

## CONFERENCE PROGRAM OUT

### ANNUAL COMMONWEALTH SESSIONS COME MAY 27, 28, 29.

## LEADERS ARE ANNOUNCED

List of Speakers and Prominent Citizens of State Who Will Attend Meetings Numbers Over 60 Says Young.

The slogan of this year's Commonwealth Conference is "Oregon 1920." The papers and discussions will outline plans for realization about 1920, with the view of stimulating in the state an ardent and continuous effort that will bring about these ideals.

Tuesday afternoon Professor F. C. Young announced the program for the sixth annual Commonwealth Conference to be held at the University May 27, 28 and 29. It contains the names of 60 Oregon citizens who will either read papers or lead in discussion.

The opening session of the Conference will begin Wednesday evening May 27, at 8 o'clock—the theme will be "The University and Constructive State Development; Science and Sentiment in Commonwealth Building." Dr. J. R. Wilson, chairman of the Board of Higher Curricula, and Eugene Brookings president of Oregon Citizen Educational League, will define the role of a state university in state building.

Young Outlines Plans  
"The Enlightening, the clarifying and the unifying of public opinion of the state for the largest achievement for common good is the one end in view. The enlistment of largest cooperation under the best auspices is the means relied upon in these Commonwealth Conferences. They organize all students with civic purpose within the state's borders in to highest forms of University activity, and the University campus is thus made to coincide with the area of the state and its enrollment is identical with all who scientifically investigate state problems," said Professor Young.

## AVISON SETS FASHION IN HAIR CUT STYLES

### Loser of Baseball Bet Has Head Clipped By Fitzmaurice.

Bothwell Avison has not taken holy orders. Neither has he recently come from a prolonged stay at Salem although either of these might be suspected from the lack of hair which is disclosed whenever Avison meets a co-ed. In reality, Avison only had the misfortune to belong to the Sigma Chi team which went down to defeat at the hands of the Fiji nine last night, and lost his hair in consequence.

Before the game Bob Fitzmaurice and "Botts" Avison wagered their hair on the outcome of the game and a pair of clippers was provided and placed in readiness for the operation. When the final inning was over, "Fitz" was discovered endeavoring to escape from the field, but was recalled and forced to do the shearing.

In a few minutes Avison had a tonsure that would have done credit to a Dominican. Now he has announced his intention of wearing a skull cap to hide his premature baldness.

## COMMITTEE DECIDES ON COMMENCEMENT SPEAKERS

### Pres. M. A. Brannon of the University of Idaho Will Give the Address.

A committee from the members of the Faculty and the Senior class has decided on the speakers for the Commencement to be held immediately following examinations. President M. A. Brannon, of the University of Idaho, will deliver the commencement address on Wednesday morning, June 17, Rev. F. L. Loveland, pastor of the First Methodist church of Portland, will give the annual Baccalaureate sermon Sunday morning, June 14.

Extensive plans are being made for the week by the committee in charge and if the weather is favorable the week will be one of festivities and entertainment.

The annual concert by the University school of music faculty, graduating students and the University orchestra has been changed to Saturday night, June 13. Professor R. H. Lyman is engaged in arranging the program for the concert, Sunday morning, June 14, the baccalaureate sermon will be given by Reverend Loveland. The University vesper choir will render special music on this occasion. The production of "King Lear" by Professor Reddie's class in dramatic interpretation will take place Monday night on Kincaid field where a large stage will be erected in front of the grandstand. Large electric are lights will furnish illumination for the production of the drama.

University alumni will gather for their annual "home" coming Tuesday morning and afternoon. Plans will be made to have several class reunions in the morning, with the president's reception in the afternoon at Collier hall, and the Failing-Beekman orations at night in which six seniors will participate.

C. H. Van Dyne, a senior in the engineering department up to this week, has left for the Philippines where he has accepted a position as Supervisor of schools over one of the districts in the islands. Van Dyne was taking work in electrical engineering and was a student of exceptional ability and although not completing his work at this institution this year, he will be granted a degree as he has made the required number of hours.

## 12 MEN WILL MEET U.O.F.W.

### TRACK SQUAD CULLED BY HAYWARD FOR POINT WINNERS.

## NO DOPE ON WASHINGTON

### Fast Time Is Expected When Payne McClellan and Clyde Meet in the Distance Events Next Saturday in Seattle.

(By Willard Shaver)  
"Bill" Hayward is having considerable difficulty in picking a team to meet the University of Washington squad in the annual dual meet which will be held May 16 this year on the Washington campus. Outside of three or four men the Washington team is rather a mystery, hence Bill's uncertainty as to what men to take on the northern trip.

Twelve men from each institution will comprise the teams and although eight Oregon men have already been picked to go, the other four places to be filled will remain uncertain until Hayward gets a little more of the Washington "dope."

Eight Men Chosen  
The men whom Bill will depend on mostly will be Payne, Fee, Loucks, Stuller, Boylen, Cook, Parsons and Nelson. From the rest of the squad, that includes McConnell, Heindreich, Sheahan, Langley, Bandy, Telford, Lake, Elton, Bull, Hamstreet and Runquist, the rest of the team that will make the trip will be picked. If the meet can be won without the aid of a crack relay team, more weight men will be taken but if a relay team is required to win the meet only sure place men will be taken beside the relay men.

Payne vs. McClellan  
The two mile will be a pretty race between Payne of Oregon and McClellan of Washington but as Payne has made better time in this event than has his Washington opponent the odds are slightly in favor of Payne. An early report from the Washington training camp states that the Northwesterners have three men who can do the quarter around 52 and if this report is true Loucks may have to run his best to win this event. Stuller should have very little competition in the high jump, as he has repeatedly done over 5 feet ten in practice. Unless a few dark horses appear Boylen should take the sprints taking into consideration his remarkable showing against Baker last week. Cook, being a consistent 41 foot man in the shot, will run any of his opponents close in his event, and Fee should place in both the hurdles and the pole vault. Parsons looks like an almost sure first in the broad jump and if Nelson can duplicate his work of last week he will make the half interesting for Clyde. The mile will go to Clyde if he is in good condition and Edmunds should take the discuss.

Bill and his team will leave for Seattle Friday night accompanied by Graduate Manager Walker.

## OREGON MUST HUMBLE O.A.C.

### SERIES WITH AGGIES WILL DETERMINE OREGON'S CHANCES.

## DOPE FAVORS THE VARSITY

### Three of the Four Games With Corvallis Will Tie Washington and Oregon For First Conference Honors.

Won	Lost	P.C.	
Washington	5	3	625
Oregon	2	2	500
O. A. C.	1	3	250

Oregon's double defeat in baseball at the hands of Engle's crew last week and Washington's split in the series with O. A. C. places conference ball in an interesting position. Oregon's chances for winning the conference rag lie in her ability to take the Aggies into camp and Bezdek's hopefuls will have their first chance to prove their mettle when the Aggie squad will appear on the local campus next Friday and Saturday.

Oregon Team Ready  
Hard luck and a little ragged fielding were responsible for Oregon's first defeat but the second game was clearly Washington's from the start. However Bezdek has taken advantage of the errors that were responsible for defeat and when Wilkie Clark and his team appears Oregon will be prepared for a battle royal. Oregon fans will have a chance to see a real league umpire work in a college game, for Walker will import Jimmie Richardson, last year indicator holder for the Tri-State League, to work in the two games with the Aggie team.

Welch Probable Opener  
Bezdek will probably send Welch in to open the first game and in the second game the Oregon rooters pin their faith on Big Bill Tuerck. The rest of the Oregon lineup will be the same as in the Washington games.

Organized rooting, or "chatter" will greet the O. A. C. baseball team, when it hooks up with the varsity nine. The University band, and some sort of parade will open the conference "world's series", which according to Coach Bezdek is the crucial test for the Oregon team. To assist the rooters, Manager Walker agreed this morning to a request of Dutch Young, varsity yell leader, for at least two additional circus seats back of the catcher and screen. If this increase in the seating facilities can be provided there will be room for all of the varsity rooters back of the home plate.

There will be little attempt at giving the varsity yells, but an effort will be made to maintain a steady stream of encouragement directed at the Oregon team. Coach Bezdek believes that this "chatter" is a great help, especially in starting rallies, and in pulling the team out of tight places.

An effort will be made to obtain several automobiles for the pee-rade before the game. A tour of the campus and the immediate fraternity neighborhood will probably be made before the game to secure a big attendance.

Professor Joseph Shafer, of the University, will deliver the commencement address at the Oakville high school on Friday night. From there he will go to Williams in Josephine county, twenty miles from Grants Pass, where he will give a talk at a meeting for consolidated rural schools at that place. Carl Houston is visiting at the Sigma Nu house.

## WHY A DRESS SUIT WHEN THERE ARE PEDGE PINS?

### A. T. O. Man Uses Novel Means to Avoid Conforming to Custom.

A new use for a pledge pin, usually considered an article of adornment for "preppers", was introduced at the Junior Prom by a college graduate who was visiting at the Alpha Tau Omega house during Junior week end. The visiting Alpha Tau was in Eugene as coach of a high school track team and fully intended leaving Saturday evening. However the Junior Prom proved too much of an alluremt.

Without a dress suit and, with none available in town the visitor was stumped. He got in touch with a partner for the evening however and when the grand march started Saturday evening, "lo and behold" the A. T. O.'s had a new pledge. He simply left his fraternity pin behind and with a pledge pin in the buttonhole of his "best" blue suit and acted the part of a high school visitor.

## JUNIORS PROFIT \$89.90 ON JUNIOR WEEK END

### Class Is Now \$40 Above Board. Prom Nets \$67.50. Programs Bring \$23.

"The Junior class made \$89.90 on Junior week end," stated treasurer Jaureguy this morning, "so now the class is about \$40 to the good." The programs, formerly a source of trouble, netted the class \$23.00. This was made possible by selling them at 10 cents a piece instead of giving them away as in former years. \$185.50 was taken in at the Junior Prom. Deducting \$118 for expenditures, \$67.50 remains to the good on the dance.

Following is an estimate of receipts and expenditures:

Expenditures	Receipts
Printing.....\$5.80	Balance.....\$67.45
Dance.....\$118.05	Programs, paid out.....\$69.00
Punch.....\$22.00	Advertising.....\$36.00

Music.....\$40.00	Total receipts.....\$91.40
Programs and incidentals.....\$20.25	Balance.....\$22.40
Total.....\$185.55	Profit on dance.....\$67.50
	Profit on programs.....\$89.90
	Total balance.....\$89.90

A telegram was received at the University Monday from President P. L. Campbell, now touring the east in search of professors for the University faculty next year. He is at present at Harvard university, and will remain in Cambridge until Saturday night.

## GOOD DEBATE PROMISED FOR LAUREAN MEETING

### Varsity and Class Debaters to Join in Forensic Battle Tuesday.

A debate between a Varsity debater and Sophomore debater on the one side and the same representation on the other side is part of the program arranged by the Laurean Literary Society for its regular meeting Tuesday evening May 19. The question for debate is: "Resolved, That Initiative and Referendum Petitions shall be left at the court house and polling places for signatures and not circulated by individual canvassers." For the affirmative are Fred Hardesty and Cloyd Dawson and for the negative are Bert Lombard and Alan O'Connell. Preliminary drill for five minutes and a recitation by Martel Miskey constitutes the remainder of the program.

The vote cast today was light for a student body election.

The office of editor of the Emerald for next year was captured by the editor of the Oregonian, Lee Hendricks, who won by a safe margin over Blackaby, present managing editor of the Emerald. Again one of Oregon's old traditions was broken and the editor of the class book stepped in and captured one of the highest offices of the student body.
