

## CHESS ENTHUSIASTS PLAN TO FORM CLUB

Faculty and Students May Organize Team to Play With Other Colleges

A meeting of the University chess enthusiasts will be held Monday afternoon to formulate plans for a competitive tournament to pick a team. The time and place of the meeting will be posted on the Bulletin board in Villard hall Monday morning.

At Idaho this pastime has gained much popularity and they are now engaged in a tryout to determine local championship and if possible will arrange to meet teams from other schools.

The chess teams of the eastern universities average from two to five players, and while it might not be possible for financial reasons to play faraway schools, each district would have preliminaries and teams of at least two players to decide the championship.

Professors Howe, Dallenbach, Conklin and Kempthorne are all optimistic over the future of chess at Oregon and "Deac" Davies has promised to resurrect several student experts.

## GERMAN CLUB MEETS

Rules Are Passed and Dance Planned by Members.

Three absences in one semester from the regular German Club meeting will hereafter automatically suspend the offender from the roll, according to a rule passed Tuesday evening at the regular meeting of the Society at the Beth Reah House. Plans for the club dance, to be given April 25, were also discussed, but no definite arrangements were made.

The following officers were then installed for the present semester: President—Beulah Stebno. Vice-President—Jeanette Wheatley.

Secretary—Minnie Poley. Treasurer—Sherman Pobst. Sergeant-at-Arms—Walter Dimm. The following program was given by the members of the club:

Three numbers by the dormitory orchestra.  
Anecdotes by Lucile Watson.  
Piano solo by Miss Baumanns.  
History of "The Watch on the Rhine," by Jessie Purdy.

## EXCHANGES.

Sixty-eight per cent of the students of Purdue University are actual church members.

Resulting from the action of Chicago's Student Council, athletes will be barred from all class offices.

A student union, with over 600 members has been established at the University of Kansas.

Debates, in which Latin only will be spoken, are scheduled at Boston University.

The late Sarkis G. Telfeyan left \$90,000 for the education of the Armenians.

The students of the University of Chicago have petitioned Coach Stagg to create a dancing class for men, to be held one day out of the week.

The will of Lord Strathcona, former Dean of McGill University at Montreal, among other bequests, leaves a million to the Royal Victoria College at Montreal, \$25,000 to the University of Aberdeen for the creation of a chair in agriculture and \$100,000 to Queen's University at Kingston, Ontario.

The faculty of Oberlin College has passed a regulation requiring students to have good scholastic standing before doing any work in college activities.

The faculty of Denison University have voted to abolish sororities at Shephardson College, the women's department of the institution. The method to be pursued will be to forbid the pledging or initiation of any new members. In this way the chapters will automatically become extinct within four years.

Look at the premiums in Obak's window.

## SPORTING SQUIBS

Portland, Ore., March 8.—The Law Department of the University of Oregon will be represented by a fast baseball team this season. Manager Dwyer issued a call for practice last Sunday morning. Dwyer is hopeful of beating last season's record of nine victories and two defeats. Some of the players who will try out for positions are Borleske, Boynton, Kelly, Collins, Dudley, Nording, McKenzie, Mulligan, Lund, Magius, Hardie and Taylor.

Whitman College, Walla Walla, Wash., March 8.—After a four days' practice under Coach Childers, the Whitman College baseball team will play the first game of the year when they meet the team of recruits who have reported to Manager Bade of the Walla Walla Bears, at Sportsman park Monday afternoon. More than two teams are out now every day and Coach Childers is rapidly whipping the men into shape. A three-inning game played this afternoon showed the merits of the material, but as yet the coach is unwilling to make any statements except that Whitman will figure strongly in the race for the championship of the conference.

London, Feb. 28.—American Rhodes scholars were successful in several of the events in the Oxford University sports held here today. F. T. Adams of Texas won the hammer-throwing event, with a throw of 122 feet 3 inches. V. B. Havens of New Jersey won his heats in the hurdles and the 100 yard flat. N. S. Taber of Rhode Island was second in the one-mile flat race, being five yards behind A. N. S. Jackson, president of the Oxford University Athletic Association, who broke the track record. Jackson's time was 4 minutes 22 3-5 seconds.

New York, March 7.—Twenty-one colleges were represented at the annual meeting of the Intercollegiate Association of Amateur Athletes of America, held here recently. Four weeks ago several amendments to the constitution of the association, framed by the advisory committee in accordance with suggestions made by the executive committee, were made public, and all of them were adopted at today's meeting. Only one of them—that of increasing the awards of points to five places in each event, instead of four, as heretofore, caused discussion, but it was finally adopted. Under the new rule the points for places will be as follows: Five for first, four for second, three for third, two for fourth and one for fifth; a total of 15 points for each event, instead of five, three, two and one; a total of 11 points, which has been the rule since 1898.

One hundred and seventy men are out for track at Stanford. There are 37 candidates for the quarter, 28 for the half mile, 23 for the sprints, 17 for the two-mile, 15 for the mile, 13 for the broad jump, 10 for the pole vault, 8 for the high jump and hurdles and 13 for the weight events. If the material is as promising in quality as it is in quantity, Stanford will have a championship track team year.

Portland, Ore., March 8.—The Christmas swim, one of Portland's feature sport events of the winter season, which has been held annually for the past five years under the auspices of the Multnomah Amateur Athletic Club, has been staged for the last time. The Board of Directors of the "Winged M" Club will probably place the taboo on the event at one of their weekly meetings in the near future.

It is likely that the swimmers of the club will protest the action of the board in taboing the swim, but on account of the danger of some one drowning there is little likelihood of the event being staged again. In its place a swimming meet, probably for city titles, will likely be staged during the summer months.

Hereafter the editor of the University of Washington Daily will be responsible for all articles that are printed in the paper, as a result of a recent action of the University Student Affairs Committee.

Red tame cherry at Obak's.
