

## SOCCER GAME ENDS IN TIE

**VARSIITY HOLDS COLUMBIA UNIVERSITY TO A 2-2 SCORE.**

### DYMENT PLEASD WITH TEAM

"Bill" Tuerck Kicks Oregon's Two Goals, While J. Murphy Does Scoring for Columbia Team.

The first soccer game in which Oregon has participated, and which was played today with Columbia University, resulted in a tie, the score being 2 to 2. The result was a surprise to all concerned, the players, coach and spectators.

Columbia University expected to walk away with the honors, but the Varsity's first team came through with a little surprise, and by good team work and nimbleness in handling the ball, they managed to tie the score with the champions.

**Tuerck and Murphy Star.**  
Both scores for Oregon were kicked by Tuerck and J. Murphy secured both for Columbia. Oregon secured her first two scores in the first half and Columbia hers in the second.

Oregon kicked her first goal in the first 10 minutes of play. The teams started the game in a wary manner, both seeming to be waiting for the other to open up. Oregon's team work was very good during the game and flashes of real soccer were shown. Two fouls were called on Oregon and four on Columbia. This allows a free kick for the goal, but no score is allowed if it is made. Fouls consist largely of tripping or "hands," which means handling the ball with the hands or using the arms from the shoulders down.

**Columbia Surprised.**  
Tuerck, Boylen, Ford, Pearson and Campbell played the best game. Captain Spellman, as goal-keeper, played a good, steady game, and showed the result of experience.

Columbia had more than they expected according to their coach, Prof. Bach, who also refereed the game. Captain Spellman was highly pleased with the showing of the men. Prof. C. V. Dymont stated, "The men played much better than I expected. There are a number of men there who will make good soccer players."

## FROSH PICK DEBATERS

Negative and Affirmative Teams Chosen to Meet Sophs.

In the tryout this morning for the two Freshman debate teams—one affirmative and one negative—those chosen were: Ernest Watkins, Martin Nelson, Milton Stoddard, McCulloch, Jaureguy and McKinley Helm.

Carl Fenton, Captain of Team Which Meets O. A. C. Tonight.

## OREGON FRESHMEN SWAMP AGGIE ROOKS 39 TO 4

Game Featureless Except for Oregon's Good Shooting.

The Oregon Frosh swamped the first-year men of O. A. C. last Thursday evening by a score of 39-4. The Aggies did not annex a single field goal, while Oregon was piling up 18. The visitors made their four points on fouls.

The Oregon representatives had the better of it in passing and in accuracy of shooting. They were shiffter on their feet and faster in every way. Green, Huntington and Nelson had the O. A. C. forwards smothered at all stages.

Ferney, as in Tuesday's game, was the highest point getter, with five baskets to his credit. Bigbee and Huntington each were responsible for four.

The line-up:  
O. A. C. Oregon.  
Katham ..... F..... Bigbee  
Hustand ..... F..... Ferney  
Carlson ..... C..... Dudley  
Abraham ..... G..... Huntington  
Sinclair ..... G..... Green  
Seeley substituted for Hustand, Price for Sinclair, Scafe for Ferney, and Nelson for Green. Homer Jamison, '12, acted as referee.

## LAUREANS WILL DISCUSS REMOVING ENGINEERING

Program Planned for Tuesday to Include Humorous Recitations

"Was the action of the board of Higher Curricula justified in abolishing the civil engineering departments at the University of Oregon and the Oregon Agricultural College?" will be the question discussed at the Laurean Literary Society next Tuesday evening. Each member may speak four minutes, not more than twice, except in answer to a question put by the opposing side. MacKinley Helm will favor the meeting with a humorous recitation and Milton Stoddard and Edison Marshall will give a short dialogue.

The program will be concluded by a short period of parliamentary drill. It is urged that all the members come. Visitors are cordially invited. The meeting will take place at 7 o'clock in Dr. Schmidt's room in Deady Hall.

The honor system for examinations has been adopted at the University of Wisconsin.

Special Sophomore Class meeting Monday afternoon at 4 o'clock, Dr. Straub's room, Villard. Election of class representatives to State Oratorical Contest in Albany. Plans for class hour. Desired that all Sophomores be present.

## SALEM EDITOR SPEAKS HERE

R. J. HENDRICKS TELLS OF NEWSPAPER WORK IN OREGON.

### PRESS INFLUENCE IS SHOWN

Advises Young Journalists to Start Newspaper Career by Working on the Small Country Paper.

"The newspaper of the United States is the most progressive newspaper in the world. We are farther ahead in the gathering and disseminating of news than any other country. We also have more newspapers per capita than anywhere else," said R. J. Hendricks, manager and editor of the Salem Statesman, Oregon Teachers' Monthly, Pacific Homestead and the Northwest Poultry Journal, in addressing the University Journalism classes yesterday afternoon.

"News ought also to be clean, exclude all libeling and personal abuse. The greatest criminal in America is the publisher of the yellow, red-haired newspaper, who goes by the maxim, 'Truth is mighty and will prevail, but news won't keep.' I would rather lose a column of good news than misspell a name or get wrong initials.

"The diplomats of America 20 years ago came out of the newspaper offices; today it is also true. The newspaper has become in Oregon, and will become in the United States, the government; for we have by direct primary and repeal, government by the newspapers. The newspaper has become the mouthpiece of the voters of America in almost the same measure that the famous orators of Greece swayed that nation."

**Country Papers Surest.**  
Mr. Hendricks further stated that the newspaper business was a good business if followed correctly; that it was not a small business, there being, last year over 24,000 newspapers in the United States. There are about 1600 papers started yearly and about as many failures.

"The newspaper business is easy if you love it, and work hard at it, and the compensations are many," he said. "Success may be defined in the newspaper game as being a great editor of a great paper, or in conducting a small paper successfully. You may make a success on a small paper, and I believe that for the majority of young men and women the best and surest field is the country newspaper."

**Hendricks an Oregon Man.**  
"The most important part of the newspaper is the advertising. I believe in advertising. I believe in making advertisements clean; it pays to do it. The standards of advertising in that respect have been raised very considerably lately, partly by the action of the Advertising Press Clubs of America."

"Thirty years ago this month," said Mr. Hendricks, "I went from my last recitation at the University under President Johnson in Deady Hall to the office of the Salem Statesman. I was not yet 21 years old, but I had been an editor for three years, becoming a newspaper man by preference, not by birth."

## DR. HODGE GETS PAINTING

Views of Crater Lake Obtained From Oregon Artist.

Dr. C. F. Hodge has recently come into possession of two water-color paintings, showing views of Crater Lake, by Mrs. Grace Fountain. Mrs. Fountain is a well-known Oregon artist, who is especially noted for her pictures of Crater Lake, and also for her pictures of forest fires

## GREEKS WANT PAN-HELLENIC

MEN'S FRATERNITIES MAY FORM SOME KIND OF ORGANIZATION...

### OREGON FIRST STUDENT IDEAL

Expression of Opinions From Seniors of Different Houses Shows That Some Change in Pledging Is Necessary.

That some action should be taken soon to stop existing abuses in pledging men for Oregon fraternities and that such action should come from the fraternities themselves and not from any "outside" sources is the consensus of opinion among the national chapter houses here. Every house expressed itself as opposed to the methods now pursued and think some measures should be taken to stop pledging before students have finished their High School courses.

However, some of the fraternities are for the new scheme of a Pan-Hellenic for men; others do not want to be classed as agitators for it, but are willing to accept some sort of regulation, if the other houses do; and others take the broader view that the new student should first of all be made an Oregon man and after that a fraternity man. Opinion is divided whether pledging should be permitted during the summer months and in other towns than Eugene.

**Expect Council Action.**  
Some of the heads of the houses are awaiting the action of the new Student Council in this matter, and it seems to be the expectation that some steps will be taken by the new form of government.

When seen today the following men spoke for their fraternities:  
Earl Hughes, Phi Delta Theta—"We will abide by the decision of the majority in the matter of a Pan-Hellenic for men."

Don Rice, Beta Theta Pi—"As a house the Betas are in favor of some Pan-Hellenic to stop existing abuses. Some action will have to be taken."

Maurice Terpening, Sigma Chi—"I can speak for the house when I say I am heartily in favor of waiting until men are through their High School courses before pledging. Something ought to be done."

Vernon Motschenbacher, Alpha Tau Omega—"We are in favor of a Pan-Hellenic for men. No pledging should be done before the men finish their High School courses and are in Eugene."

**Oregon First.**  
Del Stannard, Kappa Sigma—"Let's make Oregon men first and fraternity men afterwards. I believe the present system is driving men away as fast as it brings them here. Some action will be taken soon, if not by the fraternities themselves, then by the 'powers that be.' I certainly think the national chapter houses should get together on this."

Harold Quigley, Delta Tau Delta—"We haven't, as a house, discussed the question, but, personally, I don't believe in a Pan-Hellenic here at Oregon unless the rules are made stringent and are enforced, as, for instance, at Cornell."

Wallace Caulfield, Phi Gamma Delta—"Don't quote us as a house, but we will go as far as the rest in this matter. We believe that some action will have to be taken soon, but it should come from the fraternities."

The University of Oregon has a very efficient method of advertising. It sends a man with a motion picture machine to all the High Schools of the state. In this way the High School students are better shown the advantages to be obtained at the University.—University of Illinois.

"Ole" Sims, 1913 Captain, Guard on This Year's Quintet.

## SENIOR MEN DISLIKE WEARING CAP AND GOWN

Nearly All Men Sign Petition, Says Thomas. Women Favor Black Robes

"Practically all Senior men have signed the petition for abolishing the caps and gowns for their class with the exception of five or six," says Carl Thomas, the first signer of the paper, "but as yet no girls have signified their intention of doing so."

The men state that they wished to do away with the gowns because they were needless expense, barbaric and undemocratic.

"I think that we should keep the few old customs that we have," says Janet Young, "and not abolish the caps and gowns. Aside from this it will be more expensive for us girls than formerly since other gowns will cost us much more than the regulation black ones."

"I am heartily opposed to doing away with the caps and gowns," says Norma Dobie, "for it will take away what you might call the spirit and glory of graduating. Then it will be very undemocratic since some girls will have better dresses than others and this will be more noticeable than with the black gowns."

## MUST FILL SIX HOLES ON OREGON GLEE CLUB

Lyman Says Several Concerts to Be Given. Vacancies Are in All Parts

Tryouts for the University Glee club will be held next Monday night at 8 o'clock in Professor Lyman's room in the Dormitory. There are six places to be filled on the club.

A tryout was held Wednesday night of this week but because it was not generally known that it was to be held, only a few men were present.

The places to be filled on the club are two first tenors, two second tenors, one first bass and one second bass. The vacancies have been made by members leaving college and others having to take up other work in the University which prevents them from practicing with the club.

"There are several concerts to be given yet, one in Portland, March 30, Corvallis April 1 and one other to be selected yet. This will be given to fill in the schedule for the trip which will include all the concerts. If the men are able to learn the songs and master the work they will get to make the trip," said Prof. Ralph Lyman today.

JUNIORS.  
Special meeting will be held Monday afternoon at four o'clock in Prof. Dunn's room. Delegates to oratorical conference will be chosen.

## O. A. C. CINCHES SECOND PLACE

OREGON'S HOPES FOR STATE CHAMPIONSHIP ARE SHATTERED

### DEWEY CAPTURES 17 POINTS

Aggie Guard Makes All O. A. C. Score. Referee Lee Calls 24 Fouls, Mostly on Oregon Team.

Dewey defeated the Varsity in last night's contest 17-10, by shooting 13 baskets after fouls and 2 field goals. As a result, O. A. C. has second place in the Western division of the Conference as well as the state championship.

Referee Lee was consistent with his records from the past games for calling fouls. He penalized Oregon 19 times, and Dewey, the Aggies' star guard, was there to convert 13 of them into points. These alone were enough to spell defeat. Two fouls were called against O. A. C. During the roughness, Bradshaw acquired the limit of four personals and gave up his place.

**O. A. C. Takes Second Place.**  
With last night's game the hopes of Oregon to break even with the Aggies for the honors of second place went glimmering into oblivion. Even though we take the game here this evening, the Corvallis team has the advantage.

The basketball season is practically over, and already tentative selections for the All-Star Northwest aggregation have appeared. Athletic Director Bohler, of the Washington State College, has chosen a number of players whom he judges have lone work of a stellar character. Fancher, of Washington, is one of his selections for guard; and for center the honor, in his estimation lies between Savage of Washington and the Idaho center.

**Northwest Selection Hard.**  
Coach Bezdek does not expect to make an All-Northwest selection, because he has seen only the teams of the Western Division in action. The players of the Eastern half of the Conference are known only by reports.

The lineup of the teams in last evening's game was:

Oregon. O. A. C.  
Rice, C. Bigbee... F..... Sieberts  
Walcott ..... F..... King  
Fenton (4)..... C..... Mix  
Koch (4), L.  
Bigbee (2)..... G..... Dewey (17)  
Bradshaw ..... G..... May

Because Charles Parker, captain of Chicago's track team, made enough credits for a degree before he intended to graduate, the Western Conference has barred him from athletics.

Don Rice, whose work this year has won him position at guard.

"Bob" Bradshaw, varsity guard during last three seasons.
