OREGON BUILDS GREATER STATE UNIVERSITY

YEAR'S REGISTRATION MAY REACH 800

REGISTRAR TIFFANY SAYS THAT HIGH-WATER MARK IN HISTORY HAS BEEN REACHED

ENROLLMENT IS NOW 720

Freshman Class Has 325; Number of Men Exceeds that of Women by Seventy-five

Seven hundred and twenty students from all parts of Oregon and other states have entered the University this year, according to the latest report from the Registrar's office. Except for the Freshmen, the enrollment by classes has not yet been composed. Three hundred and twenty-five registrations are accredited to the wearers of the green, and Registrar Albert R. Tiffany believes that the mid-year entries will swell the number to 400. The 1918 contingent is the largest Freshman class that has ever entered the University, and exceeds the "seventeeners" by nearly 40.

Although the total registration for last year went to 738, the Registrar believes that this year's student body will go to over 800 by the second semester.

In speaking of the registration, Mr. Tiffany said: "I am extremely well satisfied with the showing made so far, and firmly believe that the number of this year's students will establish a high-water mark in the University's history. Although we lost a considerable number of students through the discontinuance of the engineering courses, a large percentage of the engineering students are back and are taking other courses. We expect a large registration in February and are carrying on an active campaign among the Oregon high schools for more students."

To date, 400 men have entered, while the number of women is 325. Since last week there has been an increase of nearly 25 in the total registration, the number at that time being 697.

Y.M.C.A. PROCURES WORK FOR STUDENTS

Sixty Per Cent of College Men Work Their Way Through the University of Oregon

The helping hand of the University Y. M. C. A. is extended to the incoming Freshman the instant that he gets off the train. From that minute it is his aid when he wants work, his counsel when he wants advice, his club when he wants companionship, his book exchange when he has books to sell or buy, and his candy store when he wants a Hershey.

All summer the Secretary of the Y. M. C. A., Charles Koyl, has been busy attending conferences and finding fall jobs for students. One hundred men were enabled to attend the University last year solely because of the work of the Y. M. C. A. employment agency.

One hundred and fifty-five men secured work last year through the Y. M. C. A. Although the majority

Oregon Sends Out More Than 100 Graduates Each June

And They Make Good At Everything They Undertake

SENIOR CLASS OF 1913 ON STEPS OF VILLARD HALL

ATHLETIC STOCK HAS BULLISH TENDENCY

RETURN OF VETERANS AND APPEARANCE OF NEW MATERIAL BRIGHTENS SKY

Basketball Seems to be the Only Sport that Has a Doubtful Future.

By Harry Kuck.

This promises to be one of Oregon's banner years in the realm of athletics. Judging from the material on hand, the Lemon and Yellow will not be greatly humbled in any sport.

It is a little too early to prognosticate the outcome of the football situation, but one thing is pretty well assured, and that is that no team is very apt to run up an overwhelming score on Coach Bezdek's proteges. There are seven veterans on hand and a wealth of Freshman material. The old men are Captain Parsons, Bryant, Cornell, Malarkey, Weist, Cook and Beckett. The first four mentioned composed last year's backfield, and they bid fair to keep their jobs this year. Cook and Beckett are picked for tackles, and Weist has the inside track for an extremity post. Promising Frosh candidates are Philbin, Huntington, Snyder Cawley, Mitchell, Monteith, Teggart and Nelson. An aggregation picked from the list will be both heavy and fast, but Coach Bezdek says the Freshmen lack experience—and he is having a hard time to develop a punter.

Basketball looks like the "Jonah" this year. There are only two men in school who have won their letters, Wheeler and Koch. This is discouraging, especially so, since both Washington and O. A. C. have a majority of last year's squad on hand. At present Oregon has no basketball captain, and it is a matter of much speculation

VARSAITY'S WARBLERS TO BE GUESTS AT SALEM'S ANNUAL FAIR

College Songsters Will Entertain Cherry City Throngs With Praises of "Oregon"—Strenuous Program is Arranged for 10 Glee Club Men Who Will Make the Trip—Special Program to Be Given in Interest of the University

Between the heats of the races or while the merry throng is viewing the diversified exhibits of the Salem State Fair on Thursday, the atmosphere will be intermittently flooded by the ringing of ten clear voices which will, in song, extol the deeds of the University of Oregon. Even the brass-lunged "speiler" shouting his wares will stop his oratory and be moved by the strains of "Hail, Oregon!" The men who will endeavor to dispense harmony are members of the Glee Club, who, at the invitation of the fair board, have consented to help along the festivities of Oregon's Harvest Festival, and at the same time to represent the University on the big day.

From the moment of their arrival in the Capital City until their departure late at night the same day, they will be kept "on the go," according to the program as it has been outlined. At the depot they will be met by a delegation who will show them the town and the exhibits of the fair. They will be guests of the Commercial Club of that city for luncheon. In the afternoon they will sing at designated places on the fair grounds. They are also slated to appear at a concert which will be given in the early part of the afternoon in the Auditorium Building. In order to enliven the crowd between heats of the races, the club will render a few selections from the grand-stand.

The climax of the activities will be

reached in the evening, when a special program in the interest of the University will be given in the Educational building. The club will here render a forty-five-minute program. Speeches in behalf of the University will intersperse the singing.

Double quartet from Glee Club, consisting of Verne Apperson, Clyde Phillips, Bert Jerard, Merlin Batley, Robert Langley, Larry Mann and Henry Heidenreich, President of the Glee Club. Also two soloists, Albert Gillette and Mr. Sprague.

Leave Eugene 7:20 A. M. Thursday. Concert Thursday evening at 7:40.

- PROGRAM
- "Oh, Those Days at Oregon,"..... Double Quartette
 - "De Sand Man," Double Quartette
 - "Good Bye," Solo by Sprague
 - "Warriors Bold," Double Quartette
 - "Peter Gray," Solo by Jerard
 - "Somewhere a Voice is Calling," Solo by Gillette
 - "Comrade Song," Double Quartette
 - Xylophone Solo by Verne Apperson
 - "Bunch of Rags," Double Quartette
 - "Hail to Oregon," Double Quartette
 - Length of concert, 1½ hours.

OREGON JOURNALISM SCHOOL RANKS HIGH

POSITION IS AMONG THE FIRST SIX OF THE 36 DEPARTMENTS IN THE U. S.

Demand Is Strong for Students Who Have Had College Training in Newspaper Writing

A Department of Journalism that is among the first half dozen in the United States in enrollment, and that is also among the first half dozen in number and variety of courses offered is possessed by the University of Oregon. The enrollment this fall is more than 100, and the courses total 11. There are about 35 departments of journalism in the United States, and those that together with the University of Oregon make up the leading half dozen are probably the Pulitzer School of Journalism, Columbia University, New York City, department of the University of Kansas, Lawrence, Kansas; department of the University of Missouri, Columbia, Mo.; department of the University of Wisconsin, Madison Wis.; and the department of the University of Washington, Seattle, Wash.

This is only the beginning of the third year of the Oregon department, and no graduates have yet been turned out. A demand that could not always be supplied has existed, however, for undergraduates and for graduates of the University who have had a little work in Journalism.

Of the graduates of 1914 who had had some Journalism, Henry Fowler is now city editor of the Albany Democrat.

Intelligence of the death of William Dymont, of Hamilton, Ontario, was received Tuesday by Colin V. Dymont, who is his youngest son. He is survived by five sons, all of whom were at the old home together this summer. Mr. Dymont was born in Ontario, in 1835.

MUCH-NEEDED REPAIRS ARE ALMOST FINISHED

\$175,000.00 NOW BEING EXPENDED TO GIVE INSTRUCTORS ROOM FOR CLASSES

IMPROVEMENT TO BE MODERN

New Administration Hall, Costing \$100,000.00 Expected to Take Care of Increased Enrollment

Excavation work on the new Administration Building is on full swing. During the past week a score of men with horses and scrapers have been busy making the 76x100 excavation over which the new building will rise. The Bayajohn-Arnold Co., of Portland, has the contract for the work.

When completed, the new structure will be one of the finest administration buildings on the Coast. Located on the south campus, between Kincaid Field and the President's Home, the building will be the first part of the new "block" system, which has been outlined for the University campus by Architect Ellis F. Lawrence.

The structure will consist of two stories and a basement. The basement will be used for class rooms. A feature of the first floor will be an auditorium of sufficient capacity to accommodate 300 people. This room will be used for small assemblies and as a meeting place for University organizations.

The entire second floor will be devoted to the administration offices. A lobby 50 feet square will comprise the center of this floor. All of the administration offices will face off from this lobby, a feature in construction that will greatly facilitate registration at the beginning of the semesters. In the west end will be the President's private offices and the offices of his private secretary and stenographer. The north side will be given over to the Registrar, to be used as a work room. This room will have 17 wickets for the convenience of the students. On the east end will be the business offices.

EXPOSITION PAPER FAILS TO MATERIALIZE

Colin V. Dymont, After Investigating Proposition, Finds It Unfeasible Due to Requirements of Fair

No newspaper will be published at the Panama-Pacific Exposition in San Francisco as an exhibit of the departments of journalism of the United States. This conclusion has been reached by the University of Oregon, which took the initiative in investigation in the idea, and by the Bureau of Education of the Department of the Interior, which suggested it.

The plan of a live fair exhibit, to consist of an exposition daily with full press report, a full fair grounds service, advertisements, and a paid grounds circulation, was suggested to the members of the National Association of Teachers of Journalism in May. The University of Oregon department, being nearer San Francisco, at once volunteered to look into the project, and if feasible, to take
