hours, will then be automatic.

A definite value will be set upon "incompletes" and "conditions" when they are needed to hold the student above the failing point. For instance, a certain number of "incompletes" will be rated as two-thirds that number of semester hours; "conditions" as one-half.

"It is not with the idea of being unfair," Dean Straub said, "that this action is being taken; but, since scholarship is of first importance in bringing students to the university, the standards must be maintained. Other functions, while valuable in their way, cannot be allowed to interfere with scholarship."

At the faculty meeting, held yesterday morning, at which the various houses were represented by the presidents, President Campbell gave his opinion that it would not be possible for the faculty to reconsider the position taken in regard to the failing students. Either there would be a tendency to over-lenience in granting the petitions, or a tendency to, perhaps too harshly, refuse all alike.

At the Tuesday meeting a ruling was passed concerning absences from classes—"cuts." Henceforward, at the end of each semester, a board, composed of the deans of the university, will receive and pass upon all excuses of absentees, granting all they may deem valid. All unexcused "cuts" will detract one-sixteenth of a semester-hour from the student's record.

EXTENSION CLASS LARGE

Mrs. Parsons Short Story Class Doubles in Few Months.

The Short Story class under Mrs. Malle H. Parsons, held in Portland as one of the extension classes of the University, has more than doubled since it began a few months ago and has had to change to a larger room in the Public Library to accommodate new members. From about 25 members at first it has grown to over 50.

"I am quite enthusiastic over the quality of the work done," said Mrs. Parsons, yesterday, "and I am outlining a new plan to aid me in my work in the future."

Michigan doesn't stop breaking records when she is at home. It gets to be a pastime. There are now 1,000 men in the Freshman gym class, exceeding all previous enrollments by 125.

Dr. Timothy Cloran was a dinner guest at the Beta house Wednesday evening.

GLEE CONCERT WELL TOUTED

MANAGER WALKER SAYS SALE INDICATES A FULL HOUSE

BILL IS LIKE ROAD PROGRAM

Few New Numbers to Be Introduced, But New Features Will Be Added to Vaudeville Stunts of Former Program.

The seat sale for the Glee Club concert tomorrow night at the Eugene Theatre opened at 10 o'clock this morning. According to Manager Dean Walker, the prospects for a full house are satisfactory.

"This concert will give the students an opportunity to see what advancement the club has made since its last appearance at Eugene," said Walker, "and I am glad so many of the students are taking advantage of it. But this is not the only reason why all of the students should hear this concert. A different program will be given than that given at the last home concert."

Except in a few instances, the program is the same as the club gave on their tours. Each number has been tried before many audiences and each of them is a feature.

Many of the old favorites are on the program, such as "Hail to Oregon" and "Comrade Song," but several new songs will also be sung. Selections from Faust will take the place of the Toreador song from Carmen and "The Pretty Creature," by Albert Gillette.

"From the first number, 'As I Sit and Dream at Evening,' until the last encore of 'The Varsity,' every moment will be enjoyable," predicted Walker this morning. "Professor Lyman's solo is alone worth coming to hear. Both stunts, 'Good Old Vaudeville' and 'Caught With the Goods,' have new features that will make these screams decidedly worth hearing again. The boys aren't saying much, but it's plain they have something up their sleeve."

Y. W. C. A. BUNGALOW GETS SILVER, LINEN AND DISHES

Rooms Are Now Utilized by Several Different Organizations

Donations of quantities of silver, linen and dishes have been acquired by the Y. W. C. A. Bungalow in the last few days. This makes possible the use of the association rooms for many informal gatherings. The Faculty Colloquium is a recent addition to the list of organizations which is holding meetings in the Y. W. C. A. Bungalow. Besides the regular Y. W. C. A. affairs of all kinds which are held there, the rooms are being made use of by Dean Guppy, the Woman's League, the Eutaxians, the Faculty Club and several smaller organizations. A few private social affairs have also been held there.

GYM WITHOUT HOT WATER

Break in Pipe Leading From Power Plant Causes Inconvenience.

All Gym classes at the Men's gymnasium will be forced to shiver in cold shower baths for the next three days. A break in the steam pipe leading from the power plant has occurred and until this is repaired, there will be no hot water in the Gym. Such was the announcement made yesterday by H. M. Fisher, superintendent of buildings. He stated that men are at work repairing the break and will have it in shape at the earliest possible date.

MACDERMID RECITAL IS LISTED FOR MONDAY

Prof. Lyman Has Arranged for Appearance of World-Famous Artists

The first recital by Sybil Sammis-MacDermid and her talented, composer-husband, James G. MacDermid, will be held in Villard Hall on Monday, February 16. High praise has been tendered these artists in the largest cities, and their appearance here should awaken interest. A program of interest has been arranged for the occasion.

Should this recital prove satisfactory, Prof. Lyman intends to have it followed by others. In regard to this innovation Prof. Lyman said today:

"The effort to make a musical centre of the University must have the support of the students in order to succeed. I am confident that the support will be forthcoming as soon as the people realize that the best in music is being offered at a low price."

ELABORATE DECORATIONS PLANNED FOR BIG DANCE

Freshmen Glee Committee Out to Set Record for Such Affairs

The seven committees for the Freshman Glee—floor, music, patroness, features, decorations and programs—under the direction of general chairman, Harold Fitzgibbon, have with systematic work made almost the last preparations for the dance Saturday night, February 14. The dance will start promptly at 8:15 p. m. in order to be through by 11:45. The eighth dance will be a feature dance.

Much care has been taken in arranging the decorations and the features and Chairman Fitzgibbon expects that this dance will outstrip any previous Freshman Glee in its uniqueness and originality. Greens will be used profusely in the decorative scheme.

The patrons and patronesses will be: President and Mrs. Campbell, Dr. and Mrs. Straub, Professor and Mrs. Lovard, Dr. and Mrs. Leonard, Dr. and Mrs. Edmondson, Mr. and Mrs. Bezdek, Dr. Bertha Stuart, and Miss Ruth Guppy.

The work of decorating the gymnasium will begin Friday noon and all Freshmen called upon to help will be expected to be present according to President Nelson.

The various committees were appointed just three weeks ago and have had all their work to do in this short time, but Chairman Fitzgibbon thinks that no necessary arrangements will have been neglected.

GYM CLASSES RE-ARRANGED

New Classes for Co-eds Started—Grades For Past Semester Given.

Beginning this semester the Women's gymnasium classes will be re-arranged. The Sophomore class will be divided into two divisions.

The new Freshmen will take their work on Monday, Wednesday and Friday at eleven. This is the first time a beginners' class in gymnastics has been put in the second semester. The whole of Friday afternoon will be devoted to the three sections of Freshmen fancy dancing.

The following figures from the Women's gymnasium show the standing of the different classes:
Freshmen—P, 22 per cent, M 28 per cent, S, 11 per cent; not passed, 37 per cent.
Sophomore—P, 27.1 per cent; M, 38.5 per cent; S, 2.8 per cent; not passed, 35 per cent.
Junior—P, 26.6 per cent; M, 13.30 per cent; S, 6.6 per cent; H, 6.6 per cent; not passed, 33 1-3 per cent.
Senior—P, 13 per cent; M, 37 per cent; S, 6.2 per cent; not passed, 37.5 per cent.

VARSITY FIVE PLAYS M.A.A.C.

FINAL GAME OF NORTHERN TOUR COMES IN PORTLAND TONIGHT

OREGON QUINTETTE IMPROVES

Although All Three Contests With U. of W. Were Lost, Third One Was by Score of 16-12.

(By Fred Dunbar)
The University of Oregon basketball quintet plays the Multnomah club tonight on the club's floor in Portland.

The chances for capturing this game are considerably better than when the Varsity played the team on the home floor before examinations. The team's playing has improved considerably since they made the trip north as was shown in the last game with Washington when the score was kept down to 16 to 12.

Reports from Seattle show that Oregon's basket-shooting was off in the first game with Washington. Many shots were attempted but the men could not locate the basket. However, in the last two games, though the shooting did not improve so much it was better and the team work of Oregon had Washington on the run. The games were said to have been the hardest fought and gamest played on the Seattle floor this year. At times the players became so enthusiastic that a pair could be discovered wrapped in each other's arms, rolling on the floor. By actual count there were three pairs of players tangled up so that it took the referee's assistance to separate them at one time.

Good Feeling Shown.
However, the feeling between the two teams was exceptionally good, taking into consideration the relative positions of the men. Fenton and Savage staged the most interesting fight but it was marked by no ill feeling as that which was present last year, and the men did not lose their tempers.

The passing of the Oregon five is said to be almost perfect and that the dribbling has also reached such a stage of perfection as to be remarkable. This emphasizes strongly the need of more strenuous practice games early in the season to prevent the other conference teams getting a start.

Walker Optimistic.
Coach Bezdek has made many changes in the past three games declaring that he will keep on so doing until he finds a combination that will bring results. Graduate-Manager Dean Walker is very optimistic concerning the team and says that we are going to win two out of the three games that will be played here with Washington. "Coach Bezdek has had to make several changes," said he, "and as soon as he finds the right combination you want to look out for Oregon. That team can play ball and I know it. All they need to find is their stride and they will do things."

The lineup for tonight's game with Multnomah is as follows:
Oregon. Multnomah.
Koch f. Sharp, McRae
Wolcott f. Masters
Fenton c. Darling
Bigbee g. Allen
Bradshaw g. Rossman, Toomey

Hereafter fraternity Freshmen at the University of Missouri who have low grades will be summoned before the scholarship committee of the Pan-Hellenic Council. Each man must explain why he is de 1/2 cent and steps are then taken to improve his scholastic standing.
