

## STUDENT COUNCIL PLAN PRESENTED AT ASSEMBLY

### Senior Committee Appointed To Investigate Conditions, Offers Amendments To the Student Body Constitution

## LETTER MEN RECEIVE SWEATERS

### Harold Cockerline '12 and Robert McCornack '14 Are Given "O" Which Was Voted by the Athletic Council in Recognition of Their Four Years' Service on the University of Oregon Football Squad.

Awarding of the official football sweaters, introduction and reading of two amendments to the Student-Body constitution, one providing for a student council and the other dealing with service stars on the official blanket, appointment of a committee to supervise the rebuilding of the track shed and speech-making were the orders of the day at the Student-Body meeting Wednesday morning.

After a presentation speech by President P. L. Campbell, President Vernon Motschenbacher of the Student-Body presented the official sweaters to the football men. The men who received emblems were: Wallace Caufield, Captain-elect John Parsons, Ray Bryant, Anson Cornell, Sam Cook, William Holden, Oscar Weist, John Beckett and Leo Malarky. Sweaters were not given to Captain Robert Bradshaw, Carl Fenton and Elmer Hall, owing to the fact that they will receive official blankets at the end of the year. Sweaters with a small "O" were awarded to Harold Cockerline, '12, and Robert McCornack, '14. These two men have been on the football squad for four years, but owing to their size, were not able to make the regular team. The athletic council decided to award them letters in recognition of their work for the university.

#### Speeches Are Made.

Speeches were made by Yell Leader Harold Young, who made an appeal for the students to make the excursion trip to Corvallis, Coach Hugo Bezdek, Manager Dean Walker, Robert Bradshaw and Carl Fenton.

President Motschenbacher appointed the following committee of Seniors to supervise the reconstruction of the indoor track shed: Alfred Davies, Willard Shaver, Allie Grout, Charles Fowler, Charles Reynolds and Alfred Collier. All Freshmen will be expected to turn out Saturday morning at 8:30 to work on the shed.

The following amendment to the constitution was introduced and read by Elliott P. Roberts:

An amendment to Article 5, Section 3, By-Laws:

#### Service Stars Considered.

"To insert after the first sentence the following: Above this letter BLUE stars shall be placed for football recognition, WHITE stars directly below it for track, YELLOW stars to the left for baseball and RED stars to the right for basketball. These stars shall be five-pointed, with five lying on a circle three and one-half inches in diameter, and shall be placed on the blanket in a straight line parallel to the nearest side of the letter and nearest point four inches from it. In any line of sport a captaincy shall be recognized by a star in its regular position and of the regular size, but instead of the regular color, it shall be black, regardless of what sport. This star or stars shall supplant one of the others and shall be considered as the service star for that year or years that the man was captain, but each man shall be entitled to one and only one star for each season's work."

#### Amendments Introduced.

Willard Shaver, chairman of the Senior committee appointed some time ago to investigate conditions

in the Student-Body and propose changes, introduced and read the following amendments to the constitution, making provisions for a student council.

A motion to adopt the following resolution to amend the constitution of the Associated Students of the University of Oregon:

To amend Article II, Section 2, by adding the words, "He shall be presiding officer of the student council," so that the section shall read, "The president shall preside at all meetings of this association, and shall perform the usual duties of that office. He shall be presiding officer of the student council."

To amend Article II, Section 4, by adding the words, "The secretary shall be a member of, and shall be secretary of the student council," so that the section shall read, "The secretary shall keep a record of all the proceedings of the association, and at the close of the college year shall file the above mentioned records with the Registrar of the University. The secretary shall also be a member of, and shall be secretary of the student council."

To amend Article II by adding Section 9, which shall read, "The student council of the Associated Students shall consist of 12 members. It shall be composed of the president and secretary of the Associated Students, the editor of The Emerald, the president of the Women's League, three men and two women from the Senior Class of the following year, and two men and one woman from the Junior Class of the following year."

To amend Article II by adding Section 10, which shall read, "The duties of the student council shall be:

1. To act as an intermediary between faculty and students.

2. To appoint a yell leader and supervise features connected with university rooting.

3. To direct entertainment of visiting teams or any others who are guests of the university.

4. To assume charge of all other items of importance in which the students may be directly interested, and which are not specifically ascribed to the athletic council of the Executive Committee.

5. To act as a board of appeal, before which any student directly connected with the University of Oregon may place questions of student welfare.

To amend Article III, Section 1, by adding the words, "And the elected members of the student council," so that the section shall read, "The president, vice-president, secretary, the associate members of the executive committee, the student members of the athletic council, the editors and managers of publications, and the elected members of the student council, shall be elected by ballot on the second Wednesday in May of each year, and shall hold office as hereinafter provided.

To amend the by-laws by adding a new department named student council.

#### Article I.

Section 1. The name of this organization shall be the Student Council of the University of Oregon.

(Continued on Page 4.)

## FRESHMEN MUST WORK TO RE-COVER TRACK

### Are Required to Be on Kincaid Field by Eight o'Clock Saturday Morning

All Frosh will be expected to be at Kincaid Field by 8 a. m. Saturday morning to work on the shed covering the track which was blown down recently. President Nelson will call the roll of the class and make note of all not there.

The Senior Committee appointed at Assembly last Wednesday will have charge of the rebuilding of the running shed. They will be assisted by a sub-committee of Sophs, who are requested to see that the Frosh from their house are there.

All materials have been provided by Manager Walker, and are on the ground. Each man should bring his own hammer.

The Senior Committee—Al Dav's, chairman; Chas. Fowler, Al Collier, Chas. Reynolds, Willard Shaver, Alva Grout, Carl Thomas, E. Stuller.

Sophomore Committee—Bob Bean, Chet Fee, Henry Trowbridge, Allan O'Connell, Charles Olson, Frank Lewis, Lyle Bigbee.

## SENIOR THESES FILED IN UNIVERSITY LIBRARY

### Collection Started for Fair in Seattle Is Kept Complete to Date

Some 700 theses written by former graduates of the University of Oregon, are being put into pamphlet form by the assistants in the University Library, so that they may be placed in the "Oregon Collection of Literature."

This "Oregon Collection," which was first gathered together for exhibition in the exposition at Seattle in 1909, includes the various university periodicals, the regular annuals issued by the Junior Classes, and many books and manuscripts by professors and students of the university. The theses of the Senior Classes as far back as 1900 have been obtained, and are now to be added to the collection.

"If any professor, student or graduate of the university, has, at any time, a manuscript which they would like to submit, we should be only too glad to add it to this collection," said M. H. Douglass, university librarian.

"We submitted these theses to the heads of their various departments for criticism, and, as a result, chose 420 papers from among the entire number," continued Mr. Douglass. "These were intended to have been bound in a single book, but the cost was too great, so that had to be abandoned, and now they are being arranged and catalogued in the same way as the other pamphlets."

"I do not know just how soon the filing will be complete. We are about three years behind in our cataloguing, and the work is being pushed as fast as is possible, with the number of assistants we have."

## ENGINEERS MEET JOINTLY

### Civils and Electricians Will Hear C. B. Aitchison.

The University of Oregon branch of Electrical Engineers and the Civil Engineering Club will hold a joint meeting on Tuesday, March 3, at 7:30 p. m., in the chemistry lecture room.

C. B. Aitchison, railroad commissioner of Oregon, will deliver an address on the subject of "Water Rights." This subject is of great importance to both civil and electrical engineers, and a large attendance is expected. All are invited to attend, whether they are members of either club or not.

In 1880 board at the University of Missouri was \$1.25 per week.

## O. A. C. WINS ROUGH GAME

### CORVALLIS BEATS OREGON IN BASKET-BALL 15-7

### "LUCK" SAYS COACH BEZDEK

### Thirty-Three Fouls Called. Throws Are Wild. Koch Gets Broken Rib. Sims and Siebert Mix and Are Taken Out.

(By Everett Saunders)

Oregon could not find the basket, in Tuesday night's contest, and therefore went down to a 15-7 defeat to O. A. C., in a game unique for rough playing, personal fouls, and wild, ineffective tries for baskets. The inaccuracy in shooting was, perhaps, the principal cause of the failure of Bezdek's men to score a victory. Fenton's inability to utilize the free throws for overcoming the Aggies' lead is only one example of the general incapacity.

"It was luck," said Coach Bezdek. "Our men outplayed them in the second half—the ball was down in our territory all the time. But it wouldn't go through the basket."

The game was rough at all stages, 33 fouls being called by Referee Lee, 18 against Oregon and 15 against O. A. C.

Of their free tries at the basket, Dewey, May and Siebert turned seven of the 15 into points. Koch for Oregon threw two out of four, before being retired in the first half with a broken rib. Fenton made good one out of 10.

#### Holding Slower Game.

During the first session the game was made slow by the holding, for which fouls were repeatedly called on both teams. The O. A. C. men, perhaps, had an edge in the passing. Siebert, the forward, who entered this semester, and whose eligibility to play was contested during the recent series with Washington, and Dewey at guard, showed the best form for the visitors. Siebert was responsible for three of the four baskets from the field credited to his team. Two of these were acquired during the first half from sensational attempts. These, coupled with four points from fouls, gave O. A. C. eight points; the Varsity had only two baskets from fouls.

#### Terrific Pace Set.

It was during the last 10 minutes of play that Oregon showed to best advantage. The men set a terrific pace, and sent the ball on repeated journeys toward the basket, which continually refused to receive it. Lyle Bigbee kept May more than busy. Sims and Siebert, mingling at this stage, evidenced an intention of converting the game into a boxing bout; and both were removed.

With Sims out, Rice was shifted to guard, and Wheeler went in as forward. Jordan took Dewey's place, when the star guard was changed to Siebert's position at forward.

A special train brought the 30-piece Cadet band and 75 enthusiastic rooters with the team from Corvallis. Seats had been reserved for them on the west side of the gymnasium. From which place, during the game and in the interval preceding it, there came the familiar "Zip Boom Bee!" to echo our "Oskey Wow Wow!"

The line-up of the teams were: Oregon—Rice and Wolcott, forwards; Fenton, center; Koch and Bradshaw, guards; L. Bigbee substituted for Koch, Sims for Bradshaw and Wheeler for Sims.

O. A. C.—Dewey and May, guards; Mix, center; King and Siebert forwards. Dewey substituted for Siebert and Jordan for Dewey.

For Oregon, Bradshaw and Wolcott each threw one basket from the field. For O. A. C., Siebert threw three and King one.

## EXCURSION PLANNED FOR SATURDAY CONTEST

### One Way Rate Will Be Secured if 125 Rooters Make Trip.

Graduate-Manager Dean Walker is planning an excursion, leaving Eugene Saturday at 5 p. m., to Corvallis for the game with O. A. C. that evening. The train will return immediately after the game, and if 125 rooters make the trip, a one-way fare of \$1.35 will be secured.

According to present plans a block of seats will be reserved for the band and Glee Club, in addition to the rooters' section. The band will make the trip if enough students decide to go to make up the required number for a reduced rate.

"I am strongly in favor of the excursion idea," said Walker this afternoon. "O. A. C. sent a large crowd of rooters to the game Tuesday night here, and there will probably be another excursion from there tomorrow night."

The game here tomorrow night will begin at 7:15 sharp, giving time for the crowd to attend the Dramatic Club play, "Strife," which is to be presented that evening at the Eugene theater.

## AGGIES DEFEAT OREGON BY ONE POINT MARGIN

### Game Lost in Last 20 Seconds 22 Fouls Called During Contest

In the game last night, Oregon came back from the 15-7 defeat of Tuesday and fought O. A. C. with even honors until a foul on Wheeler in the last 20 seconds of play gave Dewey the opportunity to toss a basket, breaking the 13-all tie and giving the Aggies a victory by the slender margin of one point.

The game was hard fought from beginning to end, the first half ending with the teams tied 5 to 5. Oregon had the better both in passing and defense, but the inability to convert chances into baskets, which has been the principal failing all through the season prevented a victory. Fenton and Koch starred for the Varsity.

Of the nine fouls which were called on O. A. C., Koch threw four out of seven; Fenton made good one out of two. Fenton, Wheeler, Koch and Wolcott each threw one field basket. For O. A. C. Siebert and Dewey made each one basket from the field. Thirteen fouls were called on Oregon, resulting in 10 points for their opponents.

The line-up was the same as in Monday's game, with the exception of Koch, who played guard.

The next of the series with O. A. C. will be played in Eugene. Arrangements are being made to reserve a part of the rooters' section for the Glee Club, which will be seated next to the band.

The seat sale begins Friday morning at 10.

## FRESHMEN DEBATE TRYOUT SCHEDULED FOR MARCH 7

### Team of Six Men to Be Chosen to Represent the Class Against Sophomores

The tryout for the Freshman debate team will be held Saturday morning, March 7, at 9 o'clock in Prof. F. S. Dunn's room, in Dady Hall.

A team of six men is to be chosen to oppose the Sophomores on the question of submitting international disputes to arbitration. There will be an innovation this year in that double teams will represent the classes instead of one team as formerly. Last year's Freshman team composed of Lamar Tooze, Prentiss Brown and Allan O'Connell, remains intact this year. This team won the underclass debate last year.

A cup on which the names of the debaters are annually engraved is the prize for the winning team.

## LOCAL FRAT IS ORGANIZED

### IOTA CHI WITH 19 MEMBERS, LEASES OLD ACACIA HOUSE

## DORMITORY MEN SECEDE

### Move Has Been Planned for Several Months. New Club Includes Dal King, Lyons, Williams, Lombard, Goodwin

Iota Chi, a new local fraternity, has been organized on the Oregon campus, and on Friday the nineteen members will secede from the Dormitory, the present home of the majority, and take up their abode in the old Acacia house on the corner of Ninth and Hilyard.

It had been intended by the founders of the organization to keep the exodus secret until Saturday, but garbled versions interpreting the action taken, induced the seniors of Iota Chi to make public the entire affair. The secret first leaked out when an Emerald reporter ascertained from M. C. Hull, the owner of the house, that a sixteen months' lease had been signed by Dal King.

#### Move Planned Last Year.

A similar move was planned on the part of several Dormitory men last year, but nothing came of it. The present organization has been contemplated for the past five or six months according to statements given out by Dal King this morning. He also stated that the move was not due to any disagreement or friction of any kind in the Dormitory. "We have been planning on this since last fall," he said, "but until now we had managed to keep it quiet. The report that we were discontented at the Dorm. is absolutely false. We merely wished to organize as a fraternity, and this is the only explanation of our action."

The house selected by the members of Iota Chi has been given a thorough overhauling this week, and will be ready for occupancy on this coming Saturday.

#### Names Are Announced.

The personnel of the new fraternity, as announced by Dal King, is as follows:

Seniors—Parks L. Morden, Stewart H. Lyons, Alfred H. Davies, all of Portland; Raymond O. Williams, La Grande; Dal M. King, Myrtle Point.

Juniors—Bert Lombard and Marsh Goodwin, of Eugene; Lawrence Dinneen and Willard Houston, of Portland.

Sophomores—S. Dean Peterson, Portland; Victor Moore, Astoria; Grant Schaffner, Eugene.

Freshmen—Archie Rosa and Ernest Watkins, Bandon; Burt Thompson and Eugene Elton, The Dalles; Paul J. Norcross, Central Point; John Bisher, Jr., Baker.

#### Special—Charles Shelton, Union.

## NEW HALL AT PRINCETON

### \$100,000 Promised if \$400,000 More Can Be Raised.

Princeton's present efforts are directed toward raising a special fund of \$400,000 before commencement time. This money, together with \$100,000 which Mrs. Sage has promised to give if the whole amount is at hand in June, will be used to erect a new dining hall for Freshmen and Sophomores. The university apparently stands in need of this addition to its equipment, as the present eating accommodations are neither adequate nor attractive. Plans for the building, which will meet the wants of about 1,300 men, have already been drawn.
