

COUNCIL PLAN IS ACCEPTED

SERVICE BLANKETS FAVORED. FORMER ATHLETES MAY WEAR THEM

SPECIAL ELECTION MARCH 18

Nominations for Council to Take Place on Wednesday Previous—New Body Will Hold Bi-weekly Meetings.

The vote taken Wednesday morning in the student body meeting on the two amendments which provide a student council and service stars, was unanimously in favor of the amendments. Former varsity athletes, who would be eligible for service blankets will be allowed to purchase them through Manager Walker at factory price.

There was little discussion on the questions before the students and after the second reading and explanation of the amendments, the vote was taken.

A meeting of the executive committee will be held the first of next week and arrangements for the election of the open positions on the council will be made. The nominations will be made Wednesday in an open student body meeting and the balloting will be done on Friday. Saturday the first meeting of Oregon's new student council will be held and active work will be started.

"Now that the students have expressed themselves as being in favor of the student council plan, it is up to the students to see that good, live and reliable men are elected to fill the open offices on the council," said President Moteschenbacher last night.

Has Many Functions.

"The council will superintend the Junior Week-end entertainment and will see that the high school athletes are cared for in the best manner possible. An attempt will be made to do away with a large amount of the dissatisfaction and incidents that have heretofore always accompanied this affair. The yell leader is selected by the council and it will see that the students are organized properly. The stunts pulled off at the games will be under the council's supervision and that these shall be of a proper nature and carried off properly will be the duty of the student council to oversee. Much of the confusion that has been present in the past at rallies and games will be eliminated by proper plans being laid and all arrangements for all games and entertainments being made a sufficient time before to enable the University to make a creditable showing.

Suggestions Asked.

"Any student that has a suggestion to bring before the students will be permitted to first bring it before the council for their approval and support if it is desired. Any troubles that may occur between the students at large and the faculty will be looked into by the council and the most just reconciliation will be proposed to the faculty. When a new ruling is made by the faculty concerning the students the council will make endeavors to see that this is done properly and justice is meted out to the students. The trouble which occurred following the last examinations would have been taken care of by the council and instead of the students having to get together and forming a committee to await on the faculty as happened then, the matter would be taken up by the council."

The student council will meet every two weeks regularly. There are to be eight representatives elected on this council, five from the senior class and three from the junior. As yet no candidates have appeared on the field openly but already a number have received favorable mention for the jobs. The members elected

BAKER TRI-STATE TEAM MAY TRAIN IN EUGENE

Walker Tries to Get League Players to Help Condition of Varsity Nine

The open season for baseball has skidded forward another notch, in fact several, since it has become known that Graduate-Manager Walker is endeavoring to get the Baker City team, a member of the Tri-state League, which is training at Salem this year, to come here and train with the Varsity nine.

Walker has consulted with Manager Clifford of the team, who is a graduate of Oregon, and is now in correspondence with him concerning the proposition. Nothing was definitely decided at the former meeting but Walker thinks that the prospects are favorable for securing the team to practice here.

The catcher on the team, King, who also is in charge during the training season, is a Eugene man. The Baker team trains in the valley as they can start much sooner on account of weather conditions.

If this deal is carried through, the Varsity will then have a short practice game every day and that they will be in the prime of condition for the first conference games goes without saying.

FIFTH GAME OF SERIES WITH O. A. C. TOMORROW

Oregon's Chances Good in Spite of "Dope." Basket Shooting Has Improved

Oregon meets O. A. C. tomorrow evening at 7:15 in the fifth game of the series. Out of the four games which have already been played the Aggies have taken three, and the dope is apparently against us. The general sentiment, however, is sanguine. Bezdek's men have put in a hard week of practice and are considered to be in the best condition they have exhibited thus far this season.

Captain Fenton expressed the general sentiment of the team by saying, "We've a good chance to beat them here; but over there it is a toss-up. We played them one good game on their own ground and were nosed out at the end; and we played them one rotten game."

The lineup of the teams has not been announced; but for the Varsity there will probably be the men who have filled the various positions thus far this season—Fenton, Bradshaw, Walcott, Sims, Bigbee, Koch and Wheeler—played as Coach Bezdek sees fit on the spur of the moment.

DANCE PLANS ARE SECRET

Pan-Hellenic Invites All Women of the University.

Plans for the Pan-Hellenic Dance were discussed Tuesday afternoon at the regular monthly meeting of the Pan-Hellenic Association.

"Everything looks as if our dance will be a success," said Ruth Beach, Pan-Hellenic president, Wednesday afternoon. "We are keeping the plans for programs, favors and decorations a secret. In this way all the girls will have a glad surprise."

"Every woman in the University is invited to come and we hope all of them will. Each member of the Pan-Hellenic committee has assumed the responsibility of inviting personally a certain number of University women who do not belong to sororities. We want every woman in college to be present at our dance March 28."

this year will hold their positions until the close of the semester. At the May election the officers of the student body including the student council will be elected for next year. The members of the committee are elected by the entire student body.

OREGON FROSH TRIM AGGIES

36-18 IS SCORE IN LAST TUESDAY NIGHT'S GAME

FERNEY GETS EIGHT BASKETS

Players Loud in Praise of O. A. C. Hospitality. Work of Swan as Referee Meets With General Approval.

(By Everett Saunders)

With Ferney shooting more baskets than the entire team of his opponents and practically all his team mates backing him up with lesser numbers of field goals, the Oregon Freshman defeated the first year men of O. A. C. by the decisive score of 38-18 in last Tuesday's game. The game though fast was clean at all stages, only five personal fouls being called by Referee Swan—three against the Aggies and two against Oregon.

The Oregon hopefuls took the lead in the early stages and held it through the entire session. At the end of the first half the score was 22-8, four of the Corvallis points being made from baskets after fouls. Ferney starred for the visitors with eight field goals; Bigbee and Huntington also showed up exceptionally well. Hustand and Carlson played creditable games for their team.

A fairly large crowd, which lacked not at all in spirit, witnessed the contest. The players are loud in their praises of the treatment accorded them by their opponents. They were entertained at the various fraternities, and every effort was made to make them feel at home.

The Line-Up.

Oregon.	O. A. C.
C. Bigbee.....	F..... Wilson
Ferney.....	F..... Hustand
Dudley.....	C..... Carlston
Huntington.....	G..... Abraham
Green.....	G..... Sinclair
D. Nelson substituted for Green.	
Price substituted for Wilson in the first half and for Seeley in the second.	
Catham substituted for Huston.	

Swan, a former O. A. C. guard of Northwest Conference fame, refereed a most satisfactory game.

CAP AND GOWN CUSTOM ATTACKED BY SENIORS

"Relic of Barbarism" Says Petition to Abolish Traditional Garb

Stating that it is a relic of barbarism, a wasteful expenditure of money and a custom that is useless and unnecessary, the Senior S. I.'s have drawn up a petition which is being circulated among the Seniors for the abolishment of caps and gowns at the coming Commencement exercises.

In speaking of the petition Alfred Collier, one of the active promoters, said: "We do not believe this custom is the proper thing and we do not think that a majority of the Seniors are in favor of wearing these robes during commencement week. The petition was gotten up for the purpose of finding out how the members of the class feel on the question."

One of the principal clauses which decry the use of the caps and gown is one concerning the refusal of the faculty also to wear the robes on this occasion. "We think that if the paraphernalia is to be worn at all, the faculty should also wear them and make the dress of the whole assemblage of a uniform nature," said Collier. "I think that the petition is finding considerable approval among the students."

The girls now have the document and the number favoring the petition is not believed to be as large as among the men.

FIRST SOCCER TEAM CHOSEN

SATURDAY'S CLASH WILL INITIATE NEW SPORT AT OREGON

COLUMBIA HAS STRONG TEAM

Contest Will Be in the Form of an Experiment. Only Three Oregon Men Have Ever Participated in Association Ball.

The first soccer football team of the University of Oregon was chosen this morning and will meet the strongest eleven in the state, Columbia University of Portland, on Kincaid field Saturday afternoon at 2 o'clock. The field will be muddy but the Columbia University men are used to mud and play their fast, hard game, with long swinging passes, on any kind of ground. Two or three men who have been barred from playing for Columbia in the interscholastic soccer league in Portland are expected to be in the lineup against Oregon, notably Shevlin, an Irishman.

Team Inexperienced.

The game is principally for exhibition purposes and all that is being asked of the Oregon eleven is that it give the best possible account of itself. The men have promised to do their best to win, but of the 14 asked to appear in suits, only three have ever seen a soccer game. All their practicing has also been done on the baseball field and Kincaid will be as unfamiliar to them as to Columbia.

The referee will probably be Professor Bach, manager of athletics at Columbia. Admission of 25 cents will cover both game and grandstand and the interclass cross-country run will be begun before the first half starts, ending, it is expected, about the time the first half is over.

May Substitute.

Soccer halves are 45 minutes long. Commonly no substitutes are allowed, but Columbia will be asked to permit substitutions in this game, partly to give all the men a bit of experience and partly to relieve men who may not be able to stand the strenuousness of 90 minutes of continuous Marathoning.

Spellman, who formerly was himself a Columbia player, will captain the Oregon team.

The lineup will be as follows:

Goal—Ralston.
Backs—Sjellman and Campbell.
Halves—Nickelson, Amspoker and Dinneen.
Right wing—Nelson and Boylen.
Left wing—Pearson and Ford.
Center—Tuerck.
Substitutes—O'Connell, Hendricks and Reifel.

GLEE CLUBS TO EXCHANGE

O. A. C. Manager Here to Arrange Dates; Vacancies on U. Club.

The manager of the O. A. C. Glee Club is now in Eugene conferring with Student Manager Walker to arrange dates for exchange concerts. It is probable that the Oregon Glee Club will give a concert in Corvallis next Wednesday. According to Manager Walker the Club intends to go to Albany and Portland some time in April.

Tonight in Professor Lyman's studio at the Dormitory try outs will be held for the positions open on the Club. During the past month several members have dropped out and their positions will be filled. At present there are four places open, one in each section.

Phi Delta Theta entertained Frederick Preston Search, the great American 'cellist after his concert Tuesday evening with a feed at their house. Mr. Search's father is a Phi Delta Theta.

SOPHOMORES WILL HAVE BASKET SOCIAL APRIL 24

Plans Will Soon Be Made for Informal Party at Kappa Alpha Theta House

The Seniors have their Lottery, the Juniors have their Masque, but it remains for the Sophomores to resurrect the old-fashioned basket social.

At the class meeting yesterday, it was decided to have an informal "get-together" party some time next month for the members of the class only. The date of the social is April 24 and it will be held at the Kappa Alpha Theta house.

Plans for the party have not yet been definitely decided upon but the scheme of entertainment will be old-fashioned throughout. Every girl in the class will be expected to bring a basket. Only Sophomores will be present.

A short program will be arranged, after which there will be dancing. The auction of baskets will occur later in the evening. Bidding on baskets will be limited to \$1. If the bids are below this amount, the basket goes to the highest bidder but the first \$1 bid will get the basket.

Cass Kennedy, er-'12, is juggling wheat sacks at LaCrosse, Wash.

CROSS COUNTRY CONTEST SCHEDULED FOR SATURDAY

First Three Men to Get Medals; Cup for Winning Class

In the annual interclass cross-country race which will be run at 3:30 o'clock on next Saturday, the class of '15, which has carried away the honors in this event during the past two years, will, according to the consensus of opinion, yield its prestige to the Class of '17. Floyd Payne, the promising distance runner from Athena High School, and "Bob" Langley, from Lincoln High, who was second to Payne in the mile race at the state interscholastic meet here last June, have been picked to lead the squad over the course. Lee Bostwick, who has been showing up well recently, is the other runner who is practically certain to represent the Frosh. Nelson, president of the class, and Fitzgibbon will likely complete the team.

The personnel of none of the other teams are certain. For the Sophs, only Holt and O'Connell have been working regularly. But Fee and Hampton are among those who are prospective members. The Juniors have McConnell, Pack, Blackaby, Juareguy and Loucks if those who have been over the course only once or twice this spring can be induced to run.

The Seniors' Trainer "Bill" Hayward said yesterday, "I wonder who will run with Bob McCormick." Then becoming serious, "Who ever heard of the Seniors having a team?"

Gray McConnell, the veteran middle distance man, who established a new college record in the half-mile at the conference meet in 1911, entered college only at the beginning of the present semester, and has apparently not yet reached first-class physical condition.

A handsome gold medal is being offered to the individual winner, and a silver cup to be the permanent property of the team carrying away the smallest number of points.

SENIORS.
All Senior women see Edith Still and all Senior men see Wallace Caufield about number of commencement invitations wanted, and if calling cards are desired. Definite order must be in before March 14 to get this grade work done on time.

CHORAL CLUB WINS LAURELS

COTTAGE GROVE CONCERT LAST EVENING IS PRAISED

WORK IS REPORTED FINISHED

Emerald Correspondent Says Whole Program Was Well Received, Especially Quartet and Special Feature Numbers

(By Nellie Hemenway)

Cottage Grove, March 5.—(Special to Emerald).—Today the girls' Glee Club has an unassailable position in the hearts of the Cottage Grove people who love music as a result of their concert here last night. A large crowd greeted the club in the auditorium of the new high school building, and it was but a few moments until they were all captive to the fair song birds.

One would hardly have guessed from the really finished way in which the young women took their parts that this was the first public appearance of the club as such. The entire program was well chosen and well rendered and to mention everything of merit would be to make a detailed resume of the program. Perhaps the number which best pleased the audience was the delightful arrangement of Annie Laurie by Dudley Buck, which was perfectly rendered. The Alma Mater song, "Carmena," with its rhythmic cadences and the charming little negro lullaby, "The Dusk Witch," all met with hearty encores. The encores, too, were clever, pleasing little things.

Quartette Makes Hit.

The quartette, "Last Night," sung by Eva Brock, Marie Churchill, Burree McConahy and Leah Perkins was one of the most beautiful numbers of the entire list.

Professor Lyman's solo, "The Spring," was most enthusiastically received, and the work of Miss Mona Dougherty at the piano was brilliant without being hard and cold. She quite won her audience which is a difficult thing for a pianist to do when in competition with singers. Miss Virginia Peterson sang D'Hardelot's, "I Hid My Love," with sweetness, and Miss Janet Young's reading, "Bill Smith," provoked long applause.

Indian Feature Pleases.

The Indian feature was something entirely new and most pleasing. The songs were exquisite and the spirit of them was admirably carried out in the costuming and the pantomime. Both the solos, sung by Miss Eva Brock, Miss Leah Perkins, Miss Rozella Knox and Miss Marie Churchill, and the choruses were well rendered. "The Land of the Sky Blue Water" met with unmitigated approval.

1917 CLASS WILL AWARD NUMERALS IN ATHLETICS

Plan for Matinee Dance Also Discussed at Meeting Wednesday

That numerals be awarded to freshmen officially representing the class of 1917 in athletic contests, and that a committee be appointed by President Nelson to ascertain who were eligible to receive them, was the resolution passed by the freshman class at its meeting in Villard Hall, Wednesday morning.

It was decided that a matinee dance be given by the class and a committee is to be appointed to secure the date and make all arrangements.

Owing to lack of time the regular class hour exercises were omitted.

Earl Mayo, '10, is visiting in Chill.
