

STUDENT BODY TO GIVE PLAY JUNIOR WEEK END

Many Reservations Date Usually Given
Over to a Senior or Dramatic
Club Production

Friday of Junior Week-end, a day long chronicled as one in which the bespian amuses with terpsichorean effrontery, will still have its comic opera next year, but the student body will be in charge of the performance and all profit will go towards the payment of the expenses of the week-end. This has been the decision of Registrar Albert Tiffany, Graduate Manager-elect.

In former years either the Dramatic Club or the Senior class has staged the annual performance, and has enjoyed the benefits of the Junior Week-end crowds. However, next year this performance will be a student body activity. Junior Week-end has always left a deficit in the student body treasury, and this means has been taken to remove these deficits, and to put the week's festivities on a self-supporting basis.

The date has already been reserved for the student body opera. R. H. Lyman, Dean of Music, has already begun arrangements for the production. Both the Men's and the Women's Glee Clubs will furnish the thesaurian material. As yet the play has not been chosen.

Y. W. GREET'S FRESHMEN

New Race for Girls Shows Advantages of Full Skirts

The Young Women's Christian Association held its annual acquaintance party for the Freshman girls Tuesday afternoon at the Bungalow. There was no receiving line, but the Y. W. C. A. Cabinet acted as a committee to see that all the girls became acquainted. Each girl was given a slip of paper with her name on it, and this she wore during the afternoon. These "labels" served to identify the girls and saved the trouble and confusion of remembering names.

An original stunt in the form of an "obstacle race" was staged by the Freshmen. Four girls were lined up on one side of the lawn. Each one was given a suitcase containing gloves, rubbers, hat, coat, and umbrella. The object of the race was to walk across the lawn, open the suitcase, don the hat, coat, gloves and rubbers, raise the umbrella, and walk back again to the starting point. Here, the umbrella must be lowered and the articles of clothing replaced in the suitcase. Grace Bingham took first place in this race.

Ice cream and cake were served later in the afternoon. The members of the Advisory Board of the Association and about two hundred girls were present.

(Concluded from page 1.)
Stewart must build his backfield around Abraham at full, and at present he is using Billie and Lutz as halves and Dewey at quarter, with Cooper alternating between half and tackle. Corvallis rooters are overjoyed with the work of Laythe at guard and Moore and Huntley at ends. Of the new men, Newman, Groce, Gerline, Knouff and Bissette are making the best showing.

Oregon's first big game is with Whitman College on October 10. Whitman is practically an unknown quantity this year. Reports say that Coach Kahn is weak in the kicking department and that his team is not very heavy. It is thought that he will rely on speed. Here's hoping he don't bring a surprise on we'uns.

Richard Flynn has been pledged Phi Delta Theta.

William P. Holt returned from the coast last evening, where he has been working during the summer. Holt is manager of next year's Oregana. He is anticipating a trip to Portland in the interests of that publication.

ALUMNI RE-ORGANIZES

Earl Kilpatrick, '09, Is Placed in Charge of Affairs at University

The organization of the Alumni Association this year is in the hands of Earl Kilpatrick, '09, the Association's Secretary-Treasurer, elected by the Association last June. The other officers elected at the same time are: President, John C. Veatch, '07, Portland; Vice Presidents, Eleanor McClain, '14, Silverton, and Norma Hendricks, '06, Eugene.

A movement for organizing new local associations and strengthening old ones throughout the state was emphasized, but its success will be mainly dependent upon the response met with in the various towns.

A change has been made this year for the circulation of the Emerald among the graduates. Formerly the paper was sent to all alumni in return for a lump sum paid by the Alumni Association. However, under the new ruling, only those alumni who have paid their association dues are entitled to their Emeralds.

The Tuesday issue of the Emerald this year will contain a page devoted exclusively to the news and interests of the alumni. The first such issue was September 22.

The women graduates, besides being members of the Alumni Association, have had, since 1908, an Oregon Alumnae Association, organized chiefly for the purpose of promoting the Mary Spiller scholarship. The president of this organization is Miss Mary E. McCornack, '82, and the secretary-treasurer is Miss Anne McMicken, '13.

NEW ARCHITECTURE BUILDING NEARING COMPLETION

The students of the University, and especially those of the School of Architecture, are pleased to notice that the new building donated to that branch of study is nearly completed. It is stated by those in charge of the work that two or three weeks at the most will see the building ready for moving in.

At present the plastering, plumbing and roofing have been completed, and the inside wood work is well under way. The building is of the two-story brick type, with two large rooms and two offices on the ground floor, and the same division up-stairs. It is heated by steam from the engine and boiler room adjoining.

This structure is one of the improvements made possible by the recent appropriation of the state.

James E. Sullivan, secretary and treasurer and former president of the Amateur Athletic Union, and athletic director of the Panama Pacific Exposition, died in New York September 16.

The debaters of Stanford and California have decided not to enter into an agreement with the University of Southern California for the formation of a three-cornered debating league.

NEW LECTURE COURSE

Professor Miller Offers Industry and Commerce—Prominent Men Will Speak

A new one hour lecture course, soon to be given in connection with the School of Commerce. The lectures will be delivered by Professor Miller, except on alternate weeks, when they will be given by prominent business men, men who have been successful in the development of various industries of Oregon, touching on their more important phases and the possibility of their forming the basis for a high type of civilization.

This course will differ slightly from other similar courses, in that the students will be required to know and understand not only what the lecturer says, but what he means. Some original work will be required and a few books will be read. The lectures will be given at two o'clock on Thursdays.
