No. LXVIII.

BISHOP PLANS WOMEN'S DORM

SCADDING SAYS EPISCOPAL CHURCH IS READY TO BUILD

\$12,000 BUILDING PROPOSED

Tentative Plans Show Two-Story, Colonial House, 50 by 80 Feet, Which May Be Constructed in Time for Fall.

Tentative plans for the new Girls' Dormitory, to be erected by the Episcopal church on its lot opposite President Campbell's house, were received from Bishop Charles Scadding by Dr. Leonard and presented to Mrs. Elizabeth Prescott yesterday for such criticism as her experience in charge of the University dormitory might suggest.

"I think the plans are very satisfactory and I am pleased with them in every respect," said Mrs. Prescott.

One of the features of the building will be a small chapel on the southeast. This will be 14 feet wide by 28 feet six inches long.

Will Be Two-Story Structure.

The dormitory will be built in the Dutch Colonial style with a hip roof. It will be two stories and an attic high. The front, 80 feet long, will face 13th street and the side, 50 feet, will be toward University avenue.

To the left of the reception hall in the center is a reception room 23 feet by 30 feet six inches, with a fireplace at one end. Persons may pass from the reception hall to the chapel without disturbing those in other parts of the house.

The suite of rooms for the matron will include a sitting room, a bedroom and a bath room on the first floor.

To the right of the reception hall is a sitting room and to the right of this again is the dining room, 19 feet by 21 feet six inches, from which a large pantry with cupboards leads into the kitchen, 17 feet by 17 feet six inches in dimensions.

\$12,000 Is Probable Cost.

On the second floor are ten bedrooms, each containing two closets, one for each girl. The size of the rooms varies from 11 feet six inches square to 13 feet six inches by 17 feet six inches.

A bath has been conveniently placed for every five rooms, and two sleeping porches on the south and east sides of the house have been provided.

The plans submitted were drawn by Duhring, Okie and Ziegler, architects in Philadelphia.

Bids have not been opened as Bishop Scadding will be in Eugene Friday, April 10, to complete arrangements for the building and complete the details connected with it. It is his purpose to have the building ready for occupancy by the opening of college next September.

Dr. Leonard said that no estimate has been made on the building but he thought it would cost from ten to twelve thousand dollars.

KERN TO SPEAK APRIL 24

Editor of German Paper to Address Journalism Classes.

F. A. Kern, editor of the Deutsche Zeitung, of Portland, will address the classes in Journalism, Friday, April 24, on "Elements of Success in the Business Management of a Newspaper Conducted in a Foreign Language." Mr. Kern comes at the joint invitation of Prof. F. G. G. Schmidt and of the Department of Journalism and will be the guest of Dr. Schmidt while in Eugene.

President Lowell, of Harvard, addressed the Harvard club at its banquet in Philadelphia recently.

HIGH SCHOOL PETITIONS HAYWARD TO LECTURE

Boys Ask for Return Talk. "Bill" Will Take "Movie" Pictures Soon

The popularity of Trainer "Bill" Hayward as a lecturer before the high schools of the state is shown by the receipt this morning of a letter from the Ontario High School asking for a return lecture as soon as possible. The letter was in the form of a petition, gotten up by the boys of the school, and was signed by thirty or forty of them. Although Mr. Hayward will not be able to make such a long trip at this time of the track season, it is evident he is getting results.

Mr. Hayward has his moving picture camera prepared for work this spring and intends to take a number of reels of track meets and baseball games and other spring sports. These films will be used next year in lectures and will in addition be shown in many of the moving picture theaters of the state. The first use of the camera will probably be made at the women's gymnasium exhibition April 9, when some of the drills will be taken by the "movie" operator.

OREGON CLUB CAPTURES HAYWARD HANDBALL CUP

Permanent Possession Given by Winning Trophy for Second Time

The Hayward Cup, offered by Trainer "Bill" Hayward as a permanent trophy to the handball team representing any Club or Fraternity in the University that won it two consecutive years, was presented by Allie Grout, president of the Doughnut Conference League, to the Oregon Club, Monday afternoon.

The Oregon Club, represented by Casebeer and Kuck, has played through the entire tournament without losing a game, 17 being the largest score rolled up against them.

Three o'clock Monday saw both the Oregon Club and the Delta Tau Delta teams at the court ready for action. Furney was a little off his feet, but nevertheless made some good kills, and Quigley returned Casebeer's long ones with but few errors. But Kuck's ability to kill the slow ones and Casebeer's skill in placing his serve in the back corners gave the Oregon Club the long end of the 21, to 11 and 21 to 9 scores.

Both Casebeer and Kuck are optimistic as to the outcome of their match with the Faculty, which will be played soon. "We'll play them blindfolded," declared Kuck, when discussing the coming contest.

"Yes," commented Casebeer, "I don't think it will be much of an entertainment."

300 ATHLETES EXPECTED FOR PREP SCHOOL MEET

Other Visitors Will Swell Number. Walker Working on Plans for Week-End

Three hundred preparatory school athletes are expected this year at Junior week-end, to participate in the interscholastic meet held in May, according to graduate manager Walker. This shows considerable increase over the number present last year when about 250 boys from the secondary schools of the state competed for interscholastic athletic supremacy.

Besides this there will be a large number of boys and girls visiting at the University, so that the number of visitors present will probably aggregate close to five hundred. Manager Walker is at present working in conjunction with the committee appointed by the Student Council to perfect week-end plans. The program of events which will take place Friday and Saturday is to be arranged, and accommodations for the visitors provided.

1920 IS SET AS MILLENIUM

PROF. YOUNG WOULD FIND AND MEND STATE DEFECTS IN SIX YEARS

START COMMONWEALTH DAY

University Should Be a Council to Aid in State Betterment, Says Young. Program Committee Meets This Afternoon.

"Oregon 1920!" will be the slogan of the commonwealth conference, which will be held May 27, 28 and 29 under the auspices of the University of Oregon," declared Professor F. G. Young yesterday afternoon. "Just as Boston has its 1915 movement, just as Reed College has started a 1915 movement for the city of Portland, so the University will inaugurate a 1920 movement for the State of Oregon," he said.

Professor Young, in explanation of the meaning of the slogan, said that the end in view is to discover the defects in the state and to find a way to remedy them. It is proposed to accomplish this task by 1920. The program at the commonwealth conference will be made up of discussions that have in view the different interests; to bring out clearly what should be done, and how it should be done; and thus hasten the slowness of development.

No New Idea.

"The University for some time has been considering the adoption of this motto for the commonwealth conference. My Senior thesis class has for the past year been working on subjects that center around an "Oregon 1920" movement. The general suggestion has been made that the University in all of its activities marshal its forces into a well concerted effort to promote an "Oregon 1920" movement.

"The state needs to round out its system of social legislation, public health laws, social center movement; get its fiscal system so systematized that the people will get better results with a smaller tax; and we need to harmonize all the voluntary movements toward the securing of a good roads system and a good educational system. And we need to awaken our sense of beauty in making plans for our communities."

University to Help.

Professor Young stated that the University should be a sort of council, not proposing to usurp leadership, but simply to be of service to all who are espousing any interest along these lines, and that the time is ripe for Oregon to make systematic plans toward securing much higher efficiency. The University should always be ready to lend a helping hand.

"The commonwealth conference is more and more given to the purpose of better organizing such concerted betterment movements. Oregon is still a young and plastic state. It should profit by the mistakes of the other states; it is in a position to develop rapidly towards a high ideal. The University by these commonwealth conferences is endeavoring to get into a proper relation with the state, so as to re-enforce every aim, effort and ideal to make them effective. The University should be a clearing house," he said.

This afternoon at four o'clock the program committee meets, in order to select specific subjects along the above lines. The speakers to handle these subjects will also be named. Those in charge declare that only the best men in each line will be selected to handle these subjects. The committee is composed of Professor F. G. Young, Dr. Joseph Schaefer and Dr. G. Rebec. President P. L. Campbell is an ex officio member.

POINTS SHOWN BY LECTURES

WET WEATHER DRIVES BALL PLAYERS INSIDE

GAME TOMORROW UNCERTAIN

Manager Walker Has Until Tonight to Call off Contest Scheduled With Baker Team for Wednesday Afternoon.

The baseball game which Graduate Manager Dean Walker had scheduled for tomorrow afternoon with the Baker team will undoubtedly be called off tonight on account of the continued wet weather which has prevailed here.

Manager Walker has the privilege of waiting until tonight to cancel the game, but he had practically concluded to cancel it this afternoon, as the diamond is completely soaked up and would hardly be in condition to play on tomorrow in case the weather should clear up.

These wet days, when it is impossible for the team to take the field, are occupied with lectures in the gymnasium by Coach Bezdek. The first was held last Friday.

The finer points of the game were taken up, including the playing of the individual positions, signals, base running and other details that mean much to a team's playing. Every phase possible of every play possible is being taken up by the coach with the men and their solutions are heard and corrected when wrong.

On the defensive every man on the team is supposed to play every ball that is hit as if it comes to him, every time. The coach holds that on every ball that is hit, every man on the team as something to do and it is up to him to do it.

GIRLS TRYING OUT FOR GYM PRELIMINARIES

Special Dances to Feature in Exhibition Held April 9

Preliminaries for the approaching gymnasium exhibition which is to be held on April 9, between Sophomore and Freshmen women, began yesterday and will continue throughout the week.

The girls are making their special costumes for each of the nine following dances which are to be included in the exhibition: The Ribbon dance, Tarantella, Crested Hen, Dutch dance, Gustaf Skool, Wild Bird, Aesthetic dance, Spanish and Russian dances. Costumes for some of these dances will be procured in Portland.

Louise Bailey and Kate Schaefer are the general managers of the Sophomore and Freshmen competitors, and Virginia Petersen has charge of the individual entrances.

The Woman's Athletic association has offered a sweater to the woman making the highest number of individual points.

The price of admission to the exhibition will be 50 cents and a student-body ticket. The exhibition will be open this year to men and women alike. Outside friends and non-students who desire to attend the exhibition will be required to present, in addition to their 50 cents, an invitation from Dr. Stuart. This means that the girls who have friends whom they wish invited must hand in the names to the head of the Physical Training department this week.

The tango and hesitation waltz have scored a victory over the barbell and dumbbell exercises in the Yale gymnasium. Dr. W. G. Anderson, director of the gymnasium, has substituted dancing for the former exercises and one tango class has already been organized by the students.

JUNIORS TO TRY GENE GOOD'S CASE TOMORROW

Sergeant-at-Arms Is on Trial for Non-Feasance in Office

Th trial of Gene Good for non-feasance in his office as sergeant-at-arms of the Junior class will occupy the attention of the aforesaid class at its regular meeting tomorrow morning at 10 o'clock in Prof. Dunn's room in Deady. The charges against Good are mainly on counts of absence at class meeting where it is claimed his presence is often needed.

The attorneys for the defense, Frederick A. Hardesty and James Thompson Donald, have their briefs prepared and will enter a plea of not guilty on all counts of the declaration, and are even considering a demurrer to the whole proceedings. Counsel for the prosecution, Herbert W. Lombard and Thomas Boylen, jr., are ready to open the case.

A judge has not as yet been chosen but Dr. J. D. Barnett or Dr. E. W. Hope of the Law department will probably act if their jurisdiction can be extended so they can sit in this court. Equal suffrage will be given a tryout as women jurors will be in evidence.

REGENTS AND ARCHITECTS WILL MEET IN PORTLAND

To Discuss Plans for the New Administration Building Saturday

A meeting of the executive committee of the University Board of Regents, composed of Judge Robert S. Bean, S. H. Friendly, Cyrus A. Dolph, A. C. Dixon and Charles H. Fisher, will meet with State Architect W. C. Knighton and Ellis F. Lawrence, consulting architect, in Portland Saturday to discuss plans for the new administration building.

Knighton and Lawrence have just returned from California, where they made a careful inspection of the buildings and campus of the University of California and at Stanford. The object of the visit was not to adopt the plans of any of the buildings of the two universities, but merely to supplement their ideas regarding university buildings.

The final plans will probably be decided upon with the next few weeks.

INTERCLASS HANDBALL SERIES IS SCHEDULED

Tournament Postponed From Last Week Must Be Played by Saturday

The interclass handball tournament was again delayed by the decorations for the dance Saturday evening. This week, every game in the first and second matches must be played; those games that are not played by Saturday will be forfeited. The semi-finals and the finals will be played Monday and Tuesday of the coming week.

The schedule for this week follows: Tuesday—4:30, Kuck vs. Church; 5:00, McGilchrist vs. Dinneen. Wednesday—4:00, Staiger vs. Jerard; 4:30, Bond vs. winner of Staiger vs. Jerard; 5:00, Casebeer vs. Early.

KOYL TO SPEAK AT O. A. C.

Y. M. C. A. Will Send Three Representatives to Corvallis Conference.

The heads of the Student Young Men's Christian Associations of Oregon will confer at O. A. C. April 9, 10 and 11. Two men, yet to be elected by the cabinet, with the General Secretary, Charles Koyl, will represent Oregon.

Koyl will speak at the Friday meeting on "Financing a Student Association."

RECORD MADE BY GLEE CLUB

MEN SANG BEFORE APPROXIMATELY 8000 PEOPLE MONDAY

6000 STUDENTS INCLUDED

Portland Trip Results in Busy Day. All Schools and Meier & Frank Store Visited. Hellig Concert a Success.

Singing before approximately 8,000 people on Monday, the Oregon Glee Club is experiencing a very successful trip to Portland, Albany and Corvallis. The Club left here Sunday morning, sang in Portland Sunday and Monday, and will sing in Albany today and Corvallis tomorrow.

Monday morning the Club sang before about 6,000 high school students assembled at the three high schools in the city, Washington, Lincoln and Jefferson. Special exercises were held at the schools, in which the Glee Club took part.

At noon the Club went to Meier and Frank's large department store and there, seated at one large table, the twenty-six men sang and ate for two hours in the large lunch room, which is one of the attractions at this store. It is claimed that one of the largest crowds that ever was inside the lunch room was present there Monday. After lunch the Club went to the main floor below and sang again. No sooner had the first song been started than the people came pouring in from all sides until the boys were almost compelled to stop. It is estimated that 1,000 people were present there.

In the afternoon the Club visited the Portland Academy and rendered several selections before the assembled students. Monday night the concert was given in the Hellig Theater.

"The boys are having a successful trip," said Manager Walker. "While the crowd at the theatre was not as large as we expected nor as large as it should have been, we made expenses. Fine crowds turned out every place and the welcome we received was good. The continuous run of the "Bluebird" for the past week kept the sale of our seats down somewhat. Also the grand opera is there this week. This means that Portland people have been subjected to a number of good attractions recently.

"This trip of the Glee Club is a sort of an experiment this year. It is really the first time that the men have been kept busy while on the trip. While I know that the continuous traveling has been hard on the men, especially where the changes in altitude are frequent, yet the Club has not appeared as often as it has been possible. This trip to Portland, Albany and Corvallis has been filled as full of concerts and appearances as possible. This is being done in the interests of the University and I believe that the advertising that is received by the University as a result will more than compensate for the accompanying loss from the sale of seats for the main concert.

"It is true that many people will take advantage of the free appearances rather than go to the concert, but the benefits will more than compensate for the expenses. Hereafter we are going to make it the regular thing that the Glee Club shall make as many appearances wherever they are, as possible, thereby advertising the University to a greater extent. I believe that this will be a much better plan than has been pursued in the past. It will mean that the members of the Club will have to work harder, but that is what they are on the Club for."

The Glee Club appears today before Albany College students, and at the theatre there in concert tonight. The return will be made Thursday.
