## GIRLS' GLEE TO POSTPONE TRIP

**EASTER SEASON IN PORTLAND NOT BEST TIME SAYS WALKER**

### OTHER DATES PLANNED

**After Spring Vacation Regular Tour Will Be Arranged in Upper Willamette Valley of Co-ed Songsters.**

The Girls' Glee Club will not take the proposed trip to Portland and other cities until after the Spring vacation, is the final conclusion that Manager Walker has reached, after consulting with the president of the Portland Alumni Association in Portland.

"While in Portland," said Walker, "I conferred with several people as to the advisability of having the Girls' Glee Club stage a concert some time in the near future in that city. They thought it would be a fine thing, but we were unable to decide on a suitable date.

"The nearest date that could be considered was the Friday and Saturday of the Spring vacation. This comes, however, just before Easter, and they were afraid to put on a concert at that time.

"I also had a conference with the board that manages such affairs at the Lincoln High School, and they were of the same opinion regarding the date. They would be glad to have the girls appear there, but we were not able to fix a date, at least before the spring vacation.

"The other dates for the trip would also have to be arranged and so the matter will have to hold over until after the vacation, when it may be taken up again."

## MORE MAMMOTH TUSKS FOUND BY GEOLOGISTS

**Prof. Collier and Six Students Get Results on Investigation Tour**

While Prof. Collier, head of the Department of Geology of the University, and six students of his department were on the Farrington farm, two miles and a half from Eugene on the Spencer Butte road, for the purpose of getting the tusk of the mammoth that was discovered a week ago, they met O. W. Lucas, owner of the Farrington place, who told them that he could show them where the remains of another mammoth were located.

Professor Collier and his six faithful ones followed Mr. Lucas, who took them to a place on the other part of the farm and showed them what proved to be the remains of another mammoth. A tusk and one of the bones of the animal was found. The tusk is sticking out of the ground a short ways. Professor Collier will make another trip to the farm in the next few days and secure the bones of Mammoth No. 2. The exact size of the tusk is not known, but Professor Collier states that if it is the large end that is protruding from the earth the tusk must be several feet in length.

The tusk of the animal discovered a week ago was brought back by Professor Collier's party Saturday and is now on exhibition at the University Museum in Villard Hall.

The remains of three mammoths have been discovered in the vicinity of Eugene, as far as is known at present. Thirty-eight years ago, Dr. Condon found a tusk of a mammoth and it can be seen at the University Museum. The place where Dr. Condon made his find is not known, but Professor Collier is of the opinion that it most probably came from the same vicinity where the two recent discoveries have been made.

## FRESHMEN WILL PRESENT PROGRAM AT MEETING

**Class to Discuss Finances and Awarding of Numerals Wednesday**

"The Freshman finances are in good condition and to all outward indications we shall finish the school year with money in the treasury," said President Martin Nelson, speaking of matters to be brought up at the freshman class meeting Wednesday, April 1.

During the business meeting the treasurer will present a complete report of all money collected and expended to date. A committee appointed to decide upon a basis for awarding class numerals will also report.

The invitation extended to the freshmen by the sophomores for a basket social in connection with the class debate of April 24 will be taken up also during the business meeting.

The fourth of a series of programs preparatory to the class hour which will be given in May, has been planned for Wednesday. The following numbers will be presented:

Men's quartette—Mann, Phillips, Langley, Pobst.

Reading—Margaret Pratt.

Violin duet—Irene Sullivan, Helen Kust.

Swede stunt—Martin Nelson, Lee Furney.

Speech with manuscript—Wallace Martin.

## UNIVERSITY WOMEN WILL DEBATE U. OF W. TEAM

**Date Selected by Washington for Debate Conflicts With Week-End**

A decision of the Executive Committee last night authorized two women's debating teams, three members to each team, for the University of Oregon.

The members of the team that will debate the University of Washington women's team at Seattle are Eva M. Stetson, Aldous Oberholzer and Beatrice Littlefield. The members of the other team, which will meet Washington at Eugene, are Cecile Sawyer, Amy Carson and Selma Baumann.

The dates for the two debates have not yet been determined. One of the dates, May 9, was selected by Washington, but as this conflicts with Junior Week-End at Oregon, it is not suitable.

## SWIFT, '09 VISITS FRIENDS

**Engineer Who Has Done Graduate Work at Cornell Visits Here.**

L. H. Swift, '09, accompanied by his wife, was in the city last week-end, visiting friends and relatives.

Mr. Swift was graduated from the University with the Class of '09 in the College of Engineering. From here he went to Cornell and entered as a graduate student which is exceptional in that graduates from this University usually enter Cornell as Seniors.

While at Cornell, Mr. Swift was awarded one of the two fellowships given, and was considered a very good student. He is now on his way to British Columbia, where he is to take charge of a large power plant in that country and will hold a responsible position.

### ANNOUNCEMENTS

Social—The Social Affairs committee will hold its regular meeting tomorrow afternoon at 4 o'clock in Dr. Straub's room, Villard Hall.

Dramatics—The play "A Woman's Way" will be put on by the Dramatic Club next Friday night in the Eugene theatre.

Frolic—The annual April Frolic will be held next Saturday night in the gymnasium.

Don't forget to call 48 for Obak's.

FOR RENT—17-room modern house in new repair. Suitable for a sorority. Enquire at premises, 1166 Alder street.

## GERMANS WILL MEET IN EUGENE

**40 SOCIETIES WILL HOLD CONVENTION HERE ON MAY 30 AND 31**

### DR. SCHMIDT MAKING PLANS

**Students in German Department to Present Play in Villard Hall for Entertainment of the Visitors.**

Two hundred Germans, representing the 40 German societies of Oregon, will hold their annual convention in Eugene May 30 and 31. A special train from Portland will bring the visitors to Eugene.

Dr. F. G. G. Smith, head of the German Department, who has charge of the Eugene end of the affair, will go to Portland Friday to make defini-

ite arrangements. In speaking of the plans for the conference, Dr. Schmidt said:

"We expect to have representatives from all the German-speaking societies in the state here next May. This is the first convention of this kind that has been held at the University and we will do everything possible to make it a success."

For the entertainment of the visitors the German play "Als Verlobte empfehlen sich," or "They Announce Their Engagement," will be produced in Villard Hall, the evening of May 30, by students in the German Department. Miss Beulah Stebno will assume the leading role. Nothing but German will be spoken, although all of the actors, except Miss Stebno, are of non-German descent. There are seven characters in the play, which was written by Wichert. The German convention will follow the commonwealth lectures of May 28 and 29.

We make a special effort to please you at the Ladies' Specialty Shop, 36 9th avenue east. Coats, suits and millinery.

The women at the University of Kansas have instituted the honor system in examinations.

Michigan will spend \$75,000 for the erection of a university Y. M. C. A. building which will be devoted exclusively to religious work.
